provision of information to support the strategic decisions in the organisations.

Strategic decisions usually involve the longer term, have a significant effect on the organisation and, although they may have an internal element, they also have an external element.

Strategic Management

**Accounting:
Definition and
Techniques**

Generally, SMA can be viewed in two perspectives, namely: as a set of strategically-oriented accounting, and the involvement of accountants in corporate strategic decision-making processes.

Subsequently, the application of SMA tools is known as Strategic Management
