CLEAN UP, UP, UP!

Star Bright Books It is cleanup time, and Daddy and his little one are putting away books, blocks, teddy bears, and train cars, washing hands, and preparing for dinner--all while having fun with math! As Daddy talks with his toddler, he uses spatial-relationship math words and phrases like up, down, inside, outside, next to, and under to reinforce his young learner's understanding. When it is dinnertime, the little one proudly demonstrates an understanding of down when helping to set the table and up while enjoying the first delicious bite! A playful story that models engaging conversations between parent and child, *Clean Up, Up, Up!* includes a note by early childhood education expert Susan C. Levine that shows parents and caregivers how everyday activities offer rich opportunities to teach early spatial math concepts. This book is based on work supported in part by TERC under a grant from the Heising-Simons Foundation.

LA MARIPOSA/THE BUTTERFLY

AN EPIC HISTORY OF PHARMACY

PHARMACY IN THE ANCIENT WORLD

Ediciones Universidad de Salamanca What really sets humankind apart from other species is our fondness of drugs. This vale of tears, full of plants and animals to tame, was the breeding ground for cultures and civilizations with a penchant for developing the noble art of pharmacy. The Neolithic revolution marked the coming into being and development of great states and empires, with the consequential increase in headaches. But that was no big deal, since shamans, witch doctors, physicians, priests, apothecaries, and/or sorcerers sought, and sometimes found, remedies to relieve migraines and a wide range of ailments. After a taste of this *Epic History of Pharmacy* you'll doubtlessly feel better. You are holding a fully legal dose for a relaxing but at the same time frenzied trip: from the wild prehistoric Garden of Eden to the marmoreal and massive Rome, passing through Mesopotamia, Egypt, India, China, America, Persia and Greece. And all of it visually administered, in the form of a carefully formulated ointment of literary panacea seasoned with humor-coated pills of compressed cartoons.

DOES A KANGAROO HAVE A MOTHER, TOO?

HarperCollins UK Do animals have mothers too? Of course they do - just like me and you! Meet the little joey whose Kangaroo mother carries him in her pouch, and the cygnet who rides on the back of the mother swan, just two members of Eric Carle's animal family. Animal babies with their caring and affectionate mothers come to life in Carle's vibrant collage. The playful question and answer text invites children and adults to read aloud together. Repetition of key phrases helps preschoolers take the first step towards reading readiness. The gamelike format makes it easy to discover more about the world of nature and to learn the common names of some familiar - and not-so-familiar - animals. At the back of the book there is a special page listing the correct, but sometimes surprising names of animal babies, their parents and groups.

LETTERS OF C. G. JUNG

Routledge In May 1956, in his eighty-second year, Jung first discussed with Gerhard Adler the question of the publication of his letters. Over many years, Jung had often used the medium of letters to communicate his ideas to others and to clarify the interpretation of his work, quite apart from answering people who approached him with genuine problems of their own and simply corresponding with friends and colleagues. Many of his letters thus contain new creative ideas and provide a running commentary on his work. From some 1,600 letters written by Jung between the years 1906-1961, the editors have selected over 1,000. Volume 2 contains 460 letters written between 1951 and 1961, during the last years of Jung's life, when he was in contact with many people whose names are familiar to the English reader. These include Mircea Eliade, R.F.C. Hull, Ernest Jones, Herbert Read, J.B. Rhine, Upton Sinclair and Fr. Victor White. Volume 2 also contains an addenda with sixteen letters from the period 1915-1946 and a subject index to both volumes. The annotation throughout is detailed and authoritative.

UNDERSTANDING JOSÉ DONOSO

Univ of South Carolina Press Chilean writer José Donoso is one of a handful of authors inevitably mentioned in relationship to the 'boom' in Spanish American literature during the 1960s and 1970s. His name is frequently linked with those of other Latin writers such as García Márquez, Vargas Llosa, Fuentes, Rulfo, and Cortázar. Like his contemporaries, Donoso blends the physical and the psychological in his fiction. The perceptions of his characters are constantly changing. For Donoso, 'reality' is a state of mind always subject to the imagination, and nothing is stable.

CHASING THE SUN DELUXE

Penguin The deluxe e-book edition of *Chasing the Sun* includes rare, behind-the-scenes video footage of superstar Juanes's early career, shows and concerts, recordings, personal life, and more. Interspersed throughout the text are exclusive interview clips that further explore the passion and truth found in Juanes's words and offer a true glimpse of the man behind the music. "I'm doing what I believe I was brought to this world to do: to create music that raises awareness, renews hearts, and generates change. I'll continue looking to the stars and traveling the globe as God permits me. And I hope I have many years left to connect through art, to play my guitar, and to continue chasing the sun."—Juanes In *Chasing the Sun*, the international music icon and humanitarian shares the incredible story of his life and how music and faith guided his path. In his own un-adulterated words, and with visually arresting images throughout—some of them never before seen—Juanes imparts his defining moments from childhood to present day, reflecting on his spiritual and musical journey and the personal and professional experiences that shaped the man he is today. Born and raised in Colombia, Juanes developed his deep love of music from his family and learned to play guitar at an early age. By age sixteen, he became a founding member, lead guitarist, vocalist, and song-writer for Ekymosis, which went on to become Colombia's leading hard-rock band. However, it was his career as a solo artist that propelled him toward international superstardom. With great honesty, Juanes reveals how his times of glory were often intersected by times of doubt and soul-searching and how remaining true to his beliefs and passionate about his art gave him the strength and foresight to reinvent himself and his career. While his role as a recording artist is well documented, the very private Juanes has never opened up in his own words—until now.

THE LIFE OF - LA VIDA DE RITCHIE

Lil' Libros A Lil' Libros Bilingual Biography Introduce little ones to the life of legendary Ritchie Valens in both English and Spanish! Born May 13, 1941, Richard Steven Valenzuela, better known as Ritchie Valens, was a Mexican-American singer, songwriter, and guitarist. His musical journey began in Pacoima, California, at age 5, when his father encouraged him to take up guitar. In high school, he made his performing debut with his band, the Silhouettes. At age 17, Ritchie recorded his final record, which included the songs "Donna" and "La Bamba." That record went on to sell over one million copies. To this day, Ritchie's music continues to live in the hearts of many! Unable to find bilingual first concept books she could enjoy reading to her baby, Patty Rodriguez came up with the idea behind Lil' Libros. Patty and her work have been featured in the Los Angeles Times, Rolling Stone, CNN Latino, Latina Magazine, Cosmopolitan, People En Espanol, Cosmo Latina, and American Latino TV, to name a few. She is currently Sr. Producer for On Air With Ryan Seacrest-iHeartMedia, jewelry designer for MALA by Patty Rodriguez, and creator of Manolos And Tacos. Ariana Stein, a graduate from California State University, Dominguez Hills, has a Bachelor's Degree in Business Administration. Ariana spent the first eight years of her professional career in the corporate world. Her life changed with the birth of her baby boy. She immediately realized that bilingualism played a very important role in his future, as well as the future of other children.

MANHATTAN: AN ARCHAEOLOGY

Lulu.com MANHATTAN: An Archaeology presents Eileen R. Tabios' latest innovative approach to poetry-making. In this book, she uses a diverse set of "artifacts" to excavate a version of New York City's historical birthplace. Artifacts include the unexpected and the ineffable to create a city only she can imagine-while they include a pearl necklace, piece of pineapple skin, yoga mat, black sateen, and bullet, the "objects" for perusal also range over moonlight, "withheld forgiveness," and duende. The result, too, is unexpected and ineffable: Poetry that delights and intrigues. Some receptive readers will wake from the book missing something they hadn't realized they missed, longing for something they hadn't realized they desired.

A MESSAGE FOR MY CHILD

Xulon Press 'Message for my Child is Patrick Atkinson s international classic that has been enjoyed by millions. Rich with powerful and straight-forward advice for people of all ages, and particularly teens and young adults, this book guides the reader to take control of their life, responsibility for their decisions, and create victory and success. Simple and beautifully-illustrated by the author's son, Ernesto, Message for my Child is the perfect birthday, graduation, holiday, and just-because-I-love-you gift. This easy-to-read book has the power to change lives forever. Patrick Atkinson is in constant demand as a highly inspirational speaker and is nationally sought after for presentations on health, education, human trafficking, poverty prevention, and family related matters. He has been interviewed in numerous national, international, and regional media outlets such as CNN, The Los Angeles Times, Minneapolis Star Tribune, and the Christian Science Monitor. Atkinson is the Founder and Executive Director of The GOD S CHILD Project and ITEMP (Institute for Trafficked, Exploited, and Missing Persons). Since its founding in 1991 by Patrick Atkinson, The GOD S CHILD Project has grown to more than 12 distinct programs in five different countries, caring for and educating 5,000 orphaned, abandoned, and poverty-stricken boys and girls. He then started ITEMP in 2001 as a response to the growing problem of human trafficking he witnessed in his travels and work around the globe. Atkinson is a Bismarck, ND native and graduate of Minnesota State Moorehead and Regis University. While completing his masters at Regis University, he co-developed a service learning university course model for which he coined S.O.F.E: Service Oriented Field Experience or what is also known as service team experiences. In 2000 and 2001, Atkinson was invited by the United Nations to develop residential, health, and educational programs for rural women left widowed, and street children left orphaned by the AIDS crisis in East and South Africa.

SYMBIOSIS AND AMBIGUITY

A PSYCHOANALYTIC STUDY

Routledge Symbiosis and Ambiguity is the first English edition of the classic study of early object relations by influential Argentinian psychoanalyst José Bleger (1922-1972). It is rooted in Kleinian thinking and rich in clinical material. Bleger's thesis is that starting from primitive undifferentiation, prior to the paranoid-schizoid position described by Klein, autism and symbiosis co-exist as narcissistic relations in a syncretic 'agglutinated' nucleus. In symbiosis part of the mind is deposited in an external person or situation; in autism it is deposited in the patient's own mind or body. The nucleus is ambiguous and persists in adults as the psychotic part of the personality. Symbiosis tends to immobilise the analytic process, so the analyst must mobilise, fragment and discriminate the agglutinated nucleus, whose ambiguity tends to 'blunt' persecutory situations. The psychoanalytic setting functions as a silent refuge for the psychotic part of the personality, where it creates a 'phantom world'. At some point, therefore, the setting itself has to be analysed and the analytic relationship de-symbiotised, as Bleger observes in a celebrated chapter on the setting. José Bleger's work demonstrates the need to analyse early narcissistic object relations as they arise clinically, especially in the setting. More widely, he regards undifferentiation and participation as operating throughout life: in groups, institutions, and society as a whole.
