### KEY=BOND - FIELDS JORDAN

---

#### RED PHOENIX BURNING

---

"North Korea has one of the world's largest standing armies, capable of unleashing a massive arsenal of chemical and nuclear weapons. With an unstable government, under absolute dictator Kim Jong-un. North Korea more closely resembles an organized crime ring than a real nation-state. Millions live on the edge of starvation while Pyongyang's ruthless generals, crooked bureaucrats, and vicious secret police wage a covert war against each other to expand their rival fiefdoms. Red Phoenix Burning explores the implosion of this corrupt regime--a coup that triggers a bloody civil war among the North's brutal factions. The world is dragged into a violent and rapidly widening confrontation amid North Korea's shattered ruins, bringing it to the edge of an all-out war that could engulf the entire civilized world."--Container.

---

#### RED PHOENIX

---

*Warner Books (NY)* Violent riots formented by foreign agents are breaking out in South Korea. Seizing the opportunity, North Korea launches a lightning invasion, with heavy Soviet support, whose aim is to unite North and South under Communist rule. The second Korean War has begun and World War III may be imminent.

---

#### CAULDRON

---

*Grand Central Pub* The author of Red Phoenix and Vortex outdoes himself--with an epic adventure straight out of tomorrow's headlines. When France and Germany unite against America, Britain and the Eastern European democracies, the former Soviet Union is caught in the middle of a trade war that turns into a shooting war.

---

#### LARRY BOND'S RED DRAGON RISING: SHADOWS OF WAR

---

*Forge Books* More than twenty-five years ago, Larry Bond helped Tom Clancy write Red Storm Rising, the iconic techno thriller of the Cold War era. Now he returns (with Jim DeFelice) to start a classic series for our era, Larry Bond's Red Dragon Rising, which imagines the globe torn apart by climate change and its economic and geopolitical fallout. In book one of this four-book series, rapid climate change leads to mass riots in China, and a new communist premier seeks to relieve pressure by marching on traditional Chinese enemies in Southeast Asia. Desperately coping with its own problems, the United States wants to avoid nuclear war at all costs--but ultimately must fight to preserve world peace. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

---

#### RED STORM RISING

---

*HarperCollins UK* The superpowers hurtle towards global conflict, in this chillingly authentic vision of modern warfare.

---

#### THE ENEMY WITHIN

---

*Hachette UK* America's largest cities are in flames. Its majestic landmarks are in ruins. Oceans and boundaries offer no protection. It is the first sophisticated, intelligently planned, and utterly ruthless terrorist campaign waged on U.S. soil. As national leaders, armies, and artificial intelligence strive to win the unconventional war, two men--once friends, now adversaries to the death--race to a decisive confrontation.

---

#### VORTEX

---

*Grand Central Pub* As the forces of white supremacy make their last stand against South Africa's black majority, America mobilizes Operation Brave Fortune to prevent global chaos. Reprint.

---

#### SHATTERED TRIDENT

---

*Macmillan* Witnessing a torpedo attack on a Vietnamese merchant ship by a Chinese nuclear sub, USS North Dakota captain Jerry Mitchell helps to forge a tenuous new alliance with Western Pacific nations in a covert submarine campaign aimed at crippling China's economy and preventing a full-scale war.

---

#### THE RED DRAGON RISING SERIES

---

## PHOENIX RISING

---

---

### THE RISE AND FALL OF THE AMERICAN REPUBLIC

---

*Phoenix Rising* In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered. Inquires like, 'How can a modern society scale back its dependence on gasoline as a motive source?' 'Are there genuine alternative power sources?' 'Are they the answer to a growing crisis?' Recent announcements of hybrids like those from Honda, Toyota, and Ford have really brought attention to this issue. Hybrids that use both gasoline engines and electric motors. Really, though, alternative power sources have been around for as long as the automobile has been. The battle between and among the steam car, the electric and the gas car was fought out in the first couple of decades of the twentieth century. This book explores the ins and outs of that battle. A struggle from which the gasoline car emerged completely victorious. To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades. We will look over all three alternatives, exploring their advantages and disadvantages. We will also look over the obstacles to the steamers and the electrics. Barriers that still exist to a certain extent. Handicaps that caused their disappearance in the first place.

---

### LARRY BOND'S FIRST TEAM: FIRES OF WAR

---

*Macmillan* When, after years of tough negotiations, North Korea's Kim Jong Il suddenly agrees to surrender all of his nuclear weapons, a suspicious U.S. government sends the First Team in to uncover the truth, racing against time to stop a mysterious conspiracy plotting a full-scale nuclear attack that could throw the entire world into political and economic chaos. Reprint.

---

## CAULDRON

---

*Penguin* Chosen as One of the Five Best SF Novels of the Year by Library Journal. When a young physicist unveils an efficient star drive capable of reaching the core of the galaxy, veteran star pilot Priscilla ?Hutch? Hutchins finds herself back in the deepest reaches of space, and on the verge of discovering the origins of the deadly omega clouds that continue to haunt her.

---

## RED ARMY

---

*Simon and Schuster* Explores the human side of the Soviet Red Army during an invasion of Germany that forces a desperate response by the U.S. and its NATO allies.

---

### PRE-INCIDENT INDICATORS OF TERRORIST INCIDENTS

---

---

### THE IDENTIFICATION OF BEHAVIORAL, GEOGRAPHIC AND TEMPORAL PATTERNS OF PREPARATORY CONDUCT

---

*DIANE Publishing* This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

## ARCTIC GAMBIT

---

---

### A JERRY MITCHELL NOVEL

---

*Forge Books* Jerry Mitchell returns in *Arctic Gambit*, an explosive military thriller by New York Times bestselling author Larry Bond Jerry Mitchell, now the commodore of submarine Development Squadron Five, is dismayed when USS Toledo is reported missing in Arctic waters, close to Russian territory. The vessel is captained by his former shipmate and close friend, Lenny Berg. Eager to investigate, Jerry convinces the Navy to redirect one of his squadron's boats to find out what happened. It turns out Toledo was sunk just outside of Russian territorial waters by a torpedo launched from a naval mine. Even more disturbing is the discovery that Russia is building a deadly weapon. Engineers have modified the STATUS-6, a strategic nuclear-propelled, nuclear armed torpedo that is already operational, into a stealthy first strike weapon: Drakon. This new tool would allow the Russians to launch a completely covert nuclear decapitation strike on the USA. The new Russian president has plans for Europe, and is more than willing to use nuclear blackmail—or an actual attack—to keep the Americans from interfering. To avoid a Russian war in Europe, and

a nuclear catastrophe at home, Mitchell must find a way to destroy the Drakon launcher before it's too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

---

## PIRANHA

---

*Penguin* Juan Cabrillo and the crew of the Oregon find themselves exposed when a brilliant scientist blows their cover in the #1 New York Times-bestselling series by the grand master of adventure. In 1902, the volcano Mt. Pelée erupts on the island of Martinique, wiping out an entire city of thirty thousand—and sinking a ship carrying a German scientist on the verge of an astonishing breakthrough. More than a century later, Juan Cabrillo will have to deal with that scientist's legacy. During a covert operation, Cabrillo and the crew meticulously fake the sinking of the Oregon—but when an unknown adversary tracks them down despite their planning and attempts to assassinate them, Cabrillo and his team struggle to fight back against an enemy who seems to be able to anticipate their every move. They discover that a traitorous American weapons designer has completed the German scientist's work, and now wields extraordinary power, sending the Oregon on a race against time to stop an attack that could lead to one man ruling over the largest empire the world has ever known.

---

## FATAL THUNDER

---

### A JERRY MITCHELL NOVEL

*Forge Books* Jerry Mitchell returns in *Fatal Thunder*, a gripping thriller from New York Times bestselling author Larry Bond India and Pakistan are stalemated in a war that India launched to “remove the threat of terrorism, once and for all.” Without the knowledge of the rest of the Indian government, a small but powerful group of senior military officers and civilian security officials have decided to strike at China, Pakistan's backer and India's recent enemy in the Littoral Alliance War. The conspirators' planned attack will leave Pakistan largely undefended, ensuring the success of India's military campaign. To conceal the origins of the attack, the group has obtained Russian-made nuclear warheads and torpedos from a renegade Russian arms merchant, which will be delivered covertly by INS Chakra. Girish Samant, until recently the captain of Chakra, discovers hints of the far-reaching conspiracy and seeks aid from an old enemy, the only person he can trust: skipper of the USS North Dakota, Jerry Mitchell.

---

## THE SECRET LIFE OF HOUDINI

---

### THE MAKING OF AMERICA'S FIRST SUPERHERO

*Simon and Schuster* Using exclusive access to newly uncovered archives, Kalush and Sloman reveal the clandestine agreements in which the British and Americans recruited Houdini to be an active secret agent. In exchange for his cooperation, the governments of these two countries facilitated his rise to the top of the world stage. The authors give thrilling accounts of his assignments, such as his participation in early aerial surveillance and his use of his own magic magazine to communicate espionage-related information. After the war, Houdini embarked upon what became his most dangerous mission when he took on the Spiritualist movement. Convinced that Spiritualist mediums were frauds, he became obsessed with exposing them. But the Spiritualists were a powerful adversary. An organized network of fanatics, led by Sherlock Holmes creator Arthur Conan Doyle, worked relentlessly to orchestrate a campaign that would silence Houdini forever. Grounded in solid research, but as exciting and dramatic as a good thriller, *THE SECRET LIFE OF HOUDINI* traces the magician's long and circuitous route from struggling vaudevillian to worldwide legend.

## RED PHOENIX

---

### A NOVEL

### ARC LIGHT

*Simon and Schuster* In a scenario terrifyingly close to today's headlines, Harry's debut novel opens with a North Korean invasion of South Korea that leads, through a series of tragic errors and decisions, to a Russian nuclear attack on military bases in the U.S. Like techno-thriller master Tom Clancy, Harry offers a sprawling narrative that focuses on a small army of soldiers, politicians and their families, American and Russian. National Security Advisor Greg Lambert must keep and tell secrets that may lead to Armageddon; Reservist David Chandler must leave his pregnant wife in order to drive a tank; U.S. President Walter Livingston, eager for peace, must endure the ignominy of impeachment; Russian General Yuri Razov must deal with the consequences of his initial decision to launch nuclear missiles. Ground, air and submarine battles alternate with scenes of anarchy stateside as exhausted leaders are forced to make instant decisions that might snuff out humanity forever. With a masterful grasp of military strategy and geopolitics, Harry moves his characters through nightmares of blood and death; his intricately detailed scenes of nuclear devastation are particularly horrifying. Told through a series of rapid-fire climaxes, this novel, a political and military cautionary tale of considerable power and conviction, will keep readers riveted. —Publishers Weekly

## ROLLING THUNDER

---

### AN HISTORICAL NOVEL OF WAR AND POLITICS

*Mark Berent* As hostilities escalate in late 1965, the fates of three men intertwine in Vietnam.

---

## **THE NEMESIS PROGRAM (BEN HOPE, BOOK 9)**

---

*HarperCollins UK* **FROM THE #1 BESTSELLING AUTHOR 'Deadly conspiracies, bone-crunching action and a tormented hero with a heart . . . packs a real punch' Andy McDermott**

---

### **LASH-UP**

---

*Macmillan* **When China provokes a military crisis and shoots down GPS satellites, a team of soldier-scientists races against time to design, build and launch armed spacecraft to defend America's remaining satellites and protect the world from space weapons.**

---

### **DANGEROUS GROUND**

---

#### **A JERRY MITCHELL NOVEL**

---

*Forge Books* **The USS Memphis, a dilapidated submarine that that should have been mothballed decades ago, has been given one last mission by the newly elected president. The task: To sneak illegally into Russia's coastal waters and recon the leaking nuclear fuel containers hidden on the floor of the Arctic Ocean. More than just an environmental nightmare, this radioactive burial ground houses enough nuclear capability to destroy most of America's major cities. Lowell Hardy: The Memphis's commander, who had been looking forward to flag rank and pleasant duty upon the sub's decommissioning. Now he is trapped in an inconceivably dangerous and illegal mission which could easily end his career, if not his life and the lives of his crew. But it's the crew who feel Hardy's tension as he tyrannizes everyone on board to ensure they'll be ready for anything. Jerry Mitchell: A former naval pilot with political connections, he is a novice submariner, unprepared for his demanding job as a weapons officer. Central to the Memphis's mission, Mitchell may be its greatest liability . . . or its ultimate salvation. Dr. Joanna Patterson: The senior civilian scientist, appointed by and reporting to the president, she is a world-class expert on nuclear fuel contamination--and every bit as demanding as Hardy. Patterson and her partner, Dr. Emily Davis, soon find themselves battling flaring tempers, faulty machinery, lethal radioactivity, and the raging arctic seas. The submariners: Seething with rage at their Captain Bligh-like commander and the equally domineering Joanna Patterson, they are also at war with Jerry Mitchell, and one another. Like the captain, they feel they deserve better, not this antiquated relic, not this hostile scientist, not this novice weapons officer, and definitely not this disastrously dangerous mission. Nor is the mission what it seems. Lurking beneath the frigid, black, radioactive waters is a secret far more deadly than anything naval command could imagine--a secret so menacing the Russian Fleet is hell-bent on destroying the Memphis and all who sail in her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.**

---

### **KILO CLASS**

---

#### **A COMPELLING AND CAPTIVATINGLY TENSE ACTION THRILLER - REAL EDGE-OF-YOUR-SEAT STUFF!**

---

---

## WINGMAN

---

*Open Road Media* The first book in the bestselling, action-packed Wingman Series: With America in ashes, and lawlessness threatening to rule land, air, and sea, one pilot stands poised to pull his nation back from the brink of all-out anarchy. The Big War started in Western Europe with a Soviet nerve gas attack that laid waste to France, Germany, and Spain. The world's democracies fought back, and pilots like Hawk Hunter led the charge—tearing across the flaming wreckage of the continent at supersonic speeds. They pushed the Russians back and just when victory was in sight, a traitor at the highest level of government turned off America's missile defense system, and Soviet nukes rained from the sky. Two years after the nuclear holocaust, Hunter gets a message to report to his old commander. America is in pieces: Pirates rule the skies, and an airborne armada is plotting to attack Football City (formerly known as St. Louis). The armada is made up of criminals flying state-of-the-art jets, and even though the government can only offer Hunter his old F-16, he will do whatever it takes to reclaim his ravaged homeland. Wingman is the first book of the Wingman series, which also includes *The Circle War* and *The Lucifer Crusade*.

## LARRY BOND'S RED DRAGON RISING: BLOOD OF WAR

---

*Forge Books* Larry Bond's *Red Dragon Rising: Blood of War*, an explosive new thriller from New York Times bestselling author Larry Bond. As depression and drought wrack China, the country's new premier has launched a deadly war with Vietnam. The assault has left the world on the precipice of disaster.... U.S. Army Major Zeus Murphy disobeys his commander and plunges headlong into the conflict, leading the Vietnamese in a covert attack against the Chinese army massing on the border. If the gambit fails, China will roll over Vietnam—and Zeus will lose the only woman he has ever loved, kept prisoner in a secret base north of Hanoi. In the South China Sea, the USS McLane becomes a deadly pawn in a game of international chicken between the U.S. and China. If the American ship won't leave, the Chinese are prepared to sink it. Vietnam prepares a doomsday weapon that will not only extract revenge but render much of Southeast Asia uninhabitable for decades. Hoping to prevent this, the U.S. President sends SEAL Lieutenant Ric Kerfer to destroy the weapon. Operating on land and sea, American heroes are caught in a desperate struggle to prevent the unthinkable from becoming reality. But are they enough to turn back the might of the rising Red Dragon?

---

### DANGEROUS GROUND, COLD CHOICES, EXIT PLAN, SHATTERED TRIDENT, FATAL THUNDER

---

*Forge Books* This discounted ebundle includes: *Dangerous Ground*, *Cold Choices*, *Exit Plan*, *Shattered Trident*, *Fatal Thunder* "Larry Bond is the literary heir of Tom Clancy." —Stephen Coonts The Jerry Mitchell series follows a fictional U.S. naval officer as he matures and advances in rank -- think Horatio Hornblower, but with nuclear submarines instead of age-of-sail ships. When the series opens, Jerry is very close to finishing his flight training to become a navy fighter pilot when he is injured in a takeoff accident and medically "grounded." Still determined to serve in the navy, he fought his way through another difficult and demanding training regimen to become a nuclear submariner. Jerry reports to his first "boat," USS Memphis, and has to quickly learn a very different world, as well as overcome doubts about his motivations for choosing submarines. Jerry proves himself and more when Memphis' crew makes an unexpected and dangerous discovery. With each following book, Jerry's skill set grows as he takes on more responsibilities on board different classes of submarines. He reaches the pinnacle of an outstanding naval career as the commanding officer of USS North Dakota, then becomes a squadron commodore, a job that has more to do with pushing paper than driving submarines. That is, until a good friend and mentor, who just happens to be the president of the United States, orders him to go back to sea on a dangerous mission to stop a nuclear war. Forge books by Larry Bond *Red Dragon Rising Series* Larry Bond's *Red Dragon Rising: Shadows of War* Larry Bond's *Red Dragon Rising: Edge of War* Larry Bond's *Red Dragon Rising: Shock of War* Larry Bond's *Red Dragon Rising: Blood of War* *First Team Series*(with Jim DeFelice) Larry Bond's *First Team* Larry Bond's *First Team: Angels of Wrath* Larry Bond's *First Team: Fires of War* Larry Bond's *First Team: Soul of the Assassin* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

---

## PUPPET MASTER

---

*HarperCollins* In Dale Brown's *Puppet Master*, intelligent machines take center stage as America battles the Russian mafia in Eastern Europe. Louis Massina is revolutionizing the field of robotics. His technological wonders are capable of locating disaster survivors, preventing nuclear meltdowns, and replacing missing limbs. After one of Massina's creations makes a miraculous rescue, an FBI agent recruits him to pursue criminals running a massive financial scam—and not coincidentally, suspected of killing the agent's brother. Massina agrees to deploy a surveillance "bot" that uses artificial intelligence to follow its target. But when he's thrust into a dangerous conspiracy, the billionaire inventor decides to take matters into his own hands, unleashing the greatest cyber-weapons in the world and becoming the Puppet Master.

---

## CHARGE TO BATTLE

---

---

## A WORLD WAR 3 TECHNO-THRILLER ACTION EVENT

---

"Nick Ryan knows his craft, and his topic. His World War 3 stories are tightly-written, fast-moving, with great characters." - LARRY BOND Co-author of Tom Clancy's 'Red Storm Rising' and New York Times bestselling author of 'Red Phoenix' . As Russian troops pour into northern Poland, an elite Platoon of American scouts in Stryker reconnaissance vehicles faces a dangerous assignment; they must clear the route ahead for a US Cavalry column preparing to counter attack the flank of the enemy spearhead before it reaches Warsaw. But the scouts' difficult mission is made even more complicated when a Company of Polish militia are added to the counter attacking force, and a vital bridge is found to be defended by the enemy. Faced with an impossible battle to win the bridge, and the challenge of unreliable Polish allies, the Cavalry scouts must find a way to fight through a dug-in Russian force that is determined to hold the vital crossing at all costs. . From the book... The Russians had the range to the bridge already zeroed in. They didn't need to know exactly where the Americans were. They only needed to know they were making another attempt to seize the bridge. Mortar shells began to fall like rain, churning the ground to a slurry of muddy furrows and spewing deadly shrapnel. Inevitably men on the road and along the riverbank began to fall. Some were killed outright, shredded to pieces by the booming barrage of explosions. Others were scythed down and fell into the long grass clutching at gruesome wounds. Cries of pain and agony filled the space between each fresh explosion, becoming shrill with panic and desperation. Freshly spilled blood splattered the blacktop and soaked the fields. The MGSs behind low cover to the east of the bridge returned fire, their muzzle flares lighting up the night. The wicked recoil of each round kicked up a swirl of dust around the rocking chassis. Ejected round casings shot out from a chute in the rear of the turret and clattered on the ground. The M1128s were operating in batteries to concentrate their fire, scouring the slope of the far crest with canister. The thrashing hail forced the Russian infantry deep into their trenches, but did nothing to slow the rate of incoming mortar fire...

---

## THE STAND

---

*Hachette UK* Stephen King's apocalyptic vision of a world blasted by virus and tangled in an elemental struggle between good and evil remains as riveting and eerily plausible as when it was first published. Soon to be a television series. 'THE STAND is a masterpiece' (Guardian). Set in a virus-decimated US, King's thrilling American fantasy epic, is a Classic. First come the days of the virus. Then come the dreams. Dark dreams that warn of the coming of the dark man. The apostate of death, his worn-down boot heels tramping the night roads. The warlord of the charnel house and Prince of Evil. His time is at hand. His empire grows in the west and the Apocalypse looms. When a man crashes his car into a petrol station, he brings with him the foul corpses of his wife and daughter. He dies and it doesn't take long for the virus which killed him to spread across America and the world.
