## Healthy Desserts

# Healthy Dessert Cookbook

Createspace Independent Publishing Platform **HEALTHY DESSERTS COOKBOOK INDULGE IN DESSERT AND STAY HEALTHY AND THIN!** You can eat dessert and still be lean and healthy. Using natural sweeteners instead of sugar to sweeten all desserts is such a simple way to reduce weight gain caused by the excessive consumption of sweets. If every bakery, cake maker, chocolate maker, and candy manufacturer used stevia or other low glycemic index natural sweeteners instead of sugar, then obesity would not be such a crushing problem. Dieting or dietary restrictions would not be necessary, and you could eat dessert at each meal if you really had a desire for it. For cookies, cupcakes, donuts, muffins, pancakes, waffles, brownies, cakes, pies, and all other desserts and baked goods, you can substitute a few ingredients to make these desserts healthier and lower in calorie density. The two main ingredients to eliminate are white flour and white sugar, as both have high glycemic values, causing blood sugar control problems and weight gain. You can replace wheat flour with coconut flour, quinoa flour, oat flour, spelt flour, kamut flour, rye flour, barley flour, or buckwheat flour. Coconut flour is a popular choice. It is high in fiber, low on the GI, and gluten-free. Oat flour is another popular choice. It tastes a lot like white flour but is much healthier. It's lower on the GI and is a rich source of soluble fiber. You can replace white sugar with low GI, natural sweeteners such as pure stevia, coconut palm sugar, sugarcane juice, Manuka honey, and sweet proteins (Brazzein, Thaumatin, Monelin, Curculin, Mabinlin, Miraculin, Pentadin). Not everyone reacts to these sugars the same way, even if they are low in the GI, so it's best to buy a glucose meter and test your blood sugar before and after eating one of these sweeteners to see which works best for you. But what began as a way to reconnect with their own style of modern country living soon exploded into a wildly successful brand, Beekman 1802, named after their historic home. Brent and Josh are now world-renowned for producing everything from magnificent handcrafted goat's milk soaps to artisanal Blaak cheese, and now, with *The Beekman 1802 Heirloom Dessert Cookbook*, they're bringing their special vintage-modern touch to classic, remarkable recipes bound to become family favorites year after year. *The Beekman 1802 Heirloom Dessert Cookbook* will show off the delicious and decadent recipes that the Beekman Boys have collected from across the generations of their family, from Brent's grandmother's Fourth of July Fruitcake to Josh's mother's Hot Chocolate Dumplings. Each recipe will be accompanied by a personal memory from the authors or a story about how that recipe came to be. With eco-conscious and vintage-oriented food production gaining traction as a major culinary trend, this beautiful package will reel in readers, whether they're nostalgic for some classic Americana in their kitchen or just hankering for the perfect Blackberry Betty recipe.

## Dessert Can Save the World

### Stories, Secrets, and Recipes for a Stubbornly Joyful Existence

Harmony The James Beard Award-winning founder of Milk Bar and host of Bake Squad shares her personal stories and wisdom for igniting passion, following your joy, and creating a satisfying life. Dessert connects us heart-to-heart like

almost nothing else. It brings us together in good times and bad, celebration and solace. It marks big and small milestones and creates memories of comfort and joy. And Christina Tosi, the founder and CEO of Milk Bar, believes it can save the world. Does the combination of sugar, flour, and butter have some magical ability to fix all the craziness of our modern existence? Of course not. Tosi knows a cookie is just a cookie—but bringing the joy a cookie holds into every area of your life most definitely can. The spirit of dessert—the relentless, unflinching commitment to finding or creating joy even when joy feels hard to come by—is what can save us. And then we, in turn, can each save the world. Tosi shares the wisdom she learned growing up surrounded by strong women who showed her baking’s ability to harness love and create connection, as well as personal stories about succeeding in the highly competitive food world by unapologetically being her true self. Studded with personal and unorthodox recipes, *Dessert Can Save the World* reveals the secret ingredients for transforming our outlooks, our relationships, our work, and our entire collective existence into something boldly optimistic and stubbornly joyful.

## Perfect Light Desserts

# Fabulous Cakes, Cookies, Pies, and More Made with Real Butter, Sugar, Flour, and Eggs, All Under 300 Calories Per Generous Serving

Harper Collins Everybody loves dessert, but nobody loves the calories. *Perfect Light Desserts* offers recipes for desserts rich enough to satisfy any sweet tooth -- but with sensible calorie counts. Master baker Nick Malgieri and healthful food expert David Joachim have joined forces to create 125 exceptional desserts without the usual quantities of fats and sugars. The focus is on flavor and texture achieved through balanced ingredient combinations and superior baking techniques. Not a single recipe has more than 300 calories per serving. The results are nothing short of spectacular, with desserts that range from devil's food cake (complete with fluffy icing) to a lemon custard highlighted with a colorful raspberry sauce. Old-fashioned American favorites such as hermits mingle with sophisticated treats like

rum raisin semifreddo and white chocolate raspberry tartlets. Best of all, while these desserts are low-calorie, they are high in flavor. Moist coconut poppy seed coffee cake, juicy blueberry pie, and fudgy brownies don't taste like "diet desserts"; they simply taste great. All of the recipes here achieve great flavor without resorting to artificial sweeteners or synthetic substitutes. The recipes use moderate amounts of real butter, sugar, flour, and eggs in perfect proportions. Every recipe includes a complete nutritional analysis as well as serving and storage notes. Everybody loves dessert, and now no one has to go without it.
