Two decades ago, *Men Are from Mars, Women Are from Venus* revolutionized the way we thought about love and partnership. John Gray's work has helped countless readers improve and even save their relationships. But as society evolves, relationships do, too. It's time to move beyond Mars and Venus, toward a new relationship model for modern couples. Today, men and women are no longer trapped by rigid societal roles. Now more than ever, we have the freedom to be our authentic selves. Women can access their masculine side, and men can embrace their feminine side. This new freedom is a good thing, but it also brings new challenges. Men and women still need the right tools and skills to help build stronger relationships. While previous generations sought "role mate" relationships, based on the more rigid gender roles of the time, today's couples need a new kind of relationship: a "soul mate" relationship. These more emotionally satisfying relationships require a deeper understanding of our partners' individual needs. In *Beyond Mars and Venus*, Gray teaches you how to strengthen your bond and grow in love together, so you and your loved one can meet each other's needs in the best way possible, bringing you lasting happiness and a fulfilling partnership. *Worlds of Mars and Venus Collide...* *Createspace Independent Publishing Platform* So you think you know all about love? Men Are from Mars, Women Are from Venus Practical Guide for Improving Communication and Getting What You Want in Your Relationships *Harper* Popular marriage counselor and seminar leader John Gray provides a unique, practical and proven way for men and women to communicate and relate better by acknowledging the differences between them. Once upon a time Martians and Venusians met, fell in love, and had happy relationships together because they respected and accepted their differences. Then they came to earth and amnesia set in: they forgot they were from different planets. Using this metaphor to illustrate the commonly occurring conflicts between men and women, Gray explains how these differences can come between the sexes and prohibit mutually fulfilling loving relationships. Based on years of successful counseling of couples, he gives advice on how to counteract these differences in communication styles, emotional needs and modes of behavior to promote a greater understanding between individual partners. Gray shows how men and women react differently in conversation and how their relationships are affected by male intimacy cycles ("get close", "back off"), and female self-esteem fluctuations ("I'm okay", "I'm not okay"). He encourages readers to accept the other gender's particular way of expressing love, and helps men and women learn how to fulfill each other's emotional needs. With practical suggestions on how to reduce conflict, crucial information on how to interpret a partner's behavior and methods for preventing emotional "trash from the past" from invading new relationships, Men Are from Mars, Women Are from Venus is a valuable tool for couples who want to develop deeper and more satisfying relationships with their partners.

These orbiters, landers and rovers have generated vast amounts of data that now span a Martian decade (roughly eighteen years).
