Graham Broad explodes this myth of home front sacrifice by bringing to light the contradictions of consumer society in wartime. Governments pressured Depression-weary citizens to save for the sake of the nation, but Canadians had money in their pockets, and advertisers tempted them with fresh groceries, glamorous movies, and new cars and appliances. Broad reveals that our "greatest generation" was not impervious to temptation but rather embarked on one of the biggest spending booms in our nation's history. **The Essentials of Living Aboard a Boat The Definitive Guide for Liveaboards** Paradise Cay Publications The Essentials of Living Aboard educates both dreamers and explorers with information about this wonderful and rewarding lifestyle. It's straight talk from a liveaboard sailor who made the mistakes so you won't have to. Armed with this book one could enjoy the liveaboard lifestyle without any worrisome surprises.- Tom Cox, Marina Owner, Liveaboard and Board Member - Marina Owners of America I've been living aboard my sailboat since 1997, and I've read many books about the liveaboard lifestyle. Mark Nicholas' 'The Essentials of Living Aboard' is not only accurate and well-written, but it contains helpful cost projections that I haven't seen elsewhere. This is the first book I'd recommend to anyone who is thinking about the liveaboard lifestyle! - Robert Doty, Liveaboard Webmaster (www.sleepingwithhoars.com) A seasoned and experienced sailor, Mark Nicholas has written an ideal introduction for anyone aspiring to enjoy life aboard any kind of boat ... The reader will learn how to choose and buy a boat that is appropriate for one's needs, including the finesse of the buying process, negotiations, insurance, and financing, amenities aboard a boat, navigation and safety matters, sanitation issues, legal issues, tips, tricks, and techniques, and more. Of special interest are the warnings about search, seizure, and forfeiture ... An absolute "must-have" for anyone considering making a boat one's permanent dwelling.- Midwest Book Review - October 2004 As a lifelong boater, and one with Joanne, my wife of 48 years, we begin our second decade of living on board a boat. I feel Mark Nicholas has done extensive study in gaining a worldwide appreciation and understanding of what it takes, not only to buy a boat and maintain it, but what one can expect within that lifestyle.... the challenges, adjustments, financial expectations as well as the joys inherent in this experience. Mark has probably done the most complete investigation and reporting of any we know of. Maybe living aboard is not for everyone, but you are not signing your life away, even if you just want to enjoy it for a limited time. There is just no comparison to sitting within 4 walls when one considers either cruising in open waters, or just sitting idly by on the deck or cockpit, with open breezes and the sun warming your back, listening to the birds, slap of the water on the hull, or other activities around you. This even works when rain is gently falling beyond. There are also those challenges with weather...you against the elements. You are both above and within nature at its best. God surely meant it to be that way.- Don Stonehill, Chairman, Liveaboard Assn of Puget Sound **The Complete Car Cost Guide, 2002 Intellichoice Incorporated Space Buyers' Guide Number The Video Games Guide 1,000+ Arcade, Console and Computer Games, 1962-2012, 2d ed.** McFarland "The Video Games Guide is the world's most comprehensive reference book on computer and video games.
