KEY=PROBLEMS - YAZMIN DEREK

The Bible and Radiocarbon Dating Archaeology, Text and Science

Routledge Over the past several years, a number of Levantine archaeologists working on the Iron Age (ca. 1200 - 586 BCE) have begun to employ high precision radiocarbon dating to solve a wide range of chronological, historical and social issues. The incorporation of high precision radiocarbon dating methods and statistical modelling into the archaeological 'tool box' of the 'Biblical archaeologist' is revolutionizing the field. In fact, Biblical archaeology is leading the field of world archaeology in how archaeologists must deal with history, historical texts, and material culture. A great deal of debate has been generated by this new research direction in southern Levantine (Israel, Jordan, Palestinian territories, southern Lebanon & Syria, the Sinai) archaeology. This book takes the pulse of how archaeology, science-based research methods and the Bible interface at the beginning of the 21st century and brings together a leading team of archaeologists, Egyptologists, Biblical scholars, radiocarbon dating specialists and other researchers who have embraced radiocarbon dating as a significant tool to test hypotheses concerning the historicity of aspects of the Old Testament or Hebrew Bible. As this book "raises the bar" in how archaeologists tackle historical issues as manifest in the interplay between the archaeological record and text, its interest will go well beyond the 'Holy Land.'

History of Biblical Israel

Major Problems and Minor Issues

BRILL The book holds 26 chapters encompassing the history of Israel from its very beginnings up to the destruction of the First Temple of Jerusalem (586 BC). The successive parts are The Dawn of Israel, Forming a Nation, The Rise of the Davidic Dynasty, and King Amon and Josiah and their final fate. The last part is dedicated to historical episodes in the Former Prophets and in the Prophetical Books. Several excursi follow. This publication has also been published in paperback, please click here for details.

The Handbook of Biblical Chronology

Have you been skipping over references to time in the Bible because they seem too confusing? Professor Jack Finegan's "Handbook of Biblical Chronology" clarifies those ancient systems of time reckoning and the biblical passages that use them. Part 1, Principles of Chronology in the Ancient World, describes the origins of basic units of time and surveys the calendars used in the Ancient Near East through the Roman era. Part 2, Problems of Chronology in the Bible, discusses major periods of the Old Testament, as well as the lives of Jesus, John the Baptist, and the Apostles Peter and Paul.

The Chronological Guide to Bible Prophecy

An Illustrated Panorama from Genesis to Revelation

Harvest House Publishers A Big-Picture Overview of Bible Prophecy God's fulfilled promises are a powerful reminder of the trustworthiness of his Word. Prophecy makes up nearly 30 percent of the Bible—and of that, 75 percent has already been accomplished! With The Chronological Guide to Bible Prophecy, author and illustrator Todd Hampson will deepen your sense of wonder for the Bible's complete accuracy while guiding you through a timeline of God's pledges to his people. You will... examine completed Bible prophecies—and witness how these unbroken promises create a clear and compelling apologetic for your faith understand the prophesied events that are still to come and the order in which they will occur grow in reverence for our incredible God, who uses prophecy to make his amazing faithfulness known to us This fun and informative book provides a comprehensive survey of the many prophecies found in Scripture, underlining their themes and illuminating why they bring us hope today. Complete with Todd's signature illustrations, The Chronological Guide to Bible Prophecy is an invaluable resource for prophecy newcomers and enthusiasts alike.

Chronology of the Hebrew Bible

(T'Nach): Re-Viewed

AuthorHouse Mr. Robert Paul Killians avid interest in biblical chronology has a history of over seventy years. The Killian family had visited the Natural History Museum and the La Brea Tar Pit in the Los Angeles area before his seventh birthday in June of 1939. Later, when the Killian family moved from Los Angeles to Grants Pass, Oregon, in early 1945, Bob continued to indulge his curiosity in the study of the biblical stories. He had enlisted in the US Navy Reserve during his last year at Grants Pass High School, graduating with the Class of 50. He then volunteered for two years active duty in the US Navy in late summer of 1951 to serve in the Korean Conflict. When that war ended in June of 1953, he was honorably discharged and chose to serve with the Grants Pass Naval Reserve Program for a total of eight years. That choice resulted in his being awarded a second honorable discharge from the US Naval Reserve in 1958.

A Chronological Tour Through the Bible

Harvest House Publishers Travel Straight Through the Events of Scripture Imagine how your understanding of the Bible could grow if you knew how every part and player fit together on the stage of time! Bible scholar Ron Rhodes, author of the popular book *The End Times in Chronological Order*, now presents a spectacular bird's-eye view of God's larger work—past, present, and future. You'll see... who was used by God to display His glory and spread His message what key happenings shine a light on God's will throughout the ages when the true stories of Scripture took place—in order where these events unfolded, and the direction humanity is headed why it's important to study these details found in God's Word Are you ready to take the tour? Experience the wonder of knowing your Bible better—and let this inspire you to draw closer to God than ever before.

Isaac Vossius (1618-1689) between Science and Scholarship

BRILL This volume describes how Isaac Vossius (1618-1689) rose to fame in the fascinating world of seventeenth-century scholarship and science.

Archaeology and Bible History

Zondervan This reference tool shows how archaeological discoveries in Bible lands have helped to confirm the accuracy of Scripture and give understanding to it.

Eerdmans Dictionary of the Bible

Wm. B. Eerdmans Publishing The Eerdmans Dictionary of the Bible gathers nearly 5,000 alphabetically ordered articles that thoroughly yet clearly explain all the books, persons, places, and significant terms found in the Bible. The Dictionary also explores the background of each biblical book and related writings and discusses cultural, natural, geographical, and literary phenomena--matters that Bible students at all levels may encounter in reading or discussion. Nearly 600 first-rate Bible authorities have contributed to the Eerdmans Dictionary of the Bible. Intended as a tool for practical Bible use, this illustrated dictionary reflects recent archaeological discoveries and the breadth of current biblical scholarship, including insights from critical analysis of literary, historical, sociological, and other methodological issues. The editorial team has also incorporated articles that explore and interpret important focuses of biblical theology, text and transmission, Near Eastern archaeology, extrabiblical writings, and pertinent ecclesiastical traditions--all of which help make the Eerdmans Dictionary of the Bible the most comprehensive and up-to-date one-volume Bible dictionary on the market today.

The Military History of Ancient Israel

Greenwood Publishing Group Gabriel provides the first attempt at a continuous historical narrative of the military history of ancient Israel.

Chronology of the Old Testament

New Leaf Publishing Group The Chronology of the Old Testament has one goal to accomplish: to demonstrate "that every chronological statement contained in the Sacred Writ is consistent with all other chronological statements contained therein." Author Floyd Nolen Jones carefully and thoroughly investigates that chronological and mathematical facts of the Old Testament, proving them to be accurate and reliable. This biblically sound, scholarly, and easy-to-understand book will enlighten and astound its readers with solutions and alternatives to many questions Bible scholars have had over the centuries. Features: Scriptural solutions to many biblical mathematical controversies Sir Robert Anderson's calculation error corrected The 483-year prophecy of Daniel 9:25 explained A scriptural formula which biblically synchronizes the kingdoms of Judah and Israel 48 charts, graphs, and diagrams included in text Fully indexed with complete bibliography Supports and updates James Ussher's *Annals of the World* With reliable explanatory text, detailed charts, and diagrams, this book provides a systematic framework of the chronology of the Bible from Genesis through the life of Christ. No Bible scholar should be without this indispensable reference tool.

(3) The Rise of the Davidic Dynasty, a political view of the kingdom of David and Solomon, the diplomatic, international marriages of the latter, organs of statecraft in the Israelite monarchy. (4) King Amon and Josiah and their final fate, twilight of Judah and the destruction of Jerusalem. (5) This part is dedicated to historical episodes in the Former Prophets and in the Prophetic Books. Several excursi follow. Readership: All those interested in the history of the Ancient Near East and Old Testament Studies.

Bible Chronology

Time-Line of Holy Scripture: A New Look at Old Problems in the Chronology of the Bible

An Introductory Bibliography for the Study of Scripture

Gregorian Biblical BookShop This third edition of the Introductory Bibliography for the Study of Scripture builds on the two preceding editions Older, obsolete titles have been eliminated, and newer relevant entries substituted, the twenty-four chapters of the book remain the same, but the contents of them have often changed. The book has been internationalized wherever possible and British publishers have been added to entries, when they could be ascertain. The aim of this revision remains what it has always been: to present a list of titles of reasonable length with which the student who is beginning the study of theology or of Scripture in a serious way might do well to familiarize himself or herself.

The Wycliffite Bible: Origin, History and Interpretation

BRILL The Wycliffite Bible: Origin, History and Interpretation offers new perspectives and research by leading scholars on the first complete translation of the Bible into English produced at the end of the 14th century by the followers of John Wyclif.

Qumranica Minora II

Thematic Studies on the Dead Sea Scrolls

BRILL This collection of essays by Florentino Garcia Martinez, includes studies on the interpretation of biblical texts in the Scrolls, priestly functions in a community without temple, Messianism, magic, wisdom, sonship, and the "other" in the Dead Sea Scrolls.

Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism. Part I: The Nineteenth Century - a Century of Modernism and Historicism

Part 1: The Nineteenth Century - a Century of Modernism and Historicism

Vandenhoeck & Ruprecht Dieser erste Teilband des dritten und letzten Bandes des HBOT-Projekts setzt die kritische Darstellung der ganzen Rezeptions-, Auslegungs- und Forschungsgeschichte der Hebräischen Bibel / des Alten Testaments fort und berücksichtigt die neuen Aspekte dieser Geschichte im neunzehnten Jahrhundert, und zwar auf jüdischer wie auf christlicher Seite, unter katholischen wie unter protestantischen Theologen und Forschern. Dabei macht sich vor allem eine neue Faszination des Phänomens einer vielfältigen und bunten Geschichte bemerkbar; die »Geschichte« rückt in den Brennpunkt, und mit dem immer breiter ausgreifenden und vielfältigen historischen Kontext tritt ein entschieden stärkeres Interesse an historischen Fragestellungen bei der Auslegung und Erforschung der Bibel in den Vordergrund. Diese Kursänderung kommt namentlich an den Tag, wenn das Alte Testament in seinen vorderorientalischen Kontext näher eingeordnet wird, während die Bezüge zur Kirche und Synagoge mehr oder weniger geschwächt werden. Sobald eine historisch-kritische Annäherungsweise und Methode in der Bibelforschung allmählich an Dominanz gewinnt, gerät das Verhältnis zwischen der neuen wissenschaftlichen Exegese und der herkömmlichen kirchlichen Auslegung des Alten Testaments mehrfach in eine Krise, und zudem werden Streitigkeiten zwischen Fronten hervorgerufen; doch enthält diese weithin krisenhafte Lage noch Möglichkeiten fruchtbarer Neuorientierungen - in der Bibelwissenschaft wie in Leben und Lehre der Kirchen. Dabei greift das auslaufende 19. Jahrhundert auf das 20. Jahrhundert aus.

Leibniz, Mysticism and Religion

Springer Science & Business Media This important, well-researched collection of essays will change many readers' perceptions of Leibniz and of the seventeenth century. Dealing with such subjects as Leibniz's occult sources, his interest in mysticism, Kabbalah, and Chinese philosophy, and his attitude towards enthusiasm, the authors provide new insights into Leibniz's thought and the cultural context in which he lived. The individual essays bring forward much in the way of new primary material, while at the same time conserving the valuable aspects of older commentators on Leibniz (Baruzi, Meyer, Loemker). The fact that the authors frequently disagree makes this an exciting collection that is bound to provoke discussion and debate. While this book will especially appeal to Leibniz scholars, it has much to recommend it to readers interested in the philosophy, theology, and science of early modern Europe.

Hezekiah in History and Tradition

BRILL This study draws upon the biblical books of Kings, First Isaiah and Chronicles, in conjunction with Assyrian records and ancient Near Eastern archaeology, in order to provide an updated historical reconstruction of the influential Judean monarch Hezekiah.

The New Cambridge History of the Bible: Volume 4, From 1750 to the Present

Cambridge University Press This volume examines the Bible's role in the modern world, with a focus on its dissemination throughout the Americas, Africa, and Asia.

Early Creationist Journals

or personal journaling You'll be refreshed and restored in your relationship with Jesus as you experience His Word in a life-changing way.

New Collegeville Bible Commentary

One Volume Hardcover Edition

Liturgical Press The completion of all thirty-seven volumes of the New Collegeville Bible Commentary means an important new resource is fully available to all who wish to delve more deeply into the word of God. Now the one-volume, hardcover edition brings together every volume into a single, accessible guide to the entire Bible in a convenient and attractive format. This comprehensive resource contains the same expert commentary that characterizes the complete series of individual books. Contributors include some of today's most highly regarded Scripture scholars, as well as some of the freshest young voices in the field. The commentaries, while reflecting the latest in biblical scholarship and study, are written in easy-to-understand language and bring expert insight into the Old and New Testament to Bible study participants, teachers, students, preachers, and all readers of the Bible. Includes full-color maps.

The Dark Bible

Cultures of Interpretation in Early Modern England

Oxford University Press The Dark Bible explores early modern England's interactions with difficult aspects of the Bible. For the early modern reader, although the Bible was understood to be perfect, sufficient, and transcendent (indeed, the Protestant Reformation required it), it was not always experienced as such. While traditional interpretive precepts, such as the claim that all dark passages could be read in the light of clear ones, were frequently recited by early modern commentators, their actual encounters with the darkness of the Bible suggest that writers, commentators, and translators were oftendeeply uncomfortable with the disjunction between what the Bible should be, and what it actually was. The Dark Bible investigates writers' and translators' attempts to explain, accommodate, circumvent, and repair problematic texts across a range of genres and contexts. It charts early modern English use of biblical scholarship in vernacular culture and investigates how vernacular writing in various genres could give voice to questioning and confused biblical interactions. The Dark Bible demonstrates that early modern writers and critics engaged extensively with the Bible's difficulties, attempting to circumvent and repair problematic texts, and otherwise reconcile the darkness of the Bible with theories of the Bible's perfection and clarity.

Mastering the Discipline of Bible Study

Volume 1

WestBow Press This work, along with the other volumes in the Foundational Knowledge of the Bible series, can help those who are young in the faith to seek a Christian relationship with God. All who choose to enter into the new covenant must concurrently embrace a new perceptual field. By heeding God's call to service, believers embark upon a Christian journey to become wise from the application of spiritual knowledge. This is made possible with the indwelling of the Holy Spirit who guides covenant believers in the faithful word of God, which is the source of all spiritual truth in this world. The intended purpose presented in this plan of action is to speak the truth of God in love so that the brethren can learn godly discernment, be equipped with sound doctrine, and grow together in all things according to Christ's authoritative leadership (Eph. 4:15). By becoming covenant Christians set apart by God for his particular use, we can be diligent by precisely and accurately handling the word of truth (2 Tim. 2:15). This series can serve to edify and ground those who are new in the faith because the revelation of God provides all the essential answers to life's pressing spiritual questions, whether general or specific. Accordingly, Christ's disciples need to comprehend the questions before the answers can have real meaning. No greater reason can be given for studying the Bible. Therefore, the people of God are duty-bound to master this Christian discipline. The first volume in this series is divided into three phases of Bible study: "Why" addresses the importance of knowing God's word, study motivations, conditions for discipleship, Christian distinctions, and the attributes needed to study biblical truth. "How" covers preliminary actions, Bible versions, principles, study considerations, and necessary skills. "What" offers a unique sevenfold framework for understanding the Bible. Divine power can move the Scriptures to be more than words on a page. It can become a life-changing force for good in the world. To that end, this resource directs the reader on how to inquire, search, and ask diligently concerning godly truth. Invaluable information, accessible resources, clear educational materials, and deep biblical insights will all quickly serve to establish beginning students in the Sacred Text. This work will also prepare the reader to receive the Scriptures by learning how to obtain a faithful accounting of spiritual truth. To be sure, wisdom is the result of applying biblical knowledge to our lives. By speaking divine truth in love, believers can grow together in Christ as fellow workers who labor in the word of God. There is no greater work in this world than to share this life-saving truth with others. The obligation of receiving divine knowledge requires that it be shared. Truly, giving the hope and joy that is found in Jesus Christ, and the message he brought from the Father, is the greatest privilege of a

human life. Amen, and amen.

Handbook of Biblical Chronology

Principles of Time Reckoning in the Ancient World and Problems of Chronology in the Bible

Hendrickson Pub Have you been skipping over references to time in the Bible because they seem too confusing? Professor Jack Finegan's updated and revised Handbook of Biblical Chronology clarifies ancient systems of time reckoning for serious Bible students.

Bible and Interpretation: The Collected Essays of James Barr

Volume II: Biblical Studies

Oxford University Press The second of three volumes of James Barr's collected essays. This volume focuses on biblical interpretation and the history of the discipline. It also contains material on biblical fundamentalism.

The Mysterious Numbers of the Hebrew Kings

Kregel Academic (New revised edition) Considered the classic and comprehensive work in reckoning the accession of kings, calendars, and coregencies based upon the Old Testament text and other extra-biblical sources.

NIV, Archaeological Study Bible

Nativity: The Christmas Story, Which You Have Never Heard Before

The Christmas Story, Which You Have Never Heard Before

Author House Sometimes reading like a historical novel, or a forensics detective story, a melodrama, or a scientific adventure, Nativity takes the reader on a fast, awesome ride of discovery into the real history and real people behind the birth of Christ. Nativity is the ideal reference for pastors, students, and laymen, combining scholarly depth and reliability in a popular writing style easily accessible to all with references for independent study. New elements of meaning and relevance to the Nativity Scientific evidence virgin births occur as often as identical twins but Jesus was one of a kind The life and death drama behind Joseph and Mary rarely told The real events of Bethlehem and Nazareth Herod amazing genius whose architecture excelled Rome, and kept his murdered wife in a jar of honey! Was Jesus incarnated from the time of the Fall? Is the Christmas tree a pagan idol or a biblical image of the Tree of Life? While vigorously defending the traditional faith, Richard Racy gives new insights and new theological perspectives guaranteed to inform and provoke while entertaining in a major new work on the birth of Jesus Christ.

Past, Present, Future

The Deuteronomistic History and the Prophets

BRILL The re-writing of the history of Israel, in the light of past failures and hopes for the future, by Deuteronomistic historians and prophets, is discussed in this series of studies. In this volume, the vitality of the Hebrew Scriptures is once again demonstrated.

The Holy Bible "Chronicle" of Sequential Biblical Events

AuthorHouse Most of us have wondered, sometime during our lifetime, about when Adam and Eve were really "expelled from paradise" in the Garden of Eden. "Can" we find a verifiable and replicable answer to this question? Most of us have questioned, sometime during our lifetime, the "accepted" sequential biblical timeline of Archbishop James Ussher who claimed that 4004 BC was the actual date for that initial biblical event in our current holy scriptures. Was he right? Most of us have questioned, sometime in our lifetime, how the Hebrew's "accepted" claim that 3761 BC could be the actual date for Adam's "expulsion." Were they right? "Can" we find a way to reconstruct the complete Hebrew Bible timeline, from Adam's "expulsion" from paradise to our day? Is this possible? Who believes that it can be done? Well, it has been done! Here, is how it is done! To reconstruct the Hebrew Bible timeline, we need to know only the simple math formula that they used! The employment of this simple formula shall enable us to rebuild that same sequential biblical timeline, block by block, in the exact same fashion that the Jewish people "use from the beginning," at Adam's "expulsion" from paradise, in the Garden of Eden. The formula used in reconstructing an "actual count" of the Hebrew Bible is found below: $7 \times 7 = 49$ $10 = 490$ $10 = 4,900$ solar years $7 \times 7 = 49 + 1 = 50$ $10 = 500$ $10 = 5,000$ lunar years Since both of these 49 solar, and 50 lunar, periods of time contain 18,200 days (approx), we can then "post the number" of any given sequential biblical event in its designated year position on a side-by-side comparison chart. If we "post the number" in this fashion, it will show us exactly when and where, on the timeline chart, there is an error in the sequential computations of any sequential biblical event that is propounded by any biblical chronologist, past or present! In this present book, we find that the Ussher biblical timeline is 112 years "too early." And the Hebrew biblical timeline of Codex Judaica is 131 years "too late." Obviously, 3892 BC is the only "year number" that can work for a verifiable timeline! This book, "The Holy Bible "Chronicle" of Sequential Biblical Events," by Robert P. Killian, is the fruit of over seventy-year search for that verifiable and replicable answer to the long-sought question: "Can the Ussher biblical timeline be trusted?"

Through the Ages in Palestinian Archaeology

An Introductory Handbook

A&C Black The public's continuing fascination with Near Eastern archaeology has often been frustrated by highly technical and specialized studies. This volume masterfully rectifies that situation. Here, in concise and readable form, is a comprehensive introduction to Palestinian archaeology (the region encompassed by the State of Israel, the West Bank, and the Hashemite Kingdom of Jordan) from the Stone Age to the Islamic period. Readers are provided with clear explanations of unfamiliar terms, geographical locations, dates, archaeological procedures, links with biblical text, and the like. Photo illustrations enhance the presentation throughout. Selected bibliographies for each chapter direct readers to appropriate resources for additional information. Through the Ages of Palestinian Archaeology constitutes a handy reference both for those already familiar with archaeology and for those who know little of why archaeologists do what they do and what can be learned from their work and their discoveries. Walter E. Rast is Professor in the Department of Theology at Valparaiso University in Indiana. He is second vice-president of the American Schools of Oriental Research and former editor of the Bulletin of the American Schools of Oriental Research. With R. Thomas Schaub, he is author/editor of The Expedition to the Dead Sea Plain Series whose first volume, Bab ed-Dhra, is now in print.

The Bible in History

Robert B. Waltz The Bible in History. A study of the history, folklore, and occasionally even the mathematics underlying the Bible. A sort of dictionary of scholarly material you likely won't find elsewhere. Dedicated to Elizabeth Rosenberg, Patricia Rosenberg, and Catie Jo Pidel. Please understand that this is not a Biblical commentary. Also, while I try very hard to avoid actual theological discussions, the work is very much based on "external evidence" -- the manuscripts of the Bible, the evidence of other historical records, the findings of science, the folklore about the Bible. Some of this can be offensive to some, particularly those who try to find exact literal truth in the Bible. I hope you will accept it (or else not read it :-)) in that light. If you are still interested, there is a lot of historical background about the Bible here -- not always direct links to the Bible, but the context of the nations among whom the Israelites lived. There is no Biblical mention of (say) Nabopolassar of Babylon, but his actions would deeply influence Judean history. Knowing even a little of that history can help understand the Bible. Also, where there are variant readings in the manuscripts of the Hebrew Bible or the New Testament, I note it. This may mean that we are uncertain what the Bible says -- and hence what it

means. I try either to recover the original meaning or, in some cases, to assess the meanings of both readings. And then there are the tidbits of science and folklore and anything else I can think of.... The result is a grab bag. Some parts may be useful, some may not. The idea is to browse and see what strikes your fancy. With luck, you'll understand more about the Bible after doing so.

The Oxford Handbook of the Bible in Early Modern England, C. 1530-1700

Oxford University Press, USA The Oxford Handbook of the Bible in Early Modern England, c. 1530-1700 is the indispensable and authoritative guide to the most important book in early modern England. It is essential reading for undergraduates and postgraduates in literature, history, and theology, and an important resource for scholars across the Arts and Humanities. The Handbook includes chapters from the leading scholars in the field, covering topics from sacred geography to biblical falsehood, translation to revolution, material culture to Milton. Sections explore issues of translation, early modern biblical scholarship, Bible dissemination and circulation, the use of the Bible as a political resource, literary appropriations and responses, and the reception of the text across a range of forms.
