a new motor, a Leeson 2hp farm duty single phase dual voltage. Jet does not provide wiring diagrams for the motor connection, so I am lost as to how to connect the motor wires to the leads from the electrical cabinet on the lathe.

## **Will, I have a jet 1340a lathe, recent production, and am ...**

I am looking at getting a used Jet GH-1340A lathe and have been searching the posts here for input. After my searches I still have a few questions and concerns. 1. First concern is since this not a model currently sold by Jet is support available? I have looked at the Jet web site and the manual for this particular model is not on line.
