Easy English writing style guide November 2007

As letters became more and more popular as a means of communication, guides sprang up accordingly about just how one was to write a letter, what was proper, and what was out of the question. Many Victorian conventions shine through the guides, and are a valuable way of understanding certain tensions in nineteenth century England, such as a certain "artful artlessness" that came about as the result of the urge to speak from the heart, but never more than was proper.

Victorian letter writing guides - Wikipedia

Avoid jargon so the user can understand the content the first time they read it. Use active voice — not passive. Use the shorter, plain English word, term, sentence and paragraph over the longer. Minimise punctuation. Use several short sentences instead of a long sentence broken up with punctuation.
