KEY=JUVENILE - BARNETT HAILEY

Juvenile Justice in America

Prentice Hall *An in-depth look at juvenile justice lets students see into the minds of delinquents, victims, and field professionals. Juvenile Justice in America provides an in-depth look at the lives of juveniles, their experiences in society, and the consequences of those experiences. The text carefully examines the structures, procedures, policies, and problems of American juvenile justice agencies. The Eighth Edition places further emphasis on delinquency prevention, and features a new chapter on juvenile offender populations to give readers a more comprehensive view of delinquents. Boxed features in every chapter highlight the practical realities of working in the juvenile justice system. The careful balance of theory, evidence-based findings, and practical applications gives readers the most up-to-date insight into the state of juvenile justice in America today. Juvenile Justice in America, 8/e is also available via REVEL(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.*

Juvenile Justice

An Introduction

Routledge *Juvenile Justice: An Introduction, 8th edition, presents a comprehensive picture of juvenile offending, delinquency theories, and how juvenile justice actors and agencies react to delinquency. It covers the history and development of the juvenile justice system and the unique issues related to juveniles, offering evidence-*

based suggestions for successful interventions and treatment and examining the new balance model of juvenile court. This new edition not only includes the latest available statistics on juvenile crime and victimization, drug use, court processing, and corrections, but provides insightful analysis of recent developments, such as those related to the use of probation supervision fees; responses to gangs and cyber bullying; implementing the deterrence model (Project Hope); the possible impact of drug legalization; the school-to-prison pipeline; the extent of victimization and mental illness in institutions; and implications of major court decisions regarding juveniles, such as Life Without Parole (LWOP) for juveniles. Each chapter enhances student understanding with Key Terms, a "What You Need to Know" section highlighting important points, and Discussion Questions. Links at key points in the text show students where they can go to get the latest information, and a comprehensive glossary aids comprehension.

Youth Justice in America

CQ Press Youth Justice in America, Second Edition engages students in an exciting, informed discussion of the U.S. juvenile justice system and fills a pressing need to make legal issues personally meaningful to young people. Written in a straightforward style by Maryam Ahranjani, Andrew Ferguson and Jamie Raskin – all of whom actively work in the area of juvenile justice -- the book addresses tough, important issues that directly affect today's youth, including the rights of accused juveniles, search and seizure, self-incrimination and confession, right to appeal, and the death penalty for juveniles. Focusing on cases that relate to the Fourth, Fifth, Sixth, and Eighth Amendments to the U.S. Constitution, the subject matter comes alive through a wide variety of in-book learning aids.

Law, Courts, and Justice in America Seventh Edition

Waveland Press Faculty praised each of the previous six editions of Howard Abadinsky's clear, comprehensive overview of the US legal system. His latest edition—Law, Courts, and Justice in America (previously Law and Justice)—represents a refined, updated synthesis of the complex, fluid justice system in the United States. Part I (Law) describes the history of the US justice system and the emergence of law schools; the realities of a law school education; and the current state of the legal profession for both women and men. Part II (Courts) unravels the structure of federal and state court systems, delineating differences between constitutional and legislative courts and between trial and appellate courts; the structure and purpose of appellate courts; and the Supreme Court, noting variations in the interpretation of statutes, the Constitution, and the original intent of legislators; and the roles of judges, prosecutors, and attorneys. Part III (Justice) demystifies the criminal, civil, and juvenile judicial processes; plea-bargaining and the controversies surrounding it; and adjudication options outside of traditional, adversarial legal venues. Throughout,

landmark cases, important historical events, illustrative examples, and boxed items highlight or expand chapter content.

Juvenile Justice

An Introduction

Routledge Juvenile Justice: An Introduction is a student-friendly analysis of all aspects of the juvenile justice system. The book covers the history and development of the juvenile justice system and the unique issues related to juveniles, including police interaction, court processes, due process, movements toward diversion and deinstitutionalization, and community intervention. This book also examines particular issues within juvenile justice, such as female delinquency, gang delinquency, and the use of the death penalty and Life Without Parole with juveniles. Evidence-based suggestions for successful interventions and treatment are included, with a focus on performing cost-benefit analyses of what works versus what is ineffective with juveniles. The book concludes with a look to the future of the juvenile court, including the real possibility of abolition. Provides an engaging introduction to all aspects of the juvenile justice system in America. This seventh edition builds on a trusted and well-known textbook with new material on key issues such as sexting, bullying, social media, and the issues of non-delinquent youths. Robust offerings for students include study questions, discussion questions, "What You Need to Know" sections in each chapter, key terms identified, online case study questions, and links to relevant websites. Instructors are provided with helpful test question banks, lesson plans, sample syllabi, PowerPoint lecture slides, and links to useful websites. Glossary consolidates key terms with definitions.

The War on Kids

How American Juvenile Justice Lost Its Way

Oxford University Press In 2003, when Terrence Graham was sixteen, he and three other teens attempted to rob a barbeque restaurant in Jacksonville, Florida. Though they left with no money, and no one was seriously injured, Terrence was sentenced to die in prison for his involvement in that crime. As shocking as Terrence's sentence sounds, it is merely a symptom of contemporary American juvenile justice practices. In the United States, adolescents are routinely transferred out of juvenile court and into adult criminal court without any judicial oversight. Once in adult court, children can be sentenced without regard for their youth. Juveniles are housed in adult correctional facilities, they may be held in solitary confinement, and they experience the highest rates of sexual and physical assault among inmates. Until 2005, children convicted in America's courts were subject to the death penalty; today, they still

may be sentenced to die in prison-no matter what efforts they make to rehabilitate themselves. America has waged a war on kids. In *The War on Kids*, Cara Drinan reveals how the United States went from being a pioneer to an international pariah in its juvenile sentencing practices. Academics and journalists have long recognized the failings of juvenile justice practices in this country and have called for change. Despite the uncertain political climate, there is hope that recent Supreme Court decisions may finally make those calls a reality. *The War on Kids* seizes upon this moment of judicial and political recognition that children are different in the eyes of the law. Drinan chronicles the shortcomings of juvenile justice by drawing upon social science, legal decisions, and first-hand correspondence with Terrence and others like him-individuals whose adolescent errors have cost them their lives. At the same time, *The War on Kids* maps out concrete steps that states can take to correct the course of American juvenile justice.

The Juvenile Justice System

Delinquency, Processing, and the Law

Prentice Hall ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. Crime and Criminal Justice in American Society

Second Edition

Waveland Press Today's headlines vividly illustrate the importance of understanding aspects of the criminal justice system too often ignored. While the second edition of *Crime and Criminal Justice in American Society* includes the most recent statistics on the police, courts, and corrections, its provocative, current examples also spur critical thinking about justice in the United States. The authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media. They encourage readers to examine their beliefs about crime, punishment, and the law. Discussions in the chapters about how African Americans, Hispanics, whites, women, juveniles, the rich, and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints. The poor and minorities are the most likely to be caught in the net of criminal justice—but inequities have consequences for everyone. Reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences. Eighteen thoroughly revised chapters present historical backgrounds, theories, and emerging issues. New to the second edition is a chapter on veterans involved in the criminal justice system. Affordable, succinct, and engaging, this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks.

Juvenile Justice in America

Macmillan Coll Division

Delinquency and Juvenile Justice in American Society

Second Edition

Waveland Press Extensively revised, the second edition blends theory, research, and applications into a superb overview of the complex issues surrounding juvenile delinquency and society's attempts to address juvenile crime. After providing an excellent historical foundation, Sheldon presents the theories essential to understanding crime and delinquency. He then explores the system and its effects on juveniles and society, including comprehensive coverage of female delinquency. The social, legal, and political influences on how the public perceives juveniles and

the inequality in U.S. society that affects families, communities, and schools are highlighted throughout the book. The concluding chapter looks at solutions that have worked and identifies trends in treating juvenile delinquency. The authors almost four decades of teaching about and researching juveniles and the system make him eminently qualified to offer readers the tools necessary to think critically about delinquency and to evaluate the policies enacted to manage the juveniles who violate the laws. Delinquency and Juvenile Justice in American Society, 2/E provides affordable, up-to-date, easily accessible, and thorough analysis of a significant topic.

The Color of Justice: Race, Ethnicity, and Crime in America

Cengage Learning Comprehensive and balanced, *THE COLOR OF JUSTICE: RACE, ETHNICITY, AND CRIME IN AMERICA* is the definitive introduction to current research and theories of racial and ethnic discrimination within America's criminal justice system. The sixth edition covers the best and the most recent research on patterns of criminal behavior and victimization, immigration and crime, drug use, police practices, court processing and sentencing, unconscious bias, the death penalty, and correctional programs, giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination within the system. Uniquely unbiased, *THE COLOR OF JUSTICE* makes every effort to incorporate discussion of all major race groups found in the United States. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Study of Tribal and Alaska Native Juvenile Justice Systems

Final Report, Final Draft

Trauma-Informed Juvenile Justice in the United States

Canadian Scholars' Press Most youth who come in conflict with the law have experienced some form of trauma, yet many justice professionals are ill-equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims. By taking a trauma-informed perspective, this text provides a much-needed alternative—one that allows for interventions based on principles of healing and restorative justice, rather than on punishment and risk assessment. In addition to providing a

comprehensive historical overview of youth justice in Canada, Judah Oudshoorn addresses the context of youth offending by examining both individual trauma—including its emotional, cognitive, and behavioural effects—and collective trauma. The author tackles some of the most difficult problems facing youth justice today, especially the ongoing cycles of intergenerational trauma caused by the colonization of Indigenous peoples and patriarchal violence, and demonstrates how a trauma-informed approach to youth justice can work toward preventing crime and healing offenders, victims, and communities. Featuring a foreword written by Howard Zehr, case stories from the author's own work with victims and offenders, questions for reflection, and annotated lists of recommended readings, this engaging text is the perfect resource for college and university students in the field of youth justice.

Our Children, Their Children Confronting Racial and Ethnic Differences in American Juvenile Justice

University of Chicago Press In Our Children, Their Children, a prominent team of researchers argues that a second-rate and increasingly punitive juvenile justice system is allowed to persist because most people believe it is designed for children in other ethnic and socioeconomic groups. While public opinion, laws, and social policies that convey distinctions between "our children" and "their children" may seem to conflict with the American ideal of blind justice, they are hardly at odds with patterns of group differentiation and inequality that have characterized much of American history. Our Children, Their Children provides a state-of-the-science examination of racial and ethnic disparities in the American juvenile justice system. Here, contributors document the precise magnitude of these disparities, seek to determine their causes, and propose potential solutions. In addition to race and ethnicity, contributors also look at the effects on juvenile justice of suburban sprawl, the impact of family and neighborhood, bias in postarrest decisions, and mental health issues. Assessing the implications of these differences for public policy initiatives and legal reforms, this volume is the first critical summary of what is known and unknown in this important area of social research.

Crime and Justice in America

An Introduction to Criminal Justice

Routledge *This book views peacemaking as a broad, encompassing process that is expressed in many different shapes and forms. It blends ancient-wisdom traditions, peacemaking criminology, and restorative justice principles as a way of intervening with offenders in both institutional and community-based settings. Philosophical and spiritual contexts for peacemaking are presented that form a foundation for understanding the potential for peacemaking in criminological thought, the criminal justice system, and society in general.*

Juvenile Justice

Redeeming Our Children

SAGE *Juvenile Justice: Redeeming Our Children debunks myths about juvenile justice in order to achieve an ideal system that would protect vulnerable children and help build safer communities. Author Barry Krisberg assembles broad and up-to-date research, statistical data, and theories on the U.S. juvenile justice system to encourage effective responses to youth crime. This text gives a historical context to the ongoing quest for the juvenile justice ideal and examines how the current system of laws, policies, and practices came into place.*

American Criminal Justice Policy

An Evaluation Approach to Increasing Accountability and Effectiveness

Cambridge University Press *Examines the most prominent criminal justice policies, finding that they fall short of achieving the effectiveness that policymakers have advocated.*

Corrections: A Text/Reader

SAGE *Corrections: A Text/Reader, Second Edition is designed for undergraduate and/or graduate corrections courses. Organized like a traditional corrections text, it offers brief authored introductions in a mini-chapter format for each key Section, followed by carefully selected and edited original articles by leading scholars. This hybrid format - ensuring coverage of important material while emphasizing the significance of contemporary research - offers an excellent alternative which recognizes the impact and importance of new directions and policy in this field, and*

how these advances are determined by research.

Controversies in Juvenile Justice and Delinquency

Routledge *After providing a history of the development of the juvenile court, this book explores some of the most important current controversies in juvenile justice. Original essays review major theories of juvenile delinquency, explore psychological and biological factors that may explain delinquent behavior, and examine the nexus between substance abuse and delinquency. A final chapter provides a comparative analysis. Text supplemented with photos, charts, tables and illustrations.*

Criminal Justice in Native America

University of Arizona Press *Native Americans are disproportionately represented as offenders in the U.S. criminal justice system. However, until recently there was little investigation into the reasons. Furthermore, there has been little acknowledgment of the positive contributions of Native Americans to the criminal justice system- in rehabilitating offenders, aiding victims, and supporting service providers. This book offers a valuable and contemporary overview of how the American criminal justice system impacts Native Americans on both sides of the law. Contributors- many of whom are Native Americans- rank among the top scholars in their fields. Some of the chapters treat broad subjects, including crime, police, courts, victimization, corrections, and jurisdiction. Others delve into more specific topics, including hate crimes against Native Americans, state-corporate crimes against Native Americans, tribal peacemaking, and cultural stresses of police officers. Separate chapters are devoted to women and juveniles.*

Juvenile Justice and Delinquency

Jones & Bartlett Publishers *"Juvenile Justice and Delinquency" is the first text to comprehensively trace the progress toward resolving critical juvenile justice and delinquency issues, and to provide cutting-edge intervention strategies to effectively rehabilitate juvenile offenders and prevent delinquency. Historical, political, and legal trends are examined and critiqued, as well as the range of developmental, familial, and sociological theoretical explanations of juvenile delinquency. Current evidence-based practice, prevention strategies and programs, and juvenile justice treatment and policy alternatives are thoroughly explored.*

Juvenile Justice Sourcebook

Past, Present, and Future

Oxford University Press Several million reported and unreported delinquent acts take place each year. In fact, according to the U.S. Department of Justice and the U.S. Bureau of Justice Statistics, juvenile delinquency, acting-out and oppositional behavior, illegal drugs, guns, and youth violence are pervasive throughout American society. *Juvenile Justice Sourcebook* is the first comprehensive volume devoted exclusively to the biopsychosocial assessment, police and juvenile court processing, and institutional and community-based treatment and rehabilitation of juvenile offenders. The overriding objective of this sourcebook is to trace the tremendous progress achieved toward resolving juvenile justice issues, dilemmas, and controversies, while providing futuristic visions for the juvenile justice field. Each chapter, authored by preeminent expert practitioners and researchers, explores topics ranging from innovative counseling and multisystemic programs, to restorative justice, to rehabilitation programs such as aggression replacement training, wilderness programs, family treatment, substance abuse treatment, restitution, and aftercare. This volume, grounded in history and exhaustive research, presents the latest evidence-based policies, programs, and innovative treatment alternatives. Examining the entire juvenile justice system, including juvenile law, policies, practices, and research, the *Juvenile Justice Sourcebook* will be invaluable to all juvenile justice practitioners, policy analysts, researchers, and students.

The Handbook of Juvenile Delinquency and Juvenile Justice

John Wiley & Sons This handbook is an up-to-date examination of advances in the fields of juvenile delinquency and juvenile justice that includes interdisciplinary perspectives from leading scholars and practitioners. Examines advances in the fields of juvenile delinquency and juvenile justice with interdisciplinary perspectives from leading scholars and practitioners Provides a current state of both fields, while also assessing where they have been and defining where they should go in years to come Addresses developments in theory, research, and policy, as well as cultural changes and legal shifts Contains summaries of juvenile justice trends from around the world, including the US, the Netherlands, Brazil, Russia, India, South Africa, and China Covers central issues in the scholarly literature, such as social learning theories, opportunity theories, criminal processing, labeling and deterrence, gangs and crime, community-based sanctions and reentry, victimization, and fear of crime

Juvenile Crime, Juvenile Justice

National Academies Press Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and

the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents--trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistance--the probability that delinquency or criminal activities decrease with age--and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem.

The Persuader

AuthorHouse Bobby Parsons is a typical boy growing up in London in the 1950's. His life changes when his father is imprisoned for fraud and Bobby and his mother and sister have to move home and school. The family become involved with a shady character on the fringe of the criminal world who offer Bobby the opportunity of getting even for his fathers plight. This takes Bobby into the London underworld where he becomes known as The Persuader.

Juvenile Justice

The Essentials

SAGE Publications A brief yet thorough introduction with an emphasis on real-world issues Briefer and less expensive than traditional core textbooks, *Juvenile Justice: The Essentials* provides a current, thought-provoking introduction to juvenile justice, juvenile delinquency, the challenges of reducing juvenile crime, and of providing equal and fair justice for all juvenile offenders. Offering a comprehensive yet concise overview of the field's most important concepts and issues, authors Richard Lawrence and Mario Hesse include cutting-edge research; practical examples of juvenile justice in action; and up-to-date coverage of laws, policies, and programs in juvenile justice. Engaging pedagogical features illustrate true-to-life cases, policies, and practices that capture student interest by vividly responding to the "So what?" question of how delinquency theories apply in the real world. Key Features A unique chapter on restorative justice covers restorative practices with juvenile offenders. "Case in Point" boxes with accompanying questions include scenarios or vignettes of juvenile justice cases to encourage students to think about and discuss major issues; photos illustrate key points in the chapters. "Policy and Practice" boxes explore the real-life implications of juvenile justice policy and address student interest in the "What works?" questions about juvenile justice. Chapter Highlights begin each chapter, providing a preview of forthcoming topics. Bulleted Summaries, Key Terms, and Discussion Questions at the end of each chapter help students master key concepts and engage in critical thought and discussion of important findings, justice policies and practices.

Routledge Juvenile Delinquency:

Drug Identification and Testing in the Juvenile Justice System

Summary

DIANE Publishing Reviews two projects which investigate innovative & appropriate methods to identify & intervene with substance-abusing youth -- the Amer. Correctional Assoc. & the Institute for Behavior & Health, Inc. project, & the Amer. Probation & Parole Assoc. project. Both programs emphasized the development of effective strategies for screening & testing youth for illicit drug use. Includes project descriptions & discussion of the outcomes & benefits of each as well as a discussion on program development. Recommendations are made for future actions. Glossary. References. Charts & tables. Sample drug-testing forms.

Juvenile Justice and Youth Violence

SAGE Comprehensive and detailed, this book provides information on: the history of the United States' response to juvenile delinquency; the increasing seriousness of the problem; and the public policies available to deal with it. James C Howell cites the pressing need for a clearer understanding of the risk factors for youth violence. Long-term solutions such as the development of more effective prevention programmes, better-matched offender//treatment programmes, and a more cost effective juvenile justice system are also discussed. Extensive figures and tables are included.

Justice quarterly

Juvenile Justice in Global Perspective

NYU Press Provides a comparison of criminal justice and juvenile justice systems across the world, looking for points of comparison and policy variance that can lead

to positive change in the United States. Contributors discuss important issues such as the relationship between political change and juvenile justice, the common labels used to unify juvenile systems in different regions and in different forms of government, the types of juvenile systems that exist and how they differ, and more. Furthermore, they use data on criminal versus juvenile justice in a wide variety of nations to create a new explanation of why separate juvenile and criminal courts are felt to be necessary. --From publisher description.

SOCIAL WORK IN JUVENILE AND CRIMINAL JUSTICE SYSTEMS (4th Ed.)

Charles C Thomas Publisher *Social Work in Juvenile and Criminal Justice Systems* sets the standard of care for mental health treatment and the delivery of social services to crime victims, juvenile and adult offenders, and their families. The chapters, all authored by experts in the field and all committed to the mission of social justice, are written with the clear understanding that we cannot study criminal justice in a vacuum. Therefore, a major focus of the book is on the renewed growing sense of the profession's obligation to social justice. Each chapter interconnects with the various components of juvenile and criminal justice. Another prominent aspect of the book is that it is strength-based. It views those involved in the criminal and juvenile justice systems as individuals rather than inmates or criminals, each with unique positive talents and abilities. The book is divided into four sections. The first section discusses forensic social work, including crime and delinquency theories, trends, and ethical issues. The second section prepares social workers for practice in correctional institutions and explores crisis intervention with victims of violence, reentry of adult offenders in society, and aging in prison. The third section covers assessment and intervention in child sexual abuse, mental health and substance abuse, interpersonal violence and prevention, child welfare and juvenile justice. The final section presents an overview on social work in the twenty-first century, which includes restorative justice and the justice system, new ways of delivering justice, domestic violence, neighborhood revitalization, race and ethnicity, and social work practice with LGBTQ offenders. This book will be the best single source on social work in criminal justice settings and will prove to be an invaluable resource for the many professionals who have responsibility for formulating and carrying out the mandates of the criminal justice system.

The Juvenile Justice System

Delinquency, Processing, and the Law

The new edition of this text draws on the most current cases and literature in explicating the juvenile justice system. Representative topics include: alternative philosophies for managing juvenile offenders, types of offenders and trends, female versus male delinquency, juveniles and the police, cl

Juvenile Delinquency: Theory, Practice, and Law

Cengage Learning Unrivaled in its current coverage of topics, the thirteenth edition of best-selling JUVENILE DELINQUENCY: THEORY, PRACTICE, AND LAW provides an in-depth analysis of the theories of delinquency, environmental issues, juvenile justice issues, and the juvenile justice system. Praised both for its authority and balance as well as for the authors' ability to engage students in the course, the book presents cutting-edge, seminal research, as well as up-to-the-minute policy and newsworthy examples. Siegel and Welsh offer a timely and objective presentation of juvenile delinquency theory and juvenile justice policy issues by examining opposing sides of controversial aspects of delinquency and delinquency programs in an unbiased way. What's more, the MindTap that accompanies this text helps students practice and master techniques and key concepts while engaging them with video cases, career-based decision-making scenarios, visual summaries, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Supreme Court and Juvenile Justice

Lawrence, Kan. : University Press of Kansas Discusses 4 significant Supreme Court cases in juvenile justice: the case of Gerald Gault, an Arizona teenager sent to reform school for making an obscene phone call; Kent v. United States (1966); In re Winship (1970); and McKeiver v. Pennsylvania (1971).

Juvenile Justice

International Perspectives, Models

and Trends

CRC Press Juvenile justice has been and remains a topical issue at national and international levels. There are various standards and guidelines for administration, but six major models characterize juvenile justice systems worldwide: participatory, welfare, corporatism, modified justice, justice, and crime control. Juvenile Justice: International Perspectives, Models, and Trends presents contributions by authors from different countries in all five continents employing these six models. The book begins with a comprehensive overview of the topic and the various international standards and guidelines designed to inform juvenile justice practices. This introduction is followed by chapters on individual countries covered independently by resident experts, allowing readers to appreciate a range of comparisons and to critically reflect on the relative merits of the different models. Topics presented in each chapter include: The country's history of juvenile justice The nature and status of delinquency Current legislation on juvenile justice How well the legislation complies with the Standard Minimum Rules of the Administration of Juvenile Justice as defined by the United Nations The type of juvenile justice model followed Age limits for male and female juvenile offenders Legal and social issues confronting juvenile offenders Current theoretical biases used to explain and justify response to delinquency Future issues, challenges, and/or initiatives Text boxes supply current and relevant examples to contextualize key issues and themes. Each chapter features discussion questions and helpful web links to facilitate further research. Presented in an unbiased manner, the book is a consolidated yet comprehensive overview of juvenile justice models and practices worldwide. It enables readers to compare the relative strengths and weaknesses of different juvenile justice models/systems and to evaluate all countries in light of the larger international phenomena of delinquency.

The Juvenile Justice and Delinquency Prevention Act--S. 3148 and S. 821 Hearings, Ninety-second Congress, Second Session, and Ninety-third Congress, First Session, Pursuant to

S. Res. 256 and S. Res. 56, Section 12, Investigation of Juvenile Delinquency in the United States
