### 30 Graphic Organizers for the Content Areas, Grades 3-5: With Lessons & Transparencies

Shell Education Provides fresh, new graphic organizers to help students read, write, and comprehend content area materials. Helps students organize and retain information.

### Differentiating Instruction

### A Practical Guide for Tiered Lessons in the Elementary Grades

**PRUFROCK PRESS INC.** This easy-to-use, teacher-friendly book is a must-have for any educator wanting to differentiate instruction for the gifted or regular classroom. Differentiating instruction has become an integral part of classroom instruction, and tiering lessons is a practical, easy, and efficient way to ensure the various needs and learning levels of elementary students are met. The authors provide a summary of the process, with detailed instructions for tiering lessons for the elementary grades. Also included are tips for grouping students by interest, learning style, or ability level; a template for creating your own tiered lessons; and a concise resource section for differentiating and preparing

lessons. Ten concise sample lessons and two tiered units, covering the math, science, language arts, and social studies disciplines, also are included for teacher use. Differentiating instruction will take on a new meaning in your classroom as you implement these fun, engaging, and student-friendly lessons.

In addition, the objectives used in this book are structured using Bloom's Taxonomy of Learning to ensure educational appropriateness. All of our content meets the

Common Core State Standards and are written to Bloom's Taxonomy.

## Differentiating with Graphic Organizers

### Tools to Foster Critical and Creative Thinking

Simon and Schuster Graphic organizers have proven to be successful tools for helping students develop their critical and creative thinking skills. This research-based resource shows how graphic organizers can improve teaching practices, help differentiate instruction in the classroom, and raise learning outcomes for all students, including English language learners and students with learning disabilities. The author presents graphic organizers for nine types of thinking processes based on Bloom's taxonomy and offers examples of how to apply the graphic organizers in different subject areas and grade levels. This hands-on guide demonstrates how teachers can: Promote the critical thinking processes of assuming, inferring, analyzing, prioritizing, and judging Encourage the creative thinking processes of brainstorming, connecting, creating, and elaborating Modify graphic organizers or create their own to meet individual learning needs With assessment rubrics for providing quality feedback included, Differentiating With Graphic Organizers addresses ways to promote and build students' creative reasoning, communication, and problem-solving skills and make the learning process a success.

## Teaching the Common Core Literature Standards in Grades 2-5

### Strategies, Mentor Texts, and Units of Study

**Routledge** Shifting your literature instruction to meet the Common Core can be tricky. The standards are specific about how students should analyze characters, themes, point of view, and more. In this new book, Lisa Morris makes it easy by taking you through the standards and offering tons of practical strategies, tools, and mentor texts for grades 2-5. She shows you how to combine the standards into effective units of study so that you can teach with depth rather than worry about coverage. Topics covered include: Teaching questioning, inferring, and author's purpose; Guiding readers to look at themes and write summaries; Showing students how to recognize structural elements of literature; Teaching the craft of writing and vocabulary development; and Helping students analyse characters and character development. Throughout this highly practical book, you'll find a variety of charts and other graphic organizers that can be easily adapted for classroom use. A list of suggested mentor texts is also available as a free eResource from our website, [www.routledge.com/books/details/9781138856172](http://www.routledge.com/books/details/9781138856172).

Specific suggestions for differentiating instruction are included with every strategy for various levels of readers and learning styles. This resource is correlated to the Common Core State Standards and is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills. 208pp. plus Teacher Resource CD

## Lesson Plans Using Graphic Organizers

## Reading Strategies for Science

Teacher Created Materials Help students read about science content and build their scientific thinking skills! This 2nd edition resource was created to support College and Career Readiness Standards, and provides an in-depth research base about content-area literacy instruction, including key strategies to help students read and comprehend scientific content. Each strategy includes classroom examples by grade ranges (1-2, 3-5, 6-8 and 9-12) and necessary support materials, such as graphic organizers, templates, or digital resources to help teachers implement quickly and easily. Specific suggestions for differentiating instruction are also provided to help English language learners, gifted students, and

students reading below grade level.

## Reading Strategies for Science

**Teacher Created Materials** Motivate readers to become budding scientists with a variety of strategies to help them read and better understand science content. This resource brings it all together in one easy-to-use format featuring an overview of reading comprehension skills, practical and detailed strategies to improve these skills, and activities with classroom examples by grade ranges. Specific suggestions are included with every strategy to help differentiate instruction for various levels of readers and learning styles. Includes a Teacher Resource CD of activity reproducibles and graphic organizers. 208 pages + CD.

## Everyday Content-area Writing

### Write-to-learn Strategies for Grades 3-5

**Maupin House Publishing, Inc.** "Everyday Content-Area Writing shows intermediate-grade teachers how to integrate writing into daily instruction and use it as an authentic, engaging tool that will develop deeper content-area understanding. Kathleen Kopp's fun and creative, write-to-learn strategies span the gamut of math, science, and social studies to show you how to make writing a time-saving, valuable part of your instructional day. Everyday Content-Area Writing includes: •strategies to build background; foster review, follow-up, and practice through individual and group activities; and teach content-area vocabulary; •note-taking tactics, organizational methods, and ways to save time while bringing meaning to learning; •explanations and guidelines for formative assessments that guide instruction and summative, post-unit assessments that evaluate student learning; •original ideas for incorporating technology inside and outside the classroom, publishing student work, and differentiating instruction; and •tips for establishing a supportive writing environment. Suggested writing resources, ready-to-go templates, unit assessment plans, sample projects, and prompts round out this resource."

## Intensive Reading Interventions for the Elementary Grades

**Guilford Publications** Packed with easy-to-use tools and resources, this book presents intensive intervention strategies for K-5 students with severe and persistent reading difficulties. Filling a key need, the authors describe specific ways to further intensify instruction when students continue to struggle. Chapters address all the fundamental components of reading--phonological awareness, phonics and word recognition, reading fluency, oral language, language and reading comprehension, and writing to read. The authors discuss the design and implementation of intensive instruction and provide effective teaching techniques and activities. Grounded in the principles of data-based individualization, the book includes concrete recommendations for determining students' particular needs and monitoring their progress.

## Optimizing Elementary Education for English Language Learners

**IGI Global Teaching** English language learners has long presented challenges for teachers tasked with bringing these students to a level of language comprehension comparable to that of native speakers. These challenges and issues can lead to difficulty comprehending core academic topics for those learning the English language. **Optimizing Elementary Education for English Language Learners** is a critical scholarly publication that explores the importance of English as a Second Language (ESL) education as well as the challenges that can arise in striving for effective and engaging learning environments for the students involved. Featuring a broad scope of topics, such as effective lesson plans, teacher education and preparation, and the education achievement gap, this book is geared toward academicians, practitioners, and researchers seeking current research on effective teaching strategies for teachers of English language learners.

## Two Bad Ants

Houghton Mifflin Harcourt When two bad ants desert from their colony, they experience a dangerous adventure that convinces them to return to their former safety.

### Master Reading Big Book Gr. 5-8

Classroom Complete Press Become a master reader and advance your understanding of the written word with our Reading Skills 3-book BUNDLE. Students begin by gaining an understanding of the written text with Reading Comprehension. Learn the basics of reading fluency with main idea, context clues and drawing conclusions. Students will then engage in the tools to understanding elementary-level literature with Literary Devices. Examine the fundamental devices that make up any story, including setting, plot and theme. Finally, students will gain the ability to not only understand what they have read, but how to build upon that knowledge independently with Critical Thinking. Students explore the tools that lead to excellent critical thinking skills, such as independent thinking, making inferences and problem solving. Each concept is paired with hands-on graphic organizers and comprehension activities. Aligned to your State Standards and written to Bloom's Taxonomy, reproducible writing tasks, crossword, word search, comprehension quiz and answer key are also included.
