EDWARD THOMAS AND WORLD LITERARY STUDIES

WALES, ANGLOCENTRISM AND ENGLISH LITERATURE

University of Wales Press **Edward Thomas and World Literary Studies** offers a revelatory re-reading of Edward Thomas. Adapting Pascale Casanova's vision of 'world literature' as a system of competing national traditions, this study analyses Thomas's appropriation of Anglocentric British literary culture at key moments of historical crisis in the twentieth century: after the First World War, either side of the Second World War, and with the resumption of war in Ireland in the 1970s. It shows how the dominant assumptions underpinning the discipline of English Literature marginalise the Welshness of Thomas's work, before combining this revised 'world literature' model with fresh archival research to reveal how Thomas's reading of Welsh culture - its barddas, folk and literary traditions - is central both to his creation of an innovative body of poetry and to his extensive, and relatively neglected, prose. This study is groundbreaking in its contribution to recent debates about devolution and independence for Britain's constituent nations.

EDWARD THOMAS: FROM ADLESTROP TO ARRAS

A BIOGRAPHY

Bloomsbury Publishing **Along with Sassoon and Wilfred Owen, Edward Thomas is by any reckoning a major first world war poet. A war poet is not one who chooses to commemorate or celebrate a war, but one who reacts against having a war thrust upon him. His great friend Robert Frost wrote 'his poetry is so very brave, so unconsciously brave.' Apart from a most illuminating understanding of his poetry, Dr Wilson shows how Thomas' life alone makes for absorbing reading: his early marriage, his dependence on laudanum, his friendships with Joseph Conrad, Edward Garnett, Rupert Brooke and Hilaire Belloc among others. The novelist Eleanor Farjeon entered into a curious menage a trois with him and his wife. He died in France in 1917, on the first day of the Battle of Arras. This is the stuff of which myths are made and posterity has been quick to oblige. But this has tended to obscure his true worth as a writer, as Dr Wilson argues. Edward Thomas's poems were not published until some months after his death, but they have never since been out of print. Described by Ted Hughes as 'the father of us all', Thomas's distinctively modern sensibility is probably the one most in tune with our twenty-first century outlook. He occupies a crucial place in the development of twentieth century**

poetry. This is the extraordinary life of a poetic genius.

THE LIFE OF EDWARD SEYMOUR

THE LIFE OF EDWARD SEYMOUR

The History Press **In January 1547 Henry VIII lay dying. His heir, Edward VI, was just 9 years old and all England waited expectantly to see who would hold the reins of power until he came of age. Within days of Henry's death, the privy council overturned the terms of his will and Edward Seymour, Duke of Somerset, was named Lord Protector. For nearly three years, Somerset was 'king in all but name', but, though he was a skilled soldier and leader on the battlefield, Somerset's political skills were not so well-honed. His single-mindedness and overbearing attitude towards the privy councillors alienated the very men whose support he most needed. When they lost patience with him, the scene was set for conflict. To the people Edward Seymour was the 'Good Duke'. To his fellow councillors he was a traitor. This is a story of Tudor ambition, power and the ultimate price of failure.**
