whether you develop in-house, outsource, consult, or provide support. It offers breakthrough solutions for the entire spectrum of software and quality professionals—from developers to project leaders, chief software architects to customers.

Design for Trustworthy Software: Tools, Techniques, and ...

In fact, while nearly half of us trust doctors and firefighters, only 3% trust salespeople and marketers, according to a new HubSpot Research study. What's more, our profession barely outranks stockbrokers, car salespeople, and politicians when it comes to trust. Even lawyers and baristas command more trust than we do.

Good design is absolutely key when it comes to trust. A coherent style and accessible, user-friendly look helps visitors immediately feel at home and comfortable navigating the platform. Anything complicated, unclear, or misleading will be off-putting to users from the moment they arrive and a return visit will be far less likely.
