Review: This was the first story ever from Cortez that I read, at RPP:s site. It is still my favourite. It opened a new world for me. I have written some stories on the similar fetish myself (one of them posted here at The Library) but I don't by any means have the skill to use the language as Cortez has.

(Synopsis: This story is about a "rich bitch" that became more trouble to her family. Her family sends her to be cured, but the treatment includes rape, humiliation, bondage and torture. This story is a collaboration between Zone and myself, Powerone. We hope that by combining the writings of a female and a male writer a better story would appear.
