**Case Studies in Islamic Banking and Finance** [John Wiley & Sons](#) **The first case study based guide to Islamic banking and finance. Based around 13 individual cases, the book stimulates discussion and develops the reader's understanding of Islamic finance by contrasting the existing theoretical knowledge against practical examples. Each chapter concludes with a set of questions designed to test the readers understanding of each case, with suggested solutions at the end of the book. Case Studies in Islamic Banking and Finance [John Wiley & Sons](#) **Case Studies in Islamic Banking and Finance is a pioneering resource that provides practical insights into the real world of Islamic financial transactions, and illustrates the complexities of this rapidly growing mode of modern finance. Based around 12 individual cases, the book stimulates discussion and develops the reader's understanding of Islamic finance by contrasting the theoretical concepts discussed in the author's companion text Introduction to Islamic Banking and Finance with practical real world situations. The cases cover core Islamic banking and finance topics including the Ijara, Mudaraba and Musharaka contracts; Islamic mortgages for home finance; leverage; and issues involved in opening an Islamic bank. Financial statement analysis for Islamic banks, the implications for fund management for equity investing and the impact of loan defaults on Islamic and conventional banks are also included. Each chapter concludes with a set of questions designed to test the reader's understanding of each case, with suggested solutions at the end of the book. This book is a must have resource for those wishing to apply their understanding of this complex subject and is an essential read for anyone seeking practical examples of how to apply the concepts in a real world environment. Green Controlling and Finance. Case Studies** [Wydawnictwo](#)**

**HELION** This book exemplifies activities undertaken by selected enterprises towards resolving significant problems related to green controlling and finance. It presents how the analysed enterprises employ (or may employ) green controlling for coordination of initiatives in environmental and social dimensions. The authors focused primarily on the financial angle of the solutions regarding environmental and social aspects within the scope of corporate strategy, value creation, financial planning, budgeting, indicator analysis, reporting, cost management, investment appraisal, risk analysis and estimation of capital cost. The analyses performed enabled the researchers to prove that elements of green controlling connected with finance are present in the discussed enterprises and may serve as examples of good practices for other business entities striving to increase enterprise value in the long run. **A Handbook of Case Studies in Finance** Cambridge Scholars Publishing This book links the theory of finance to the decisions related to various aspects of the financial management of an organisation. In order to provide the reader with a better understanding of the concept of finance, a theoretical guide to related terminology is included here. The case studies brought together require students to look deep into the concepts of finance in order to solve the problems and issues they present. The case studies here focus on important concepts of finance which help students to relate the concept with decision-making processes. **Business Studies Class XII - SBPD Publications** SBPD Publications Part 'A' : Principles and Functions of Management 1. **The Trade and Receivables Finance Companion A Collection of Case Studies and Solutions** [Palgrave Macmillan](#) The Trade and Receivables Finance Companion: A Collection of Case Studies and Solutions is based on the author's personal experience gained through more than 40 years in the field of trade finance. This Companion applies the techniques described in his first volume, Trade and Receivables Finance: A Practical Guide to Risk Evaluation and Structuring to an extensive range of international trade scenarios. Practical solutions are discussed and presented through a specially selected collection of more than 20 case studies. These books provide an unrivalled and highly practical set of manuals for the trade and receivables financier. The reader is taken on a journey from the structuring of trade products including collections, import and export letters of credit, back to back credits, guarantees and standby credits to fully and partially structured financing solutions for the importer, manufacturer, distributor, middle-party and exporter. Each funding technique provides a compelling alternative to an overdraft. The case studies include the risk assessment and financing of open account payables, stock and receivables transactions and the evaluation and use of credit insurance as a supporting tool. The structuring of commodity finance across the trade cycle, to include warehousing, and call-off is also described. Many of the chapters contain a summary 'keynote' overview and comprehensive 'deal sheet' extracts of the chosen solution detailing facility and operational requirements.
