The Oxford Classical Dictionary by Simon Hornblower ...

Written by distinguished scholars from around the world, it covers all aspects of the classical world from literature and history to religion, science, and archaeology. As well as providing factual information, the Dictionary contains many thematic entries on subjects relevant to the 21st century such as nationalism, race, gender, and ecology. Anthropology and reception have been added as new subject areas, covering topics such as creolization and kinship, as well as dance reception and ...

Oxford Classical Dictionary - Oxford Reference

The Oxford Classical Dictionary was newly edited. Of course I admit that second edition of the dictionary had good points e.g. explanations on literary works, and third edition of it contains some mistakes e.g. chapter numbers of classical sources.

The first edition of the Oxford Classical Dictionary appeared in 1949, aiming to provide “an authoritative one-volume guide to all aspects of the ancient world.” But what is “the ancient world”?

Letter from the Editor | Oxford Classical Dictionary

Contrary to the assumptions of previous eras, since the late 20th century, race has been widely regarded as a form of identity based in social construction rather than biology. The concept of race has experienced a corresponding return to classical studies, although this approach gives it significant overlap with terminology like ethnicity and cultural identity.
