MORALS AND DOGMA OF THE ANCIENT AND ACCEPTED SCOTTISH RITE OF FREEMASONRY

THE FREEMASON'S MONITOR

OR, ILLUSTRATIONS OF MASONRY : IN TWO PARTS

The following is a study guide explaining Freemasonry to those interested in becoming Freemasons or for those already members of the fraternity. The first three degrees were modified from Preston's "Illustrations of Freemasonry", which were first published in England in 1777. This edition also includes the York Rite degrees and for the first time the "Ineffable Degrees of Masonry". These degrees were to become the 4th-12th ritual degrees for Scottish Rite Freemasonry. The first edition was the first American published masonic study guide in the United States.

METHOD INFINITE: FREEMASONRY AND THE MORMON RESTORATION

[Greg Kofford Books](#) While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter-day Saints, the historical influence of Freemasonry on this religious tradition cannot be refuted. Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period, but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted. The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize, let alone fully grasp, the relevant issues. Even those with both Mormon and Masonic experience may not be versed in the nineteenth-century versions of Masonry's rituals, legends, and practices. Without this specialized background, it is easy to miss the Masonic significance of numerous early Mormon ordinances, scripture, and doctrines. Method Infinite: Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days. Smith's firsthand knowledge of and experience with both Masonry and anti-Masonic currents contributed to the theology, structure, culture, tradition, history, literature, and ritual of the religion he founded.

THE FACTS ON THE MASONIC LODGE

[Harvest House Publishers](#) Well-known authors and researchers John Ankerberg, John Weldon, and Dillon Burroughs have updated and revised "The Facts on the Masonic Lodge," a best-selling title from the popular Facts On Series (more than 1.9 million copies of books from this series sold). "The Facts on the Masonic Lodge" is filled with well-documented facts and comprehensive comparisons to biblical truths. Readers learn what Masonry (also known as Freemasonry or "the Lodge") is by discovering when it began, who has been involved, what its teachings are, and how it influences their lives and the Christian church today. "The Facts on the Masonic Lodge" provides concise, straightforward answers to questions that include: Is Masonry a religion? What do the Masons teach about Jesus, salvation, and life after death? What do Masonic symbols represent? Are Masonry and Christianity compatible? Why is understanding Masonry important today?

SECRETS AND PRACTICES OF THE FREEMASONS

SACRED MYSTERIES, RITUALS AND SYMBOLS REVEALED

Llewellyn Worldwide Uncover the fascinating truth behind Freemasonry and incorporate symbolic rituals into your life with this remarkably detailed and comprehensive insider's guide. Jean-Louis de Biasi, a 32nd Degree Freemason who's been involved in the order for over twenty years, offers a candid look at the essential aspects of Freemasonry. Basing his work on original texts and archaeological findings, de Biasi details the Masonic tradition's history, the degree-based system of the Scottish Rite, and their ethical teachings and philosophies. He provides evidence of Freemasonry's origination in the Ancient Western Mysteries and its Hermetic and Qabalistic underpinnings, and then traces how the Founding Fathers used this knowledge to embed sacred symbolism into the U.S. Capitol and throughout Washington, DC. From the power-charged grids within architecture to Albert Pike's highly influential teachings, from the Rose-Cross mysteries to the Masonic themes in Dan Brown's popular books, Secrets and Practices of the Freemasons shines a revelatory light on this captivating subject. Also featured: genuine Masonic meditations and individual rituals with easy-to-follow instructions, plus interviews with scientists who lend their perspectives on Freemasonry as it is viewed and practiced today.

MASONIC RITES AND WRONGS

AN EXAMINATION OF FREEMASONRY

Wipf and Stock Publishers Is Freemasonry compatible with Christianity? Many Masons answer yes, but even they are often ill-informed of official Masonic teachings. What are the secret doctrines of the Lodge, what do the rituals mean, and do they conflict with biblical truth? Find out in this thoroughly researched exposé of Freemasonry—an eye-opener to those both inside and outside the Lodge.

ENCYCLOPEDIA OF FREEMASONRY AND ITS KINDRED SCIENCES, VOLUME 3: M-R

Jazzybee Verlag Dr. Albert G. Mackey appears as author of this " Encyclopedia of Freemasonry and its Kindred Sciences," which, being a library in itself, superseded most of the Masonic works which have been tolerated by the craft — chiefly because none better could be obtained. Here is a work which fulfils the hope which sustained the author through ten years' literary labor, that, under one cover he

"would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science, the philosophy, and the history of his order." Up to the present time the modern literature of Freemasonry has been diffuse, lumbering, unreliable, and, out of all reasonable proportions. There is, in Mackey's "Encyclopaedia of Masonry," well digested, well arranged, and confined within reasonable limits, all that a Mason can desire to find in a book exclusively devoted to the history, the arts, science, and literature of Masonry. This is volume three out of four and covering the letters M to R.

NATIVE AMERICAN FREEMASONRY

ASSOCIATIONALISM AND PERFORMANCE IN AMERICA

U of Nebraska Press Freemasonry has played a significant role in the history of Native Americans since the colonial era--a role whose extent and meaning are fully explored for the first time in this book. The overarching concern of Native American Freemasonry is with how Masonry met specific social and personal needs of Native Americans, a theme developed across three periods: the revolutionary era, the last third of the nineteenth century, and the years following the First World War. Joy Porter positions Freemasonry within its historical context, examining its social and political impact as a transatlantic phenomenon at the heart of the colonizing process. She then explores its meaning for many key Native leaders, for ethnic groups that sought to make connections through it, and for the bulk of its American membership--the white Anglo-Saxon Protestant middle class. Through research gleaned from archives in New York, Philadelphia, Oklahoma, California, and London, Porter shows how Freemasonry's performance of ritual provided an accessible point of entry to Native Americans and how over time, Freemasonry became a significant avenue for the exchange and co-creation of cultural forms by Indians and non-Indians.

THE FREEMASON'S CHRONICLE

MASONIC TEMPLES

FREEMASONRY, RITUAL ARCHITECTURE, AND MASCULINE ARCHETYPES

Univ. of Tennessee Press In Masonic Temples, William D. Moore introduces readers to the structures American Freemasons erected over the sixty-year period from 1870 to 1930, when these temples became a ubiquitous feature of the American landscape. As representations of King Solomon's temple in ancient Jerusalem erected in almost every American town and city, Masonic temples provided specially designed spaces for the enactment of this influential fraternity's secret rituals. Using New York State as a case study, Moore not only analyzes the design and construction of Masonic structures and provides their historical context, but he also links the temples to American concepts of masculinity during this period of profound economic and social transformation. By examining edifices previously overlooked by architectural and social historians, Moore decodes the design and social function of Masonic architecture and offers compelling new insights into the construction of American masculinity. Four distinct sets of Masonic ritual spaces—the Masonic lodge room, the armory and drill room of the Knights Templar, the Scottish Rite Cathedral, and the Shriners' mosque - form the central focus of this volume. Moore argues that these spaces and their accompanying ceremonies communicated four alternative masculine archetypes to American Freemasons—the heroic artisan, the holy warrior, the adept or wise man, and the frivolous jester or fool. Although not a Freemason, Moore draws from his experience as director of the Chancellor Robert R Livingston Masonic Library in New York City, where he utilized sources previously inaccessible to scholars. His work should prove valuable to readers with interests in vernacular architecture, material culture, American studies, architectural and social history, Freemasonry, and voluntary associations.
