REFERENCE AND INFORMATION SERVICES

AN INTRODUCTION, FOURTH EDITION

American Library Association Designed to complement every introductory library reference course, this is the perfect text for students and librarians looking to expand their personal reference knowledge, teaching failsafe methods for identifying important materials by matching specific types of questions to the best available sources, regardless of format. Guided by a national advisory board of educators and practitioners, this thoroughly updated text expertly keeps up with new technologies and practices while remaining grounded in the basics of reference work. Chapters on fundamental concepts, major reference sources, and special topics provide a solid foundation; the text also offers fresh insight on core issues, including ethics, readers' advisory, information literacy, and other key aspects of reference librarianship; selecting and evaluating reference materials, with strategies for keeping up to date; assessing and improving reference services; guidance on conducting reference interviews with a range of different library users, including children and young adults; a new discussion of reference as programming; important special reference topics such as Google search, 24/7 reference, and virtual reference; and delivering reference services across multiple platforms. As librarians experience a changing climate for all information services professionals, in this book Cassell and Hiremath provide the tools needed to manage the ebb and flow of changing reference services in today's libraries.

EBOOK: BUSINESS RESEARCH METHODS

McGraw Hill Are you about to begin your dissertation or a research project, but don't know what topic to choose? Are you unsure of what research methods to use and how they should be applied to your project? Are you worried about how to write up your research project? Then this is the book for you! A balanced coverage of qualitative and quantitative methods means that no matter what approach you choose to use for your project, there are examples and case studies to help guide you through the process. Student Research boxes provide an insight into situations and research decisions that students have encountered in real life projects. They contain hints, tips and sometimes questions to help you think through your own project. A Running Case Study charts the progression of two student research projects - one qualitative and one quantitative - and shows how the content of each chapter can be used to develop their projects. Thought provoking questions are included in order to help you consider the issues and decisions involved, which you can then apply to your own project. Deeper Insight boxes delve further into particular research issues, offering you a detailed description to increase your understanding of these areas, whilst Real Life examples put research methods into context, by showing you how they have been applied in real world situations. The Online Learning Centre contains a vast amount of extra resources to help you create a superior project: Six statistical chapters are available to help you prepare, test and analyse your hypotheses and data. Extra cases, appendices and dataset exercises help you to take your study further. Check out the Research Skills Centre for free chapters of Study Skills books, examples of good and bad proposals, and templates for questionnaires and surveys. INVESTOR PROTECTION

TOWARDS ADDITIONAL EU REGULATION OF INVESTMENT FUNDS?

Kluwer Law International B.V. The expansion of the fund industry has been one of the most notable trends in the financial markets of recent years. Not only has the demand for funds among EU investors grown, but both the number and types of investment funds also continue to increase. Since investment funds available in the EU can be established both inside and outside the EU, they may be subject to different investor protection regulations, depending on where the fund is located. Accordingly, different levels of investor protection may exist between investors investing in EU funds and investors investing in non-EU funds, including US funds. This book investigates whether there is a level playing field between EU investors investing in EU funds and EU investors investing in US funds and if not, if there is a legal basis in current EU law for the EU regulator to adopt additional investor protection rules applying to investment funds. The analysis considers the basic characteristics of investment funds, how they function in practice, and how they are regulated relating to investor protection issues. Factors examined in depth include the following: - features of funds most relevant to the protection of retail investors; - operational structure, investment strategies, fee structure, and legal structure of funds; - internal control systems; - transparency and disclosure rules; - conduct of business rules; and - depositary monitoring rules. The author examines relevant EU directives and rules and the particular remit of each, as well as US law applying to investment funds that are active in the EU. Case law and relevant literature in the field is also drawn on. As an assessment of the current degree of protection applying to funds that are available to EU retail investors - as well as an up-to-date overview of regulatory requirements and procedures concerning the protection of EU investors in investment funds - this book is unsurpassed. Especially valuable is the closing discussion about whether the EU regulatory system provides for a level playing field of protection for EU retail investors, and if not which additional rules can be adopted by the EU regulator in this area. Lawyers and other professionals in all areas of law and policy concerned with investment and finance will find this book of great value.

WE THE MEDIA

GRASSROOTS JOURNALISM BY THE PEOPLE, FOR THE PEOPLE

"O'Reilly Media, Inc." "We the Media, has become something of a bible for those who believe the online medium will change journalism for the better." -Financial Times Big Media has lost its monopoly on the news, thanks to the Internet. Now that it's possible to publish in real time to a worldwide audience, a new breed of grassroots journalists are taking the news into their own hands. Armed with laptops, cell phones, and digital cameras, these readers-turned-reporters are transforming the news from a lecture into a conversation. In *We the Media*, nationally acclaimed newspaper columnist and blogger Dan Gillmor tells the story of this emerging phenomenon and sheds light on this deep shift in how we make--and consume--the news. Gillmor shows how anyone can produce the news, using personal blogs, Internet chat groups, email, and a host of other tools. He sends a wake-up call to newsmakers-politicians, business executives, celebrities-and the marketers and PR flacks who promote them. He explains how to successfully play by the rules of this new era and shift from "control" to "engagement." And he makes a strong case to his fellow journalists that, in the face of a plethora of Internet-fueled news vehicles, they must change or become irrelevant. Journalism in the 21st century will be fundamentally different from the Big Media oligarchy that prevails today. *We the Media* casts light on the future of journalism, and invites us all to be part of it. Dan Gillmor is founder of Grassroots Media Inc., a project aimed at enabling grassroots journalism and expanding its reach. The company's first launch is Bayosphere.com, a site "of, by, and for the San Francisco Bay Area." Dan Gillmor is the founder of the Center for Citizen Media, a project to enable and expand reach of grassroots media. From 1994-2004, Gillmor was a columnist at the San Jose Mercury News, Silicon Valley's daily newspaper, and wrote a weblog for SiliconValley.com. He joined the Mercury News after six years with the Detroit Free Press. Before that, he was with the Kansas City Times and several newspapers in Vermont. He has won or shared in several regional and national journalism awards. Before becoming a journalist he played music professionally for seven years.

THOMAS CROMWELL

THE UNTOLD STORY OF HENRY VIII'S MOST FAITHFUL SERVANT

Open Road + Grove/Atlantic "An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." —Alison Weir Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country. "An intelligent, sympathetic, and well researched biography." —The Wall Street Journal "Borman unravels the story of Cromwell's rise to power skillfully . . . If you want the inside story of Thomas Cromwell . . . this is the book for you." —The Weekly Standard "An engrossing biography. . . A fine rags-to-riches-to-executioner's-block story of a major figure of the English Reformation." —Kirkus Reviews "An insightful biography of a much-maligned historical figure." —Booklist

UNCONVENTIONAL WARFARE (SPECIAL FORCES, BOOK 1)

Scholastic Inc. Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

BOOKS IN PRINT SUPPLEMENT

COVENANT WITH DEATH

Hachette UK Stirringly told from the view of everyday soldiers, Covenant with Death is acclaimed as one of the greatest novels about war ever written. With a new foreword by Louis de Bernières, author of Captain Corelli's Mandolin. They joined for their country. They fought for each other. When war breaks out in 1914, Mark Fenner and his Sheffield friends immediately flock to Kitchener's call. Amid waving flags and boozing celebration, the three men - Fen, his best friend Locky and self-assured Frank, rival for the woman Fen loves - enlist as volunteers to take on the Germans and win glory. Through ramshackle training in sodden England and a stint in arid Egypt, rebellious but brave Fen proves himself to be a natural leader, only undermined by on-going friction with Frank. Headed by terse, tough Sergeant Major Bold, this group of young men form steel-strong bonds, and yearn to face the great adventure of the Western Front. Then, on one summer's day in 1916, Fen and his band of brothers are sent to the Somme, and this very ordinary hero discovers what it means to fight for your life. 'Laden with knowledge yet sparsely written, Covenant with Death is the work of an author immersed in the lives of those who fought' The Times 'The last line ought to be carved in stone somewhere . . . Find it. Read it. You'll be a better person for having done so' Peter Hitchens, Daily Mail An anti-war book right up there with Remarque's All Quiet on the Western Front Shortlist (The Greatest War Novels of all Time) 'Covenant With Death . . . showed with unbearable actuality what happened to a newly formed Sheffield regiment on the first day of the battle of the Somme' Christopher Hitchens, Guardian 'The blood and guts, the nightmare stink of cordite . . . appalling realism' The Times 'Only one novel about the war since 1945 has the power and feeling of veracity to compare with the works of the 1920s and 30s . . . Covenant with Death by John Harris' The Western Front Organisation 'A superb novel' Daily Mirror 'John Harris's neglected masterpiece of a novel, Covenant With Death, is the success that it is because it follows a group of Sheffield workers from their flag-waving sign-up to the hecatomb on the Somme' The Atlantic 'True and terrible' Observer 'An outstanding achievement' Sunday Express

QUALITATIVE RESEARCH METHODS IN SPORT, EXERCISE AND HEALTH

FROM PROCESS TO PRODUCT

Routledge Qualitative forms of inquiry are a dynamic and exciting area within contemporary research in sport, exercise and health. Students and researchers at all levels are now expected to understand qualitative approaches and be able to employ them in their work. In this comprehensive and in-depth introductory text, Andrew C. Sparkes and Brett Smith take the reader on a journey through the entire qualitative research process that begins with the conceptualization of ideas and the planning of a study, moves through the phases of data collection and analysis, and then explains how findings might be represented in various ways to different audiences. Ethical issues are also explored in detail, as well as the ways that the goodness of qualitative research might be judged by its consumers. The book is based on the view that researchers need to make principled, informed and strategic decisions about what, why, when, and how to use qualitative forms of inquiry. The nature of qualitative research is explained in terms of both its core assumptions and what practitioners actually do in the field when they collect data and subject it to analysis. Each chapter is vividly illustrated with cases and examples from published research, to demonstrate different qualitative approaches in action and their relative strengths and weaknesses. The book also extends the boundaries of qualitative research by exploring innovative contemporary methodologies and novel ways to report research findings. Qualitative Research Methods in Sport, Exercise and Health is essential reading for any student, researcher or professional who wishes to understand this form of inquiry and to engage in a research project within a sport, exercise or health context.

THREE DAUGHTERS

Lake Union Press From the fertile hills of a tiny village near Jerusalem to the elegant townhouses of Georgetown, Three Daughters is a historical saga that chronicles the lives, loves, and secrets of three generations of Palestinian Christian women. Born in rural Palestine, just before the dawn of the twentieth century, Miriam adores her father and is certain his love will protect her, but she soon finds that tradition overrides love. Uprooted by war, Miriam enters a world where the old constraints slip away with thrilling and disastrous results. Miriam's rebellious daughter, Nadia, is thrilled with the opportunity for a modern life that her elite education provides. But when she falls in love with an outsider, the clan reins her back with a shocking finality. Nijmeh, Nadia's daughter, is an only child and the path her father, the sheik, sets for her is fraught with difficulties, yet it prepares her for her ultimate journey to America, where she finds her future. Each woman, in her own time and in her own way, experiences a world in transition through war and social change...and each must stretch the bounds of her loyalty, her courage, and her heart.
