Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### Understanding And Applying Medical Anthropology

"Understanding and Applying Medical Anthropology is the 'go-to' book for teaching medical anthropology or related courses in culture and health. I have used it with great success in many classes. One of its great strengths is that multiple perspectives are covered—ethnomedicine, illness experience, biological interactions with culture and health, political ecology, and cross-cultural healing, among others.
