Not only is it comprehensive and clear; it also provides extensive citation to important case and statutory law. Forty-five states and the District of Columbia impose a sales tax on the retail sale of tangible personal property and selected services. In addition, there are 7,500 cities, municipalities, towns, school districts, counties, and other special taxing districts that levy sales and use taxes. The varying rates, the changing jurisdictional boundaries, the different tax bases, and the often inconsistent and contradictory interpretations of similarly worded statutes are all covered. The book also includes a chapter on sales tax reforms, particularly the Streamlined Sales Tax Project. **Nomination Office of Science and Technology Policy Nomination of Richard G. **Comparative Constitutional Law Edward Elgar Publishing** This landmark volume of specially commissioned, original contributions by top international scholars organizes the issues and controversies of the rich and rapidly maturing field of comparative constitutional law. Divided into sections on constitutional design and redesign, identity, structure, individual rights and state duties, courts and constitutional interpretation, this comprehensive volume covers over 100 countries as well as a range of approaches to the boundaries of constitutional law. While some chapters reference the text of legal instruments expressly labeled constitutional, others focus on the idea of entrenchment or take a more functional approach. Challenging the current boundaries of the field, the contributors offer diverse perspectives - cultural, historical and institutional - as well as suggestions for future research. A unique and enlightening volume, *Comparative Constitutional Law* is an essential resource for students and scholars of the subject.
