## **the Art of Simple the Art of Simple**

That Art has roles in society. One role of Art is that Art expresses the emotions and struggles of the society it exists within, and inspires society to cope and even overcome. But increasingly in some corners of global society we see that society feels that Art has become distant from every day life,

Since 2008, *The Art of Simple* has been a go-to bright spot for millions of readers who care about the journey of simplifying life: how to live well and ignore the rest. This isn't a space for dogmatic preaching about the "rules" of simple living — it's the lens through which we filter what we care about.

## **Simple**

Socialist realism is a style of idealized realistic art that was developed in the Soviet Union and was the official style in that country between 1932 and 1988, as well as in other socialist countries after World War II. Socialist realism is characterized by the glorified depiction of communist values, such as the emancipation of the
