KEY=3 - HOLT AMIYA

The Reckoning

Puffin The conflict that has been simmering between the new superhumans and the Trutopians begins to boil over, threatening the world with extinction.

The Awakening

Penguin Ten years after the disappearance of superhumans--both heroes and villains--thirteen-year-olds Danny and Colin begin to develop super powers, making them the object of much unwanted attention.

The New Heroes

The Chasm

The final novel in the acclaimed New Heroes / Super Human series!Decades ago the superhuman Quantum received a vision of a devastating war in which billions will die.Now it seems that Quantum's prophecy will come to pass. Weakened from their battle with Victor Cross's army of clones, the New Heroes are unprepared for the return of the first superhuman: the immortal despot Krodin.In the final conflict there can be no winners.Only survivors.

Hunter

Penguin The fourth installment of the critically acclaimed Super Human series The defeat of the near-invincible villain Krodin has left a void in the superhuman hierarchy, a void that two opposing factors are trying to fill. The powerful telepath Max Dalton believes that the human race must be controlled and shepherded to a safe future, while his rival Casey Duval believes that strength can only be achieved through conflict. Caught in the middle is Lance McKendrick, a teenager with no special powers, only his wits and the tricks of a con artist. But Lance has a mission of his own: Krodin's ally, the violent and unpredictable supervillain Slaughter, murdered Lance's family, and he intends to make her pay. For fans of Steelheart and The Avengers, Hunter is an action-packed superhero story that is hard to put down. Praise for HUNTER "No one writes superheroes as good as Michael Carroll. With Hunter, Michael takes his flawed, all-too-human superheroes to the next level. One of my favorite series."—Michael Scott, author of The Secrets of the Immortal Nicholas Flamel series "[HUNTER] is fast paced, exciting, and extremely difficult to put down . . . its unexpected, jaw-dropping ending guarantees anticipation for the next entry."—VOYA "A flurry of odd jobs (including time in a carnival), a brief romantic fling, and an intriguing epilogue make this appealing to all sorts of readers, and as always, Carroll delivers a super story."—Booklist

The New Heroes

Crossfire

Createspace Independent Publishing Platform The long-awaited sequel to the acclaimed New Heroes trilogy and Super Human series! The world is slowly recovering from the chaos of the Trutopian War, but that was only the beginning. A dangerous enemy has emerged, and The New Heroes quickly find themselves outmatched and outnumbered. When their enemy starts to pick off their colleagues one-by-one, they realize that in order to win, they must fight the battle on the enemy's terms... But how far are they willing to go to save the human race?

The Gathering

Book 2

Penguin Ten years after every superhuman vanished from the face of the earth, a new generation of heroes has emerged. Endowed with unimaginable powers, these young crime fighters are suiting up and taking on London's worst. But heroes become targets when the secret identities of Colin, Renata, and Danny are mysteriously leaked to the press. With their names and faces on every TV station and newspaper around the world, the trio takes refuge at a secret military installation that houses and trains a new crop of superhumans. Together, the three

friends join the team as a new threat surfaces in America's heartland - one that will pit the heroes against the innocents they're trying to protect, and every action will bring Quantum's dark prophecy closer to fulfillment....

Super Human

Penguin Four thousand years ago the world's first super human walked the earth. Possessing the strength of one hundred men, skin impervious to attack, and the ability to read minds, this immortal being used his power to conquer and enslave nations. Now plans are in motion that will transport this super human to the present, where he'll usher in a new age of tyranny unlike anything the world has ever seen. Determined to stand against them, using powers they've only just begun to master, is a ragtag group of young heroes. For them this first test may be their greatest . . . and last. Watch a Video

The Reckoning #3

Penguin First the Earth's champions, old and new, returned to a world that thought the era of superheroes had come to a close. Then an age-old conflict of good versus evil, heroes versus villains, was renewed. And now it all comes down to one battle—the battle to end all battles. And if Quantum's prophecy proves true, it could just mean the end of the world as we know it. The new heroes' powers are getting stronger, and they're still learning how to harness them. But when one of their own turns her ability to control minds against the rest, they face something much larger than themselves, and the fate of the world hangs in the balance.

Stronger

A Super Human Clash

Penguin The third installment of the critically acclaimed Super Human series All Gethin Rao wants is to be like every other boy his age. But normal twelve-year-olds aren't blue. And they certainly aren't thirteen feet tall. That's what happens when his superpowers kick in. And from that moment on, his life is never the same. Treated as a villain--a monster--Gethin spends the rest of his life on the run or as a prisoner in a secret military facility. When he finally escapes, he falls in with a group of superpowered teens and becomes the one thing he never thought he'd be: a hero. But as the years pass by and he takes the name Brawn, Gethin learns that being a good guy is a lot more difficult than he thought. Michael Carroll delves deeper into the life of one of his favorite characters and in the process gives readers his most satisfying, exciting adventure yet, which leads directly into his Quantum Prophecy trilogy.

Absolute Power

Grand Central Publishing When burglar Luther Whitney breaks into a Virginia mansion, he witnesses a brutal crime involving the president -- a man who believes he can get away with anything -- and now, Luther may be the only one who can stop him in this #1 New York Times bestselling thriller. In a heavily guarded mansion in the Virginia countryside, professional burglar and break-in artist Luther Whitney is trapped behind a two-way mirror. What he witnesses destroys his faith not only in justice, but in all he holds dear. What follows is an unthinkable abuse of power and criminal conspiracy, as a breathtaking cover-up is set in motion by those appointed to work for one of the most important people in the world -- the President of the United States.

Absolute Power

HarperCollins UK Ordinary kids with superhero powers in a thrilling comic-book style adventure.

Christian Prophecy

The Post-Biblical Tradition

Oxford University Press on Demand Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church. He presents a comprehensive history of prophecy from ancient Israel onwards and closely examines the development of theological discourse about it.

The Ascension: A Super Human Clash

A Super Human Clash

Penguin They'd done it. Not only had Roz, Abby, Lance, and Thunder survived their first battle with a super villain, they'd defeated him. Krodin was dead, and they had saved the world. Now everything could go back to normal-good old, boring normal. School. Parents. Friends. But three weeks later, the world suddenly changes. The United States is under martial law, the people are little more than drones, and where Central Park should be there now stands a massive glass-and-steel building, home to the all-powerful Chancellor. In Michael Carroll's follow-up to the acclaimed *Super Human*, the world has been remade in the Chancellor's image, and it's about to get much much worse. Only this young band of heroes has a chance of stopping him, but can they return the world to what it was, or will they be stranded in this alternate world forever?

Ringleaders of Redemption

How Medieval Dance Became Sacred

Oxford University Press, USA In popular thought, Christianity is often figured as being opposed to dance. Conventional scholarship traces this controversy back to the Middle Ages. Throughout the medieval era, the Latin Church denounced and prohibited dancing in religious and secular realms, often aligning it with demonic intervention, lust, pride, and sacrilege. Historical sources, however, suggest that medieval dance was a complex and ambivalent phenomenon. During the High and Late Middle Ages, Western theologians, liturgists, and mystics not only tolerated dance; they transformed it into a dynamic component of religious thought and practice. This book investigates how dance became a legitimate form of devotion in Christian culture. Sacred dance functioned to gloss scripture, frame spiritual experience, and imagine the afterlife. Invoking numerous manuscript and visual sources (biblical commentaries, sermons, saints' lives, ecclesiastical statutes, mystical treatises, vernacular literature, and iconography), this book highlights how medieval dance helped shape religious identity and social stratification. Moreover, this book shows the political dimension of dance, which worked in the service of Christendom, conversion, and social cohesion. In *Ringleaders of Redemption*, Kathryn Dickason reveals a long tradition of sacred dance in Christianity, one that the professionalization and secularization of Renaissance dance obscured, and one that the Reformation silenced and suppressed.

Rico Dredd: The Titan Years

Rebellion Publishing Ltd YOU KNOW ABOUT ME. I'M RICO DREDD, JOE DREDD'S BIG BROTHER. I'm the clone that went bad, that brought shame on Judge Fargo's legacy. I was the very best the Academy of Law ever turned out. But after less than a year on the streets of Mega-City One, I was brought down, sentenced, shipped out to Titan for twenty years. Yeah, you know about Rico Dredd. But do you know what really happened? Why I did it? What it was like out there on the edge of space, doing time in the Bronze? Truth is, mister, you know stomm about me.

Earths of Distant Suns

How We Find Them, Communicate

with Them, and Maybe Even Travel There

Springer Based on the latest missions results and supported by commissioned artwork, this book explores the possible lessons we may learn from exoplanets. As the number of known Earth-like objects grows significantly, the author explores what is known about the growing roster of "pale blue dots" far afield. Aided by an increased sensitivity of the existing observatories, recent discoveries by Keck, the Hubble Space Telescope, and Kepler are examined. These findings, once thought to be closer to the realm of science fiction, have fired the imaginations of the general public as well as scientists. All of us are mesmerized by the possibility of other Earth-like worlds out there. Author Michael Carroll asks the tough questions of what the expected gain is from identifying these Earth analogs spread across the Universe and the reasons for studying them. Potentially, they could teach us about our own climate and Solar System. Also explored are the more remote options of communication between or even travel to these distant yet perhaps not so dissimilar worlds.

The Vampire Prince

HarperCollins UK Following Darren's initiation into the vampire clan. Betrayed by Kurda and reeling from the brutal slaying of Gavner, he is branded a traitor and hunted by the clan.

Crime, Shame and Reintegration

Cambridge University Press Braithwaite argues that shame can be used as a constructive way to help criminals.

Judge Dredd: Year Two

Abaddon Books

The Taming of Chance

Cambridge University Press This book combines detailed scientific historical research with characteristic philosophic breadth and verve.

The Last Starship

Wildside Press LLC It is the year 2365. On the distant planet of Pelicos, the only colony of the human race has learned of a devastating war on Earth. Now the small colony must learn to survive without Earth's help. The imminent arrival of the starship Constantine gives the colonists hope, but the starship's captain hides a secret that could destroy them all. Young Conner Hassan, whose father has been

jailed for attempted murder on Pelicos, tries to come to terms with the changes the future will bring, but first he must discover the secret of the Constantine.

Judge Dredd Year One

Abaddon Books Bred to dispense Justice, the young Dredd is not the wizened veteran we know, but a Judge with built-in determination and little experience. In City Fathers, the brutal murder of a Justice Department-sanctioned spy uncovers something new and dangerous in the sector's murky black market. Unless Dredd can stop it, chaos will be unleashed. In Cold Light of Day, a savage killing spree results in the deaths of two highly regarded Judges, and many consider Dredd to be responsible: a decision he made five years earlier - while he was still a cadet - has come back to haunt him. The third story in the collection will debut in this collection and is guaranteed to thrill.

The Celestine Prophecy

Grand Central Publishing THE #1 BESTSELLING INTERNATIONAL PHENOMENON - NOW WITH A NEW PREFACE You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for The Celestine Prophecy "A gripping adventure story filled with intrigue, suspense, and spiritual revelations." - Commonwealth Journal "A spiritual classic...a book to read and reread, to cherish, and to give to friends." - Joan Borysenko, PhD, author of Fire in the Soul "In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power." - Deepak Chopra

Proteus Vex: Another Dawn

2000 AD Another galaxy - a different type of hero! "An alien space opera James Bond." - Comicsthegathering For fourteen brutal centuries, the Imperium Ascendant and the Obdurate have clashed in an intergalactic war that spanned planets and peoples. Then the war - and the Obdurate - came to a dramatic end. Now, the galaxies are picking up the pieces. In the midst of this sprawling, dazzling system of galaxies, is Proteus Vex, ex-soldier for the Imperium Ascendant turned super-agent. He's fast, brutal, and he always gets his prey. But when he is sent to find his former superior officer, Vex finds himself caught up in a deadly conspiracy. Hit comics team Michael Carroll (The New Heroes, Judge Dredd), Henry Flint (Judge Dredd, Zombo)

and Jake Lynch (*Judge Dredd*) bring you a mind-expanding, colourful story that will plunge you into a series of strange new worlds.

Information—Consciousness—Reality

How a New Understanding of the Universe Can Help Answer Age-Old Questions of Existence

Springer This open access book chronicles the rise of a new scientific paradigm offering novel insights into the age-old enigmas of existence. Over 300 years ago, the human mind discovered the machine code of reality: mathematics. By utilizing abstract thought systems, humans began to decode the workings of the cosmos. From this understanding, the current scientific paradigm emerged, ultimately discovering the gift of technology. Today, however, our island of knowledge is surrounded by ever longer shores of ignorance. Science appears to have hit a dead end when confronted with the nature of reality and consciousness. In this fascinating and accessible volume, James Glattfelder explores a radical paradigm shift uncovering the ontology of reality. It is found to be information-theoretic and participatory, yielding a computational and programmable universe.

JUDGES Volume Three

Rebellion The third volume of the hit series exploring the history of 2000 AD's all-powerful "Judges." United States of America, 2051 A.D. It has been twenty years since Eustace Fargo's justice bill was passed. There are new weapons on the streets and vast city blocks rising to the sky, as the first human being sets out to visit another star system. New York, California and Texas cry out for autonomy, chafing against a federal government they feel has lost control. Reeling from news of Chief Justice Fargo's death in service, the nation asks: has it all been worth it?

Poetry and Politics in the English Renaissance

Oxford University Press on Demand This title establishes the radical currents of thought shaping Renaissance poetry: civic humanism and apocalyptic Protestantism. The author shows how Elizabethan poets like Sidney and Spenser, often seen as conservative monarchists, responded powerfully if sometimes ambivalently to radical ideas.

Judge Fear's Big Day Out and Other Stories

Abaddon New anthology collecting the very best prose stories from the pages of the Galaxy's Greatest Comic! New anthology collecting the very best prose stories from the pages of the Galaxy's Greatest Comic! A shopping mall where droids sell organs harvested from street trash... A murderous imaginary friend... A psychotic composer drafting music from pain... All in a day's work for the Lawman of the Future. Edited by and with an introduction by Dredd veteran Michael Carroll, Judge Fear's Big Day Out and Other Stories gathers the very best short stories from more than a decade of the Judge Dredd Magazine, including stories by legends Alan Grant, Gordon Rennie and Simon Spurrier, among countless others...

Judge Dredd: Every Empire Falls

2000 AD R.I.P. JUDGE DREDD? Following the decimation of Mega-City One during Chaos Day, Judges from other 'friendly' Justice Departments have been brought in to strengthen the ranks and help maintain law and order on the streets. Amongst the newcomers is Fintan Joyce - son of a former Emerald Isle Judge, who teamed up with Judge Dredd in one of the most fondly remembered Dredd stories. Exploiting the Big Meg's weakened state, several groups have risen up against the Judges, including the Goblin King's Undercity army and a mutant group lead by the monstrous Thorn, who have been attacking Cursed Earth outposts. If things couldn't get any worse, Dredd has fallen foul of Brit-Cit and they want him in prison or on a slab... Have the odds finally stacked up enough to spell the end of Mega-City One's greatest lawman?

The Sovereign Individual

Mastering the Transition to the Information Age

Simon and Schuster Two renowned investment advisors and authors of the bestseller The Great Reckoning bring to light both currents of disaster and the potential for prosperity and renewal in the face of radical changes in human history as we move into the next century. The Sovereign Individual details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-Mogg. Their bold prediction of disaster on Wall Street in Blood in the Streets was borne out by Black Tuesday. In their ensuing bestseller, The Great Reckoning, published just weeks before the coup attempt against Gorbachev, they analyzed the pending collapse of the Soviet Union and

foretold the civil war in Yugoslavia and other events that have proved to be among the most searing developments of the past few years. In *The Sovereign Individual*, Davidson and Rees-Mogg explore the greatest economic and political transition in centuries -- the shift from an industrial to an information-based society. This transition, which they have termed "the fourth stage of human society," will liberate individuals as never before, irrevocably altering the power of government. This outstanding book will replace false hopes and fictions with new understanding and clarified values.

Science Fiction Rebels

The Story of the Science-fiction Magazines from 1981 to 1990

Oxford University Press Mike Ashley's acclaimed history of science-fiction magazines comes to the 1980s with *Science-Fiction Rebels: The Story of the Science Fiction Magazines from 1981 to 1990*. This volume charts a significant revolution throughout science fiction, much of which was driven by the alternative press, and by new editors at the leading magazines. The period saw the emergence of the cyberpunk movement, and the drive for, what David Hartwell called, 'The Hard SF Renaissance', which was driven from within Britain. Ashley plots the rise of many new authors in both strands: William Gibson, John Shirley, Bruce Sterling, John Kessel, Pat Cadigan, Rudy Rucker in cyberpunk, and Stephen Baxter, Alistair Reynolds, Peter Hamilton, Neal Asher, Robert Reed, in hard sf. He also shows how the alternative magazines looked to support each other through alliances, which allowed them to share and develop ideas as science-fiction evolved.

Fanged Noumena

Collected Writings 1987-2007

MIT Press A dizzying trip through the mind(s) of the provocative and influential thinker Nick Land. During the 1990s British philosopher Nick Land's unique work, variously described as "rabid nihilism," "mad black deleuzianism," and "cybergothic," developed perhaps the only rigorous and culturally-engaged escape route out of the malaise of "continental philosophy" —a route that was implacably blocked by the academy. However, Land's work has continued to exert an influence, both through the British "speculative realist" philosophers who studied with him, and through the many cultural producers—writers, artists, musicians, filmmakers—who have been invigorated by his uncompromising and abrasive philosophical vision. Beginning with Land's early radical rereadings of Heidegger, Nietzsche, Kant and Bataille, the volume collects together the papers, talks and articles of the mid-90s—long the subject of rumour and vague legend (including some work which has never previously appeared in print)—in which Land developed his futuristic theory-fiction of cybercapitalism gone amok; and ends with his enigmatic later writings in which Ballardian fictions, poetics, cryptography, anthropology, grammatology and the occult are smeared into unrecognisable hybrids. Fanged Noumena gives a dizzying perspective on the entire trajectory of this provocative and influential thinker's work, and has introduced his unique voice to a new generation of readers.

Big Data in Organizations and the Role of Human Resource Management

A Complex Systems Theory-Based

Conceptualization

Peter Lang GmbH, Internationaler Verlag Der Wissenschaften Big data are changing the way we work. This book conveys a theoretical understanding of big data and the related interactions on a socio-technological level as well as on the organizational level. Big data challenge the human resource department to take a new role. An organization's new competitive advantage is its employees augmented by big data.

Understanding Media

The Extensions of Man

Createspace Independent Publishing Platform When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839

Georg Olms Verlag Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary

to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

A Cultural History of Tarot From Entertainment to Esotericism

Bloomsbury Publishing The enigmatic and richly illustrative tarot deck reveals a host of strange and iconic mages, such as *The Tower*, *The Wheel of Fortune*, *The Hanged Man* and *The Fool*: over which loom the terrifying figures of *Death* and *The Devil*. The 21 numbered playing cards of tarot have always exerted strong fascination, way beyond their original purpose, and the multiple resonances of the deck are ubiquitous. From T S Eliot and his 'wicked pack of cards' in "The Waste Land" to the psychic divination of *Solitaire* in Ian Fleming's "Live and Let Die"; and from the satanic novels of Dennis Wheatley to the deck's adoption by New Age practitioners, the cards have in modern times become inseparably connected to the occult. They are now viewed as arguably the foremost medium of prophesying and foretelling. Yet, as the author shows, originally the tarot were used as recreational playing cards by the Italian nobility in the Renaissance. It was only much later, in the 18th and 19th centuries, that the deck became associated with esotericism before evolving finally into a diagnostic tool for mind, body and spirit. This is the first book to explore the remarkably varied ways in which tarot has influenced culture. Tracing the changing patterns of the deck's use, from game to mysterious oracular device, Helen Farley examines tarot's emergence in 15th century Milan and discusses its later associations with astrology, kabbalah and the Age of Aquarius.

Faith and the Presidency From George Washington to George W.

Bush

Oxford University Press Publisher description

Footsoldiers

A Super Human Clash Special from Philomel Books

Penguin Thunder, a hero from the Super Human series, reveals the truth behind one of the world's most famous superhero teams in this short story.

Essays on the Context, Nature, and Influence of Isaac Newton's Theology

*Springer Science & Business Media This collection of essays is the fruit of about fifteen years of discussion and research by James Force and me. As I look back on it, our interest and concern with Newton's theological ideas began in 1975 at Washington University in St. Louis. James Force was a graduate student in philosophy and I was a professor there. For a few years before, I had been doing research and writing on Millenarianism and Messianism in the 17th and 18th centuries, touching occasionally on Newton. I had bought a copy of Newton's *Observations upon the Prophecies of Daniel, and the Apocalypse of St. John* for a few pounds and, occasionally, read in it. In the Spring of 1975 I was giving a graduate seminar on Millenarian and Messianic ideas in the development of modern philosophy. Force was in the seminar. One day he came very excitedly up to me and said he wanted to write his dissertation on William Whiston. At that point in history, the only thing that came to my mind about Whiston was that he had published a, or the, standard translation of Josephus (which I also happened to have in my library.) Force told me about the amazing views he had found in Whiston's notes on Josephus and in some of the few writings he could find in St. Louis by, or about, Whiston, who was Newton's successor as Lucasian Professor of mathematics at Cambridge and who wrote inordinately on Millenarian theology.*
