Solidification Processing | Download eBook pdf, epub ...
Interaction between theory and practice in the field of solidification has been strong in recent years, to the great benefit of both. Solution of important problems has required conceptualizing on greatly different size scales simultaneously, and has also required extensive experimentation to suggest and justify suitable approximations for theoretical analyses. Some areas of solidification ...

Solidification Processing by Merton C. Flemings
Prof. Flemings' long career of research has had as its main focus the solidification of metals, and to a lesser extent solidification of ceramics, semiconductors and superconductors. His work continues to have broad industrial application, particularly in the foundry and metal producing industries.

Merton C. Flemings | MIT DMSE
This paper reviews the progress of solidification processing of cast metal matrix composites over 50 years since their original discovery, which was first published in 1969. Current use of metal matrix composite components in automotives, railways, space, computer hardware, and recreational equipment are presented. Some cast metal matrix composites which are discussed include aluminum ...
