Crisis Economics: A Crash Course in the Future of Finance ...

Here we have an actual crash course in crisis economics: the actors, contra Nouriel Roubini and his co-writer clearly believes he is a prophet, at least. Following this bad beginning, we have about 40% of the book dedicated to a plain vanilla history of financial crises—the same tired retelling without insight found in a dozen other books I've read over the last decade.

A crash course on the economic crisis | openDemocracy

Crisis Economics is what it says it is, a crash course- though it is as much a crash course in the future of finance as it is in the past and the present. Roubini and Mihm have come together to present a well rounded, historical view of what happens when capitalism takes a turn for the worse.
