Cronicas Brasileiras

A Reader

Third edition of the popular anthology of cronicas, in Brazilian Portuguese with study questions and vocabulary list.

Cr

a Portuguese reader

University Press of Florida From the preface to the Nova Fase: "The first edition of *Cronicas Brasileiras* was published in 1970 and has been so well received by teachers and students of Portuguese that several reprintings were needed over the years. The publisher and original editors decided, however, that the advent of many new excellent cronistas in Brazil and various changes in Brazilian life and attitudes during the past twenty years made it advisable to produce a new edition of the book. The new edition was to retain many of the cronicas that have proved to be especially popular and successful and to add newer ones that more adequately reflect aspects of contemporary Brazilian reality. A new essay concerning the evolution of the cronica since the late 1960s has been added to complement the piece written by Paulo Ronai for the first edition." In this second edition of *Cronicas Brasileiras*, one-third of the material is completely new, in most cases new exercises have been added or revised, and all the grammar has been reviewed. The book assists students of Portuguese in developing a reading, speaking, and writing knowledge of the language as it is used in present-day Brazil. The collection introduces readers to urban society in modern Brazil, including such aspects of experience as domestic life, the everyday problems that accompany cultural changes, and the complications caused by a convoluted bureaucracy. The texts are annotated in English so they can be used by students who have completed only an introductory study of grammar. Richard A. Preto-Rodas is professor of romance languages at the University of South Florida, Tampa. He is the author of *Negritude as a Theme in the Poetry of the the Portuguese-Speaking World* (UPF, 1971). He is the coauthor with Alfred Hower of the 1971 UPF edition of *Cronicas Brasileiras* and of Carlos Drummond de Andrade: *Quarenta Historinhas e Cinco Poemas* (UPF, 1986) and *Empire in Transition: The Portuguese World in the Time of Camoes* (UPF, 1986). Alfred Hower, who died in 1992, was professor emeritus of Portuguese and Spanish at the University of Florida for almost thirty years. Charles A. Perrone is associate professor of Portuguese and Luso-Brazilian literature at the University of Florida. He is the author of *Masters of Contemporary Brazilian Song: MPB 1965-1985* and *Letras e Letras da Música Popular Brasileira* and is the translator/editor of *Taxi or Poem of Love in Transit* by Adriano Espinola.

The Art of Brasília

2000-2019

Springer Nature People from outside of Brasília often dismiss Brazil's capital as socially divided, boring, corrupt, and emotionally cold. Apparently its founders created not a vibrant capital, but a cultural wasteland. However, as Sophia Beal argues, Brasília's contemporary artists are out to prove the skeptics wrong. These twenty-first-century artists are changing how people think about the city and animating its public spaces. They are recasting Brasília as a vibrant city of the arts in which cultural production affirms a creative right to the city. Various genres—prose, poetry, film, cultural journalism, music, photography, graffiti, street theater, and street dance—play a part. Brasília's initial 1960s art was state-sanctioned, carried out mainly by privileged, white men. In contrast, the capital's contemporary art is marked by its diversity, challenging norms about who has a voice within the Brasília art scene. This art demystifies the capital's inequities and imagines alternative ways of inhabiting the city.

Poetry and the Realm of the Public Intellectual

The Alternative Destinies of Gabriela Mistral, Cecília Meireles, and Rosario Castellanos

MHRA Gabriela Mistral, Cecilia Meireles, and Rosario Castellanos were three of the most important Latin American women writers of the 20th century. Prolific, contentious, and widely read and discussed from Spanish America to Brazil, they pushed the boundaries of what it meant to be women poets from the 1920s to the 1970s. Karen Pena explores how these three writers used poetry to oppose patriarchal discourse on topics ranging from marginalised peoples to issues on gender and sexuality. Poetry was a means for them to redefine their own feminised space, however difficult or odd it could turn out to be. In this study, we see how Gabriela Mistral travels to Mexico and finds the countryside a way to declare her own queer identity; many years later we find her re-imagining a frightening feminine space where she contests the terrible fate of Greek heroines. In Cecilia Meireles, we discover a writer at odds with her femininity, who declares herself androgynous. Like Mistral, she too travelled extensively, and we see her arguing against the wealth of capitalism and industrialisation when she travels to the United States in 1940. Rosario Castellanos straightforwardly argues for women's procreative rights in almost all of her poetry. And in an illuminating re-reading of Mistral, Castellanos allows the shadow of her predecessor to vocalise the tragedies of the inability to control woman's reproductive choices.

Humanities

University of Texas Press Beginning with volume 41 (1979), the University of Texas Press became the publisher of the *Handbook of Latin American Studies*, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the *Handbook* alternates from year to year between social sciences and humanities. The *Handbook* annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The *Handbook of Latin American Studies* is the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music

Transpoetic Exchange

Haroldo de Campos, Octavio Paz, and Other Multiversal Dialogues

Rutgers University Press *Transpoetic Exchange* illuminates the poetic interactions between Octavio Paz (1914-1998) and Haroldo de Campos (1929-2003) from three perspectives--comparative, theoretical, and performative. The poem *Blanco* by Octavio Paz, written when he was ambassador to India in 1966, and Haroldo de Campos' translation (or what he calls a "transcreation") of that poem, published as *Transblanco* in 1986, as well as Campos' *Galáxias*, written from 1963 to 1976, are the main axes around which the book is organized. The volume is divided into three parts. "Essays" unites seven texts by renowned scholars who focus on the relationship between the two authors, their impact and influence, and their cultural resonance by exploring explore the historical background and the different stylistic and cultural influences on the authors, ranging from Latin America and Europe to India and the U.S. The second section, "Remembrances," collects four experiences of interaction with Haroldo de Campos in the process of transcreating Paz's poem and working on *Transblanco* and *Galáxias*. In the last section, "Poems," five poets of international standing--Jerome Rothenberg, Antonio Cicero, Keijiro Suga, André Vallias, and Charles Bernstein. Paz and Campos, one from Mexico and the other from Brazil, were central figures in the literary history of the second half of the 20th century, in Latin America

and beyond. Both poets signal the direction of poetry as that of translation, understood as the embodiment of otherness and of a poetic tradition that every new poem brings back as a Babel re-enacted. This volume is a print corollary to and expansion of an international colloquium and poetic performance held at Stanford University in January 2010 and it offers a discussion of the role of poetry and translation from a global perspective. The collection holds great value for those interested in all aspects of literary translation and it enriches the ongoing debates on language, modernity, translation and the nature of the poetic object. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

Pois não

Brazilian Portuguese Course for Spanish Speakers, with Basic Reference Grammar

University of Texas Press Spanish speakers can learn Brazilian Portuguese much more rapidly than any other language, and thousands of students have used Antônio Simões's text/workbook *Com licença: Brazilian Portuguese for Spanish Speakers* to make the transition between the two languages. Recognizing the need for a text that incorporates current cultural references and the latest language pedagogy, Simões now offers *Pois não: Brazilian Portuguese Course for Spanish Speakers, with Basic Reference Grammar*. *Pois não* contrasts Portuguese and Spanish, which accomplishes two main goals. It teaches the equivalent of one year of college Portuguese in one semester, three times a week, to Spanish speakers who also have a solid understanding of English. Additionally, the book serves as a basic reference guide to Brazilian Portuguese for the same audience. *Pois não* can be used by students in the classroom or by independent learners. Users of the book may focus on the drills alone, concentrate on both the explanations and drills, or use the book as a reference for consultation only. Answers to all of the exercises are included in the book. A CD containing recordings by native Brazilian speakers of dialogues that appear in the book is included.

Crônicas de uma otimista

Gramma Esta obra tem a intenção de inspirá-lo a ver a vida com um novo olhar. Como o título indica, um olhar mais otimista. O mundo já venceu sua cota de pessoas que reclamam de tudo, que sofrem em tempo integral, que não enxergam a luz. Precisamos de pessoas que consigam se superar, reinventando-se. Nada é fácil. Neste mundo, tudo é conquistado. Precisamos agir, mas precisamos ter os pés no chão e o pensamento nos céus. Sim, Deus deve ser nosso centro, nosso guia, nosso porto seguro. É Ele que nos fará trilhar o caminho correto, amando as pessoas, ajudando quem precisar de ajuda, fazendo-nos com que nos arrependamos de nossos erros, perdoando quem erra conosco. Este livro quer lhe mostrar, pelas experiências de uma otimista incorrigível, que é possível ser feliz num mundo mergulhado no caos. É possível acreditar numa humanidade dita podre. É possível enxergar uma luz no fim do túnel. Essa luz é o amor que só conseguimos exercer com fé, quando o ser humano sai de si mesmo e se compadece com o outro. É um amor inexplicável. Quem sente não consegue descrevê-lo. Eu juro que tentei! Mas, com certeza, passei muito longe! Desejo, sinceramente, que seja uma leitura que, além de prazerosa, lhe faça refletir e crescer. Se lhe fizer sorrir com o canto dos olhos molhados, já estou satisfeita.

Imagining Brazil

Lexington Books *Imagining Brazil* provides a comprehensive and multifaceted picture of Brazil in the age of globalization. Privileging diversity in relation to the authors as well as the manner in which Brazil is perceived, JessZ Souza and Valter Sinder have assembled historians, political scientists, sociologists, literary critics, and scholars of culture in an attempt to understand a complex society in all its richness and diversity. Rising from one of the world's poorest societies in the 1930s to the eighth largest world economy in the 1980s, Brazil is used as an example of globalization's impact on peripheral societies, exploring in new contexts the serious social problems that have always characterized this

society. *Imagining Brazil* explores the connections between society and politics and culture and literature, creating an encompassing volume of interest to scholars of Latin American studies as well as those interested in how globalization impacts the varied aspects of a country.

Brazil, Lyric, and the Americas

"This is Perrone at his most brilliant. Erudite but accessible, thorough but playful: *Brazil, Lyric, and the Americas* is the latest contribution by the most knowledgeable U.S.-based scholar of the Brazilian lyric."--Severino Joao Albuquerque, University of Wisconsin "Perrone retraces the dialogue of the Brazilian lyric with the poetry of the Americas in the generous spirit that the poets' utopia of solidarity will serve as a counterpoint to the harsher side of globalization."--Luiza Moreira, Binghamton University In this highly original volume, Charles Perrone explores how recent Brazilian lyric engages with its counterparts throughout the Western Hemisphere in an increasingly globalized world. This pioneering, tour-de-force study focuses on the years from 1985 to the present and examines poetic output--from song and visual poetry to discursive verse--across a range of media. At the core of Perrone's work are in-depth examinations of five phenomena: the use of the English language and the reception of American poetry in Brazil; representations and engagements with U.S. culture, especially with respect to film and popular music; epic poems of hemispheric solidarity; contemporary dialogues between Brazilian and Spanish American poets; and the innovative musical, lyrical, and commercially successful work that evolved from the 1960s movement Tropicalia.

Poetik des Kolibris

Lateinamerikanische Reiseprosa bei Gabriela Mistral, Mário de Andrade und Henri Michaux

transcript Verlag Lange Zeit galten Reiseberichte als Wegbegleiter des Kolonialismus. Dies ändert sich im Lateinamerika der 1920er Jahre, wovon die in Vergessenheit geratenen Feuilletonartikel, Tagebücher und Aufzeichnungen der chilenischen Nobelpreisträgerin Gabriela Mistral, des »Papstes des brasilianischen Modernismus« Mário de Andrade und des belgisch-französischen Avantgardisten Henri Michaux zeugen. Marília Jöhnk geht dem wissenschaftlichen Interesse der drei Reisenden am Kontinent und ihrem Spiel mit etablierten Formen literarischer Wahrnehmung nach. Mit dem tief in der aztekischen Mythologie verankerten Kolibri eint deren kleine Reiseprosa nicht nur die kompakte Größe, sondern auch die Mobilität und Geschwindigkeit.
