Thomas Cole's Journey Atlantic Crossings [Metropolitan Museum of Art](#) **Thomas Cole (1801-1848) is celebrated as the greatest American landscape artist of his generation. Though previous scholarship has emphasized the American aspects of his formation and identity, never before has the British-born artist been presented as an international figure, in direct dialogue with the major landscape painters of the age. Thomas Cole's Journey emphasizes the artist's travels in England and Italy from 1829 to 1832 and his crucial interactions with such painters as Turner and Constable. For the first time, it explores the artist's most renowned paintings, The Oxbow (1836) and The Course of Empire cycle (1834-36), as the culmination of his European experiences and of his abiding passion for the American wilderness. The four essays in this lavishly illustrated catalogue examine how Cole's first-hand knowledge of the British industrial revolution and his study of the**

Roman Empire positioned him to create works that offer a distinctive, even dissident, response to the economic and political rise of the United States, the ecological and economic changes then underway, and the dangers that faced the young nation. A detailed chronology of Cole's life, focusing on his European tour, retraces the artist's travels as documented in his journals, letters, and sketchbooks, providing new insight into his encounters and observations. With discussions of over seventy works by Cole, as well as by the artists he admired and influenced, this book allows us to view his work in relation to his European antecedents and competitors, demonstrating his major contribution to the history of Western art. Cuban Studies 35 [University of Pittsburgh Press](#) Cuban Studies has been published annually by the University of Pittsburgh Press since 1985. Founded in 1970, it is the preeminent journal for scholarly work on Cuba. Each volume includes articles in both English and Spanish, a large book review section, and an exhaustive compilation of recent works in the field. Approaching the World's Religions, Volume 1 Philosophically Thinking about World Religions [Wipf and Stock Publishers](#) Philosophically Thinking about World Religions is different from other works in the discipline today. It deviates from the typical approaches used for the study of world religions. Its goal is to engage readers in thinking hard about world religions, not about the data surrounding those traditions. By focusing on philosophical questions, each reader should be challenged to do their own investigations that may reveal the heart of these traditions. Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions. Pluralism, which is the predominate assumption today, ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory. By taking an open inclusivist approach, all religious traditions may engage at the table of dialogue. The final essay is about justice and social affairs. While that discussion is couched within the context of a particular tradition, each religious tradition must have the discussion. But it must be more than an intrareligious dialogue; it must become an interreligious dialogue. Bowker's Complete Video Directory Transformation: A Personal Journey Through the British Transformers Comic Volume 2: 1987-1989 Lulu.com By 1987, the British Transformers was at the peak of its powers. Alternating between US reprints showing the struggle for leadership within the Autobot and Decepticon forces and UK material dealing with the insane future Decepticon Galvatron's attempts to rule yesterday, what had started as a toy advert had become a sprawling space opera seared into the minds of an entire generation. Stuart Webb was one such reader, and in 2012 he began a journey looking through every single issue of the series, commenting on its highs and lows. He became the first person to look at every backup strip and editorial and how they worked together to create the most thorough exploration of a publishing phenomenon ever undertaken. It's also highly personal, full of humour and silliness and even the occasionally thoughtful moment. The final result is an essential read, not just for Transformers fans, but also for those interested in the history of Marvel UK and the impact this simple little comic had on an entire generation.

Transportation Engineering and Planning - Volume II [EOLSS Publications](http://EOLSSPublications.com) Transportation Engineering and Planning is a component of Encyclopedia of Physical Sciences, Engineering and Technology Resources in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. The Theme on Transportation Engineering and Planning presents the readers with diverse sources of information and knowledge about transportation engineering and planning, to help ensure that informed actions are compatible with sustainable world development. It begins with a historical analysis of transportation development, since an understanding of how transportation technologies developed is a prerequisite for understanding issues involved in transportation systems, and for developing sound policy analysis. Next, the various chapters analyze transportation problems, discusses the state of public policy addressing those problems, considers the causes and effects of changes in demand for mobility as the socio-economic environment changes, and then deals with the fundamental questions related to transportation. These two volumes are aimed at the following a wide spectrum of audiences from the merely curious to those seeking in-depth knowledge: University and College students Educators, Professional practitioners, Research personnel and Policy analysts, managers, and decision makers and NGOs.

To right this omission, and to mark the 350th anniversary of the founding of the New Sweden colony, the University of Delaware sponsored an international conference, "New Sweden in America: Scandinavian Pioneers and Their Legacy" in March of 1988. This event brought together twenty-eight scholars from Sweden, Finland, and the United States who represented several fields, including history, anthropology, and geography. The conference papers, collected in New Sweden in America, present the first look at the New Sweden colony since the advent of modern historical methods." "The essays in this volume examine the economic and social lives of a political entity, as well as its political structures. The topics discussed include an examination of the European environment from which the colonial venture came, the colonists' relations with the Native Americans, and the Swedish and Finnish settlers' adaptation to colonial life. The essays depict seventeenth-century Sweden as it emerged from its traditional ways and isolation into the dynamic world of Western European international politics and trade, and the failed attempts to bring European mercantilist policies to New Sweden." "The fascinating stories of the trade between the Swedish and Dutch settlers and the Susquehannock and Lenni Lenape Indians, the development of pidgin languages to facilitate the trade, the devout Lutheran religious observations of the colonists, and the introduction of Finnish construction methods (especially the log cabin) are all described in this volume. To encourage further scholarship in this field, the contributors identify topics for future study and delineate where original colonial documents may be found on both sides of the Atlantic."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Scott An Unextraordinary Journey to Jesus Known by many for his "Scott stories", author Scott Lathrop recounts pivotal segments of his early life. **The Book of Scott: An Unextraordinary Journey to Jesus, Volume 1** highlights a collection of true events and choices that lead him to his purpose and destiny. **America's Container Ports Delivering the Goods Schwann Spectrum Heritage Comics Auctions, Dallas Signature Auction Catalog #819** [Heritage Capital Corporation](#) **Americans at the Table Reflections on Food and Culture** [DIANE Publishing](#) **Curiosity and the Aesthetics of Travel-Writing, 1770-1840 'From an Antique Land'** [OUP Oxford](#) The decades between 1770 and 1840 are rich in exotic accounts of the ruin-strewn landscapes of Ethiopia, Egypt, India, and Mexico. Yet it is a field which has been neglected by scholars and which - unjustifiably - remains outside the literary canon. In this pioneering book, Nigel Leask studies the Romantic obsession with these 'antique lands', drawing generously on a wide range of eighteenth and nineteenth-century travel books, as well as on recent scholarship in literature, history, geography, and anthropology. Viewing the texts primarily as literary works rather than 'transparent' adventure stories or documentary sources, he sets out to challenge the tendency in modern academic work to overemphasize the authoritative character of colonial discourse. Instead, he addresses the relationship between narrative, aesthetics, and colonialism through the unstable discourse of antiquarianism, exploring the effects of problems of credit worthiness, and the nebulous epistemological claims of 'curiosity' (a leitmotif of the accounts studied here), on the contemporary status of travel writing. Attentive to the often divergent idioms of elite and popular exoticism, **Curiosity and the Aesthetics of Travel Writing** plots the transformation of the travelogue through the period, as the baroque particularism of curiosity was challenged by picturesque aesthetics, systematic 'geographical narrative', and the emergence of a 'transcendental self' axiomatic to Romantic culture. In so doing it offers an important reformulation of the relations between literature, aesthetics, and empire in the late Enlightenment and Romantic periods. **Recovering The U.S Hispanic Literary Heritage, Volume I** [Arte Publico Press](#) **Recovering the U.S. Hispanic Literary Heritage** is a compendium of articles by the leading scholars on Hispanic literary history of the United States. The anthology functions to acquaint both expert and neophyte with the work that has been done to date on this literary history, to outline the agenda for recovering the lost Hispanic literary heritage and to discuss the pressing questions of canonization, social class, gender and identity that must be addressed in restoring the lost or inaccessible history and literature of any people. **Ancient Earth and the First Ancestors A Cultural and Geological Journey** [Rockflower Press LLC](#) In this sequel to the award winning **Talking Rocks** an earth scientist and an Ojibwe elder travel across Minnesota exploring the ancient rocks that make up a large part of that state. As the geologist describes how these rocks formed and brings to life the ancient worlds they created, the elder, through Native American stories, oral history,

culture, and science illustrates how his people had an intimate understanding of, and respect for, these ancient rocks and the land they gave shape to. Traveling from Ely, Grand Portage, Gunflint Lake, and Isle Royale in the northern part of the state south to Jeffers, Mor-ton, and Blue Mounds State Park the two find themselves discussing such diverse topics as the nature of science, holistic geology, mining, science and spirituality, the legacy of the furtrade, significance of the Little Spirit Tree, and much more. Ancient Earth and the First Ancestors not only tells a fascinating story that spans billions of years, but is also a wonderful chronicle of two people from different cultural and scientific heritages learning to understand, appreciate, and see the value and importance in each other's way of viewing this land and the planet we all call home. The Yankee Road Tracing the Journey of the New England Tribe that Created Modern America, Vol. 2: Domination [Wheatmark, Inc.](#) Who is a Yankee and where did the term come from? Join author Jim McNiven as he explores the emergence and influence of Yankee culture while traversing an old transcontinental highway reaching from the Atlantic to the Pacific—US 20, which he nicknames "The Yankee Road." The Yankee Road: Tracing the Journey of the New England Tribe that Created Modern America combines fascinating history with a travel narrative, taking the reader on a journey through the places Yankees and their descendants settled as they expanded westward. Using a physical road to connect locations important to the Yankee cultural "road," McNiven takes us on side trips into individual stories, introducing readers to the origins of such large-scale and diverse ideas as conservation, public education, telegraphy, mass production, religion, and labor reform. This second volume of a projected trilogy, Domination, centers on the growth of industry around the Great Lakes in the mid-nineteenth century into the twentieth century, something that led to the Yankee victory in the Civil War and the emergence of the reunited country as a major world power. Erastus Corning, Ida Tarbell, John Brown, JD Rockefeller, Henry Flagler, Thomas Edison, Henry Ford, the Kellogg brothers, the Wright brothers and Judge Gary, all make appearances. Place-Based Science Teaching and Learning 40 Activities for K-8 Classrooms [SAGE Publications](#) Place-Based Science Teaching and Learning: 40 Activities for K-8 Classrooms address the challenges facing primary and secondary school teachers as they attempt to make science learning relevant to their students. The text provides teachers with a rationale and a set of example activities for teaching science in a local context. Teaching and learning science using this approach will help students to engage with science learning and come to understand the importance of science in their everyday lives. Guide to the Winterthur Library The Joseph Downs Collection and the Winterthur Archives [Winterthur Museum](#) This guide to the Joseph Downs Collection of Manuscripts and Printed Ephemera, named for Winterthur's first curator, provides descriptive information for the primary research material held in the collection. The Downs Collection acquires materials from the mid

seventeenth century through the twentieth century that document American lifestyles, concentrating on the domestic scene and activities within the household and art. It includes such items as diaries, business accounts of craftsmen whose products decorated dwelling houses, family papers, tax records, construction of homes, artists' sketchbooks, wills and household inventories, children's toys and games, and scrapbooks and journals. Items from individuals famous in American history rest alongside materials from people who led routine lives yet still contributed to the development of America. An extensive microform collection, including copies of material owned by other public repositories and private individuals, supplements the manuscript holdings. Hardcover is un-jacketed. Restoration Earth, Vol 1(1), November 2011 [Lulu.com](#) Travel, Discovery, Transformation Culture and Civilization, Volume 6 [Transaction Publishers](#) This latest volume in the Culture & Civilization series gathers interdisciplinary voices to present a collection of essays on travel and travel narratives. The essays span a range of topics from iconic ancient travel stories to modern tourism. They discuss travel in the ancient world, modern heroic travels, the literary culture of missionary travel, the intersection of fiction and travel narratives, modern literary traditions and visions of Greece, personal identity, and expatriation. Essays also address travel memoirs, the re-imagining of worlds through travel, transformed landscapes and animals in travel narratives, diplomacy, English women travel writers, and pilgrimage and health in the medieval world. The history of travel writing takes in multiple pursuits: exploration and conquest, religious pilgrimage and missionary work, educational tourism and diplomacy, scientific and personal discovery, and natural history and oral history. As a literary genre, it has enhanced a wide range of disciplines, including geography, ethnography, anthropology, and linguistics. Moreover, twenty-first-century interests in travel and travel writing have produced a global framework that promises to expand travel's theoretical reach into the depths of the Internet, thus challenging our conventional concept of what it means to travel. The fact that travel and travel writing have a prehistory that is embedded in foundational religious texts and ancient narratives of journey, like the Odyssey and the Epic of Gilgamesh, makes both travel and travel writing fundamental and essential expressions of humanity. Travel encourages writing, particularly as epistolary and poetic chronicling. This is clearly a history and tradition that began with human communication and which has kept pace with our collective development. The Software Encyclopedia 2000 A Guide for Personal, Professional and Business Users Including Application Software on CD-ROM Aerospace Bibliography Forthcoming Books The Braxton County Monster Updated & Revised Edition The Cover-up of the "Flatwoods Monster" Revealed Expanded [Lulu.com](#) Frank C. Feschino, Jr., the authority of the "Braxton County Monster" incident has returned with an Updated and Expanded version of his 2012 book. His ongoing and diligent 21-year investigation into this case reveals an invasion of gigantic aliens that

occurred over America on September 12, 1952. Feschino meticulously reconstructed a timeline of events and recreated the scenario of that terrifying day, which includes the "Flatwoods Monster" and "Frametown Monster" incidents, a massive wave of UFO sightings and crashes and the cover-up of a USAF jet fighter that disappeared that night. This book contains new documentation about the "Braxton County Monster" case and startling UFO events of that day and includes additional witness information, newly discovered sightings, crashes, landings and more. It contains more than 225 visuals, including new articles, photos, maps, graphics and illustrations, which credit Feschino as the world's most thorough investigator of this UFO incident in history. John Wesley's 52 Standard Sermons An Annotated Summary [Wipf and Stock Publishers](#) The Rev. John Wesley (1703-1791), the founder of the Methodist Church, was an enthusiastic preacher for the Lord, a prolific writer, and a prestigious Oxford scholar. For over two centuries, his treasured sermons have provided keen insight, deep analysis, and provocative applications of the great truths of the faith for minister and layperson alike. Utilizing both primary and secondary works, John Wesley's 52 Standard Sermons: An Annotated Summary presents a concise yet useful report on each of his messages. Additionally, other pertinent historical and theological information on Wesley's life, culture, intrinsic/extrinsic influences, his understanding of Christianity, and his powerful exhortations of spiritual (re)formation and public philanthropy are presented--all with the goals of helping readers understand Wesley's call for Christian Perfection, developing proficient evangelism, and pursuing personal sanctification and piety. For pastors, for theologians, and for everyday Christians, this book is a handy resource for understanding Wesley, his doctrine, and, moreover, it provides insight into the great biblical truths that Wesley considered relevant for following Christ's great commandments of loving God and one's neighbor.
