## **Ted Hopf. Reconstructing the Cold War: The Early Years**

...

The early years of the Cold War were marked by contradictions and conflict. The turn from Stalin's discourse of danger to the discourse of difference under his successors explains the abrupt changes in relations with Eastern Europe, China, the decolonizing world, and the West. Societal constructivism provides the theoretical approach

The Cold War heated up as both the United States and Soviet Union struggled for world dominance. Fearing Soviet expansion, the United States committed itself to assisting countries whose governments faced overthrow by Communist forces and gave billions of dollars to war-torn Europe to help it rebuild.

Moreover, the Cold War helped propel changes in the southern social system in which blacks were previously left out. While the Cold War did not give birth to the civil rights movement, it did aid it such that by the 1960s the issue of racial equality became enveloped in the larger superpower struggle.
