BOLIVIA: LAND, LOCATION, AND POLITICS SINCE 1825. [ILLUSTR.]

BOLIVIA AND THE UNITED STATES

A LIMITED PARTNERSHIP

University of Georgia Press This comprehensive account of U.S.-Bolivian relations presents startling contrasts between the histories, mythologies, and economies of the two countries, debunking the pop-culture myth that Bolivia is a poorer and less modern version of the United States. Kenneth D. Lehman focuses primarily on the countries' relationship during the twentieth century, highlighting periods when Bolivia became important to the United States as a provider of tin during World War II, as a potential source of regional instability during the Cold War, and as a supplier of cocaine to the U.S. market in recent years. While the partnerships forged in these situations have been rooted in mutual self-interest, the United States was--and is--clearly dominant. Repeatedly, the U.S. policy toward Bolivia has moved from assistance to frustration and imposition, and the Bolivian response has intensified from submission to resentment and resistance. Bolivia and the United States presents an illuminating discussion of the real as well as mythical bonds that link these most distant and different neighbors, simultaneously providing an abundance of evidence to show how factors of culture and power complicate and limit true partnership.

A HISTORY OF THE BOLIVIAN LABOUR MOVEMENT 1848-1971

Cambridge University Press This book is an abridgement and translation of Guillermo Lora's five-volume history. It deals with the strengthening and radicalisation of Bolivia's organised labour movement, which culminated in the drastic revolutionary changes of the 1950s. The first half offers a reinterpretation of Bolivian history in the century preceding the revolution, viewed from the perspective of the working class. The second half discusses in more detail the major political events and doctrinal issues of a period in which the author, as secretary of the Trotskyist Partido Obrero Revolucionario, himself frequently played an active part. Despite the radical upheaval that occurred in the fifties and the mobilisation of broad sectors of the population around such radical objectives as direct property seizures, union-nominated ministers and union, military and worker control, the labour movement was unable to maintain its conquests in the 1960s. The concluding chapters describe the period of renewed military repression and the continuing efforts of the labour movement to resist.

THE BOLIVIAN REVOLUTION AND THE UNITED STATES, 1952 TO THE PRESENT

Penn State Press "A study of United States-Bolivian in the post-World War II era. Explores attempts by Bolivian revolutionary leaders to both secure United States assistance and to obtain time and space to develop their policies and plans"--Provided by publisher.

A CONCISE HISTORY OF BOLIVIA

Cambridge University Press In its first Spanish edition, Herbert Klein's A Concise History of Bolivia won immediate acceptance within Bolivia as the new standard history of this important nation. Surveying Bolivia's economic, social, cultural and political evolution from the arrival of early man in the Andes to the present, this current version brings the history of this society up to the present day, covering the fundamental changes that have occurred since the National Revolution of 1952 and the return of democracy in 1982. These changes have included the introduction of universal education and the rise of the mestizos and Indian populations to political power for the first time in national history. This second edition brings this story through the first administration of the first self-proclaimed Indian president in national history and the major changes that the government of Evo Morales has introduced in Bolivian society, politics and economics.

THE CHARACTER OF BORDER CONFLICT**LATIN AMERICAN BORDER CONFLICTS, 1830-1995****AMERICANA****THE AMERICAS IN THE WORLD AROUND 1850 (OR 'SEEING THE ELEPHANT' AS THE THEME FOR AN IMAGINARY WESTERN**

Verso Dunkerley's majestic and unorthodox look at the Americas of the 1850s from an Atlanticist perspective: a re-appraisal, illuminated by court cases, of the first steps in American modernity.

BACKGROUND NOTES**WARS OF LATIN AMERICA, 1899-1941**

McFarland The years 1899 through 1941 are remarkable even by Latin America's uniquely turbulent standards. During this time, border disputes and domestic insurrections forcefully shaped the history of this area, as many countries made the rocky transition from agrarian to industrial societies. This volume provides a concise survey of Latin American wars between 1899 and 1941. It compares and contrasts the wars and considers them in light of military theory. It also demonstrates how instrumental wars have been in directing the history of Latin America, and how the United States has often influenced these wars in a decisive manner. Wars examined include border disputes in Peru, Bolivia, Ecuador, Panama, and Costa Rica, and domestic insurrections in Colombia, Cuba, Mexico, and Nicaragua. Numerous photographs and maps illustrate the text and make it easy to follow every military campaign. The vivid narrative captures the human drama of the wars and brings to life the violent clashes of powerful personalities in unusually hostile terrain. Jungles, mountains, and deserts ravaged armies no less dramatically than combat, and the emotions the wars released make many episodes unforgettable. Instructors considering this book for use in a course may request an examination copy here.

FROM THE FAT OF OUR SOULS**SOCIAL CHANGE, POLITICAL PROCESS, AND MEDICAL PLURALISM IN BOLIVIA**

Univ of California Press From the Fat of Our Souls offers a revealing new perspective on medicine, and the reasons for choosing or combining indigenous and cosmopolitan medical systems, in the Andean highlands. Closely observing the dialogue that surrounds medicine and medical care among Indians and Mestizos, Catholics and Protestants, peasants and professionals in the rural town of Kachitu, Libbet Crandon-Malamud finds that medical choice is based not on medical efficacy but on political concerns. Through the primary resource of medicine, people have access to secondary resources, the principal one being social mobility. This investigation of medical pluralism is also a history of class formation and the fluidity of both medical theory and social identity in highland Bolivia, and it is told through the often heartrending, often hilarious stories of the people who live there.

LUSO-BRAZ. REV**THE JOURNAL OF DEVELOPING AREAS****PARTY POLITICS AND ELECTIONS IN LATIN AMERICA**

Routledge This book is an introduction to party politics, elections, and electoral behavior in Latin America. The subject is vast and the available research on it extensive. The principal purpose is to summarize and conceptualize the subject, making comparisons where appropriate among nations. The authors try to point out both the specific, parochial experiences of individual Latin American nations as well as the more universal experiences.

THE RESOURCES OF THE THIRD WORLD
