Rodney Stark is a major force to be reckoned with in the sociology of religion. In this book, a wide variety of Stark's key intellectual contributions are brought together between two covers for readers interested in an introduction to his theory and analysis. These selections provide readers with a very good exposure to Stark's oeuvre.

Sociology of Religion publishes original (not previously published) work of exceptional quality and interest without regard to substantive focus, theoretical orientation, or methodological approach. Although theoretically ambitious, empirically grounded articles are the core of what we publish, we also welcome agenda setting essays, comments on previously published works, critical reflections on the research act, and interventions into substantive areas or theoretical debates intended to ...
