I'M 40! I'M FEISTY! AND THERE'S A GRAY HAIR IN MY WHAT?!?

(AND OTHER SURPRISES AFTER AGE 25)

Xlibris Corporation I'M 40! I'M FEISTY! And there's a GRAY hair in my WHAT? !? (and other surprises after age 25), is a funny book about all the things that seem to drive women insane when it comes to getting older. This book is a collection of humorous stories from many women (and some men!) about the way we view beauty, wrinkles, unannounced facial hair, exercise, gravity and any other thing one could think of that seems to happen as we get closer to age 40 and then beyond. After her last book, GRACIE-ISMS, which kept us in stitches about her Southern roots, Rhayne has taken her sense of humor in a new direction and we have no choice but to follow along and laugh until the very end. I'M 40! is another easy read that pokes fun at everything that we stress about on a daily basis once we pass age 25. Rhayne took our painful perceptions and turned them into warm and silly stories that show us who we are as women and men and how what we think about keeps us from enjoying life to the fullest. Some of the stories will make you wonder why her friends give her so much information knowing that, one day, she will find a way to make a joke out their situation and put it in writing, all at their expense. BUT...Rhayne's stories about herself are just as exposing and just as hilarious. The beauty of her work is that she manages to talk about topics that would make most of us disappear into a floorboard but with no profanity and no shame. This book is obviously geared towards women, or so you think, until you get to the final chapter. Rhayne has somehow convinced a few brave men (sans her husband) to open up about their aging insecurities and let her reveal it to the world. Once you read this jewel (that's what Rhayne calls it), you will understand how much this author loves life, living and the joy of laughter. You will also understand why her friends trust her so much with their most inner secrets, and...you will wish you were one of them.

Dr. John Thorndyke is a medical jurispractitioner - originally a medical doctor, he turned to the bar and became one of the first, in modern parlance, forensic scientists. His solutions were based on his method of collecting all possible data (including dust and pond weed) and making inferences from them before looking at any of the protagonists and motives in the crimes. (Freeman, it is said, conducted all experiments mentioned in the stories himself.) It is this method which gave rise to one of Freeman's most ingenious inventions, the inverted detective story, where the criminal act is described first and the interest lies in Thorndyke's subsequent unraveling of it. Gallery Books *The #1 New York Times bestselling FBI series returns with Savich and Sherlock confronting two baffling mysteries from the "master of smooth, eminently readable" (Booklist) thrillers Catherine Coulter. When Rebekah Manvers is contacted by Zoltan, a medium who claims she's received a message from Rebekah's now-dead grandfather, she believes the woman is a charlatan. But if so, how does Zoltan know about the secrets Rebekah's grandfather entrusted her with so many years ago? Certain it's a con, Rebekah walks away. The next day FBI Special Agent Dillon Savich witnesses two men trying to force a woman into a van. Savich fights off the men, and rescues the woman, who turns out to be Rebekah Manvers, wife of wealthy congressman Rich Manvers. Why did these men want to kidnap her? To extort ransom from her husband? Or did it have to do with the medium Zoltan? Or with her grandfather? Then a box addressed to Savich, stamped "PERSONAL," arrives at the Criminal Apprehension Unit, containing one-third of a puzzle. The assembled pieces show only an ancient pier and a sidewalk littered with human remains, but no one can identify the location. When a second box arrives, Special Agent Pippa Cinelli recognizes the picture on the puzzle as a scene in her hometown, St. Lumis, Maryland. Intrigued, Savich immediately sends Cinelli to investigate. On her second day in St. Lumis, she's struck down and left bound in an abandoned building. Cinelli and Savich decide it's time to involve the local police chief, Matthew Wilde. Savich and Sherlock quickly learn that what happened in the past casts a long shadow. They must discover the truths not only to save themselves but to prevent further bloodshed.*

SATISFY MY SOUL

Ballantine Books *I have called you here to reveal to you a truth that has been calling to you for many years. . . . Since then your soul has been seeking rest. Playwright Carey McCullough is a close guardian of his privacy, haunted by a recurring dream and a damaged*

past he would like to keep there. But some things he can never forget. And the more he pushes them away, the more uprooted he feels. The women he has loved, lusted after, rejected, and embraced represent a lifetime of trial and error, adventure and compromise. Then, while in Jamaica, he crosses paths with a radiant woman who attracts him like a flame. Then he remembers. The first time Carey saw Frances, she was singing a blues song on a videotape. Of course then she was just a nameless face, a hazy image that he could never quite get out of his mind. Now she has entered his life in the flesh. But this undeniable attraction is much more than chemistry. As Carey soon discovers from a “reader” of the spirit world, he and Frances share a history that has linked their souls for more than four hundred years. Though Carey views past lives with skepticism, he cannot explain knowing the language of an ancient African people—in particular the phrase: “Mulewe anekoso kuduwe bana” (“I will search until I find you”). Yet Frances conceals secrets of her own, with devastating consequences. And while Carey visits his best friend and fellow playwright, Kwabena Small, in South Carolina, a bond that was once thought to be unbreakable will be put to the ultimate test as startling truths at last emerge. . . . In a stunning novel of extraordinary power that involves a mystical journey to Ghana, Colin Channer combines profound questions of faith, the aching search for home, the long reach of history, and the double-edged sword of passion to dazzling effect. *Satisfy My Soul* will linger in yours long after the final page is turned.

DADLIFE

FAMILY TALES FROM INSTAGRAM'S FATHER OF DAUGHTERS

Hachette UK 'This is the story of my journey into parenthood, from being a 24 year old man-child with no idea of what being a dad involved, to where I find myself today: the single male representative in a household of five women, or in other words, outnumbered. Our house is now known as "the place where silence came to die". It's also where you'll find carpets that are made up of 50% glitter and where there are more pink stuffed animals than at a colour-blind taxidermy specialists. But I wouldn't change a thing. These people are my life.' From uninitiated parents-to-be to those who know the ropes in families large or small, everyone will find something to relate to in Simon's hilarious and chaotic tales of his own home life. His observations of being a father have delighted his hundreds of thousands of followers on Instagram: before now dads are often the forgotten ones who carry the luggage, open stiff jars, take photos on holiday, fix broken bikes, go back to work, do the night feeds and make a mean beans on toast with melted cheese without so much as a pat on the back. All too often dads shrink into the background. But not in this book. Dadlife is an incredibly funny yet emotionally heartfelt ode to modern family life.

HOW TO TELL ANXIETY TO SOD OFF

40 WAYS TO GET YOUR LIFE BACK

Hachette UK An accessible, comforting and practical book for anyone experiencing anxiety, from the author of *The Recovery Letters* and *How to Tell Depression to Piss Off*. We are expected to excel while juggling a hectic, pressurised schedule at home and at work, despite the lines between the two being more blurred than ever. This book dispels that taboo. It is for anyone who has experienced general anxiety disorder, trauma-related anxiety, clinical anxiety and those with 'low-level' anxieties. At once empathetic and entertaining, *How to Tell Anxiety to Sod Off* offers 40 ways to get to a better place with anxiety. They are born out of the author's personal experience of managing his own anxiety and his many years of working as a counselor helping people with their mental health.

THE BIOLOGY OF HAIR GROWTH

Elsevier *The Biology of Hair Growth* is based on a conference on *The Biology of Hair Growth*, sponsored by the British Society for Research on Ageing, held at the Royal College of Surgeons, in London, 7-9 August 1957. The papers presented at this conference, and a few others, have been gathered in this book to serve as a source reference for all those interested in research on hair and hair growth. The application of modern methods in histology, cytology, histochemistry, physiology, electron microscopy, the use of radioactive isotopes, and modern biochemical techniques have given greater insight into the phenomena of growth and differentiation of hair follicles than ever before. The book opens with a chapter on the embryology of hair. Separate chapters follow on the anatomy and histochemistry of the hair follicle; the electron microscopy of keratinized tissues; the chemistry of keratinization; the mitotic activity of the follicle; and the the vascularity and patterns of growth of hair follicles. Subsequent chapters deal with behavior of pigment cells and epithelial cells in the hair follicle; the nature of hair pigment; the effects of nutrition on hair growth; and effects of chemical agents, ionizing radiation, and particular illnesses on hair roots.
