communication in the workplace is an integral element of a business's success; it enhances relationships within the company and with clients, and it increases employee engagement and the overall effectiveness of a team. On the other hand, when teams fail to communicate effectively, the results are detrimental to the business.

Business

communication travels  
in one of two ways:  
upward or downward.  
Upward communication  
is messages sent from  
subordinates to upper-  
management. Upward  
communication is

## Download File PDF

feedback, reports and progress meetings to inform management of the organizations effectiveness.

Downward communication when a message is sent from a superior to a subordinate.

### **Summary of Business Communication | Bizfluent**

Clarity is the most important part of

## Download File PDF

effective business communication. While writing or speaking, one should be clear about what one wants to convey. Mostly the meetings are short and time bound, so it is better that you should develop clarity about what you speak and want to explain.
