Latin America's Radical Left by Aldo Marchesi

Dependency theory is the notion that resources flow from a "periphery" of poor and underdeveloped states to a "core" of wealthy states, enriching the latter at the expense of the former. It is a central contention of dependency theory that poor states are impoverished and rich ones enriched by the way poor states are integrated into the "world system".

Dependency theory - Wikipedia

Both right- and left-wing populism in Latin America and the Caribbean present a threat to constitutional democratic procedures and institutions, because civil society, minority rights and the rule of law are omitted from the decision-making processes.
