### Minolta Sr 1 Original Owners Instruction Manual

The SR-1 is a model of 35mm film SLR camera made by Minolta (Chiyoda Kogaku) from 1959 onwards. It was the second SLR that Minolta released. As was typical at the time, their first was a more expensive model, the SR-2 in 1958, which they then cut down for a cheaper alternative by removing the fastest shutter setting 1. The resulting SR-1 remained in production for the next 12 years, but with ...

SR-1 (Model e) - In 1963 the camera had a modest update with its film counter being moved to the right side of the body to match that of the SR-7. SR-1 (Model V) - In 1965 Minolta changed the body styling of its cameras to a squarer style, more in keeping with changing design aesthetics. In addition, the camera had a new rectangular viewfinder ...

### The Rokkor Files - The Minolta SR Series

The Minolta SR-mount was the bayonet mounting system used in all 35 mm SLR cameras made by Minolta with interchangeable manual focusing lenses. Several iterations of the mounting were produced over the decades, and as a result, the mount itself was sometimes referred to by the name of the corresponding lens generation (f.e. "MC", "MD" or "X-600") instead.

### Minolta SR-mount - Wikipedia

Mike's Minolta SRT Repairs Page. ... Use 1 mm thickness. ... My original camera took a rap on the side of the camera to free up the needle. This lasted for a couple of years. Eventually the foam totally dried out and it didn't need the rap anymore. You will probably have to take the camera apart to get yours working again.

### Mike's Minolta SRT Repairs Page - willegal.net

The company history began in 1928, when the Nichi-Doku Shashinki Shoten ("Japanese-German Photo Pompany") was founded. The first camera manufactured by this company was the "Nifcalette" (NIFCA being an acronym for Nippon Foto Cameras). The company name changed several times: in 1931 it became Molta; in 1937 it became Chiyoda; and in 1962 it was changed again to Minolta.

### Minolta Price Guide: estimate a camera value

The SR-1 was one of Minolta's longest-lasting camera models -- from 1959 to 1971 -- 12 years! It was an essential ingredient in making Minolta a world-wide player in the photographic community. Without the lower-priced SR-1, Minolta would not have been able to reach as many photographers as it did.
