The Annals of Tacitus, Books 1-6: Annals 1. 1-54

Cambridge University Press The first in a four-volume edition of Tacitus Annals 1-6. The Annals are Tacitus' brilliant account of Roman imperial history from the death of Augustus to the death of Nero. Books 1-6 describe the reign of Tiberius. Professor Goodyear's introduction to the series deals concisely with the background to the Annals. He outlines the history of Tacitean scholarship to the present day and shows how Tacitus' historical judgements were sometimes distorted by his preoccupations with style and with the moral function of historical writing. The commentary attends equally to literary, historical and textual questions. There are several appendixes on topics of more specialized interest.

The Jews and Moors in Spain

"This volume is a reprint of newspaper reports of a series of lectures delivered by the author from the pulpit of Congregation B'nai Jehudah, Kansas City, Mo., during the Fall and Winter of 1885-1886. The lectures were prepared to fulfill the requirements of popular discourses, and designed to convey information upon a highly important epoch of the world's history, that is almost neglected in English literature. The thought of publishing these lectures in book form was utterly foreign to the author throughout their preparation, until an urgent solicitation from very many persons, both Jews and Gentiles, in all parts of this country, whose interest in these lectures was aroused by their wide-spread republication by the Press, made it a duty."--Goodreads.com.

The Annals of Tacitus

Books 5–6

Cambridge University Press Books 5 and 6 of Tacitus' Annals cover the last years of the emperor Tiberius. Although most of Book 5 is lost, Book 6 survives complete and offers a vivid narrative of the increasingly tyrannical princeps, secluded on the island of Capri; the book ends with his death and obituary notice, one of the most celebrated passages of classical literature. The volume presents a new text of Books 5 and 6, restoring the division between them which was proposed by Lipsius, as well as a full commentary on the text, covering textual, literary, linguistic and historical matters. An Appendix discusses 'The Tacitean Tiberius'. The volume rounds off the sequence which began with commentary on Books 1 and 2 of Tacitus' Annals by F. R. D. Goodyear (1972, 1981) and was continued by commentary on Book 3 by A. J. Woodman and R. H. Martin (1996).

Annals of Tacitus

The Histories & The Annals

e-arthnow "The Histories" is a Roman historical chronicle and it covers the Year of Four Emperors following the downfall of Nero in 68 AD, a year in the history of the Roman Empire in which four emperors ruled in succession: Galba, Otho, Vitellius, and Vespasian. The mode of their accession showed that because imperial power was based on the support of the legions, an emperor could now be chosen not only at Rome, but anywhere in the empire where sufficient legions were amassed. The style of narration is rapid, reflecting the speed of the events. The narrative rhythm leaves no space to slow down or digress. To write effectively in this style, Tacitus had to summarize substantial information from his sources. "The Annals" is a history of the Roman Empire from the death of Augustus to that of Nero, the years AD 14–68, covering the reigns of Tiberius, Caligula, Claudius and Nero. As a senator, Tacitus had access to Acta Senatus, the Roman senate's records, thus providing a solid basis for his work. Along with The Histories, The Annals provide a key source for modern understanding of the history of the Roman Empire during the 1st century AD.
