Socrates For Kids

Socrates facts for kids. Socrates (469 BC – 399 BC) was one of the greatest Greek philosophers. He did not propose any specific knowledge or policy. He showed how argument, debate, and discussion could help men to understand difficult issues. Most of the issues he dealt with were only political on the surface.

Socrates Facts for Kids

Socrates. Socrates was a famous ancient Greek philosopher but he didn't seem to write much because there are no records. It also seems that any discoveries he made were not written down. What we can gather from what others have written about him is that he felt knowledge was a living thing.

respected as a brilliant thinker and teacher with a great thirst for knowledge. Along with two other Greek philosophers, Aristotle and Plato, Socrates is remembered for developing ideas and thoughts that led to the Western culture that exists today.

Socrates - Kids | Britannica Kids | Homework Help

There were many teachers in ancient Athens. Socrates was one of the most famous. His method was to question. He questioned everything. He wanted his students to question everything. He asked questions like: "Are the stories about the gods real? How can we improve our government?" A handful of wealthy nobles found his teaching methods unacceptable.

Socrates, the Great Teacher for Kids - Ancient Greece for Kids

Socrates was about 50 when he married a much younger woman, Xanthippe. They had three children together. Socrates made complaints about his wife, but no one knew if he was telling the truth. It is said that one of Socrates' friends went to ask the oracle at Delphi if there was anyone wiser than Socrates in Athens. The oracle said that there was no wiser person.

Socrates

Socrates was a famous philosopher in ancient Greece. We know more about him from what other people said and wrote than from what he himself recorded. It was not the custom in those days to write much of anything, and Socrates himself didn't write down much at all. He didn't talk about himself much, either.

The Life and Death of Socrates - Social Studies for Kids

Socrates was a widely recognized and controversial figure in his native Athens, so much so that he was frequently mocked in the plays of comic dramatists. (The Clouds of Aristophanes, produced in 423, is the best-known example.)

Socrates | Biography, Philosophy, Beliefs, & Facts ...

Socrates as used here is a symbol for the Socratic method of the dialectic- that is: the discovery of truth through a series a questions and answers. It is an excellent sample of how the method can be used to explore philosophical issues for children that are understandable.
