KILL ALL ENEMIES

Edizioni Mondadori Cosa succede se non hai altro se non la tua rabbia a cui attaccarti per sopravvivere? E se il mondo che ti è intorno sembra frantumarsi a ogni passo? Billie sa di non avere più possibilità. Non può più farsi trovare in una rissa, a picchiare chiunque la provochi. Verrebbe cacciata dall'ennesima famiglia affidataria e dall'ennesima scuola. Invece ci ricasca. Chris da quattro anni si rifiuta sistematicamente di studiare, eppure è intelligente e sveglio. I professori non lo sopportano più e all'ennesima provocazione lo sbattono fuori. Rob è considerato un violento, ma in realtà è il più indifeso di tutti, e sembra impossibile che riesca a uscire dall'ennesimo guaio in cui si è cacciato. Tutti, là fuori, saprebbero raccontare la loro storia, infarcendola di bugie, però Billie, Chris e Rob non l'hanno mai veramente raccontata a nessuno. Ma la musica migliore viene quando sei costretto a improvvisare, e allora la rabbia diventa uno strumento da suonare, perché la cosa più difficile, a volte, è farsi ascoltare. Bruciante, crudele e diretto come un pugno in faccia o il primo amore: questo romanzo e i suoi protagonisti lasceranno il segno.

KILL ALL ENEMIES

Penguin UK Everyone says fourteen-year-old BILLIE is nothing but trouble. A fighter. A danger to her family and friends. But her care worker sees someone different. Her classmate ROB is big, strong; he can take care of himself and his brother. But his violent stepdad sees someone to humiliate. And CHRIS is struggling at school; he just doesn't want to be there. But his dad sees a useless no-hoper. Billie, Rob and Chris each have a story to tell. But there are two sides to every story, and the question is . . . who do you believe?

GET 'EM ALL! KILL 'EM!

GENOCIDE, TERRORISM, RIGHTEOUS COMMUNITIES

Lexington Books To think about genocide and terrorism is to accept an invitation from hell. In fact, hell may be too benign a term since it makes a kind of sense out of genocide and terrorism and ultimately begs the question: What is genocide? What sense does it make to kill or disable all members of an other group just because they are that other group: men, women, children? What sense can we make of genocide? The very meaning of "sense" threatens to disintegrate. Get 'Em All! Kill 'Em! is the first systematic attempt to understand what, up until now, has seemed inexplicable. Author Bruce Wilshire uncovers what seems to be the deepest root of the genocidal urge: disgust and dread in the face of abounding, fecund, life itself-swarming, creeping, scurrying, unboundable, and uncontrollable. If his claims about the genocidal urge is true, genocide and terrorism are the ultimate anti-ecology. Get 'Em All! Kill 'Em! is a rare and seminal work by a distinguished and original thinker.

HOW TO KILL YOUR ENEMIES!

Createspace Independent Publishing Platform It was the worst of times and it was the worst of times. Everyone was going nowhere and everyone was trying to jump on the bandwagon ... or so it might appear to those who have borne witness to a world that promises so little and delivers even less. The weight of history and the burden of expectation somehow conspire to ensure that youth is always wasted on the young. Cursing the darkness while conjuring up new, ever more defiant ways of fighting fire with fire and yet, perplexing and all as it may have been, it cannot be said to have been without some sense of purpose. For what else is one to do when no other obvious option presents itself? Those who may be inclined to pass judgement should recognise that the passage of time is the only real arbiter, and it has since moved on. Anger is a potent force, a powerful weapon but ultimately self-destructive. Those who wield it, find out one way or another, the kind of force it can unleash. If it must be directed any given quarter, then may your aim be true, your judgement be sound and fortune guide its path. Also, let it be discarded and safely disposed of once it has fulfilled its purpose. A collection of poems dealing with subject matter that is wide ranging, while never straying too far from where the human heart should be gravitating towards.

LORD, TEACH ME TO PRAY

Xulon Press Many Christians operate out of a place of frustration rather than a place of faith. While we have access to the greatest power in the world - the power of God - we often function as though we are powerless. For this reason, God has inspired me to write this book to equip and empower believers to access the power of God. If you keep declaring that prayer changes things, and things in your life and world are not changing... this book is for you. It is my desire that you will move from frustration to faith and from weakness to strength as you learn how to pray like Jesus taught his disciples in scripture. Whatever you may be facing, rest assured, prayer works if you just take the time to

learn how. Please know that I am praying for you. With a pastor's heart, Pastor Mike. Pastor Michael K. Jones is the senior pastor of Progressive Baptist Church in Indianapolis, Indiana. KILLING IN WAR

OUP Oxford Killing a person is in general among the most seriously wrongful forms of action, yet most of us accept that it can be permissible to kill people on a large scale in war. Does morality become more permissive in a state of war? Jeff McMahan argues that conditions in war make no difference to what morality permits and the justifications for killing people are the same in war as they are in other contexts, such as individual self-defence. This view is radically at odds with the traditional theory of the just war and has implications that challenge common sense views. McMahan argues, for example, that it is wrong to fight in a war that is unjust because it lacks a just cause.

She holds a Bachelor's degree in Sociology from MacMurray College and a nursing certificate from Blessing Hospital. Awards include: Curator's Award from University of Missouri, Ford Foundation teaching internship, United States Public Health Service Grant, and academic scholarships. From 1974 to 1978 she was a Nursing Instructor at the University of Azarabadegan in Iran and from 1978 to 1988 she was a Christian Education Teacher at Maridi Teacher Training Institute and the first American woman to become Chair at their Department of Religion. Marjorie White, a missionary teacher for over twenty years, has written this book at the request of missionary schools who want to train educators to serve in Muslim countries. The book covers the personal perspectives and experiences in Iran during her time of service and her own perspectives on relating to those of the Muslim religion that she learned from interaction with her Muslim students, friends and co-workers. The books of Moses were the only text that she was allowed to use in her religious education classes in both Sudan and Iran and this presentation is fairly representative of what she taught. Parts of this book are devoted to her use of the new teaching technique of using literary methods to teach science and other non-literary subjects. This book is timely, as it addresses today's new interest in teaching Bible truths throughout school curriculum.

ORDER WITHIN ANARCHY

THE LAWS OF WAR AS AN INTERNATIONAL INSTITUTION

Cambridge University Press Order Within Anarchy focuses on how the laws of war create strategic expectations about how states and their soldiers will act during war, which can help produce restraint. International law as a political institution helps to create such expectations by specifying how violence should be limited and clarifying which actors should comply with those limits. The success of the laws of war depends on three related factors: compliance between warring states and between soldiers on the battlefield, and control of soldiers by their militaries. A statistical study of compliance of the laws of war during the twentieth century shows that joint ratification strengthens both compliance and reciprocity, compliance varies across issues with the scope for individual violations, and violations occur early in war. Close study of the treatment of prisoners of war during World Wars I and II demonstrates the difficulties posed by states' varied willingness to limit violence, a lack of clarity about what restraint means, and the practical problems of restraint on the battlefield.

CALLING FOR THE DESTRUCTION OF 'CLASS ENEMIES' IN CHINA, 1949-1953

Routledge When Communist revolutionaries seized control of Mainland China in 1949, they faced enormous challenges of state and nation building. China occupied a vast territory, had a huge and poorly integrated population and suffered from a woefully backward economy. Building a Socialist Chinese state required effectively managing significant opposition to the imposition of the Communist regime. This study examines how the Chinese Communist Party employed language as an essential part of its strategy to achieving these goals.

AN EXACT JOURNAL OF THE SIEGE OF LISLE ... SECOND EDITION

ANNIVERSARY ESSAYS ON TOLSTOY

Cambridge University Press A century after Leo Tolstoy's death, the author of *War and Peace* is widely admired but too often thought of only with reference to his realism and moral sense. The many sides of Tolstoy revealed in these essays speak to readers with astonishing force, relevance, and complexity. In a lively, challenging style, leading scholars range over his long life, from his first work *Childhood* to the works of his old age like *Hadji Murat*, and the many genres in which he worked, from the major novels to aphorisms and short stories. The essays present fresh approaches to his central themes: love, death, religious faith and doubt, violence, the animal kingdom, and war. They also assess his reception both in his lifetime and subsequently. Setting new agendas for the study of this classic author, this volume provides a snapshot of more current scholarship on Tolstoy.

WHAT GIFTS ENGENDER

SOCIAL RELATIONS AND POLITICS IN MENDI, HIGHLAND PAPUA NEW GUINEA

Cambridge University Press Gift exchange plays a crucial role in the social and political organization of Mendi in Papua New Guinea. This book reveals how considerable light can be shed on Mendi society, particularly on its political economy, by examining both the well-known ceremonial exchange festivals and the hitherto relatively little-studied everyday gift-giving practices. The author shows that the latter are crucial for understanding inter-group politics, the process of leadership, male-female relationships and the status of women, and the production, distribution and circulation of wealth. Currently the only book available on this society, the work offers an unusual combination of a social structural analysis with a study of local history and change. It is also of interest for its integration of the study of gift exchange and politics with the study of gender roles and relationships.

THE AMISTAD REVOLT

MEMORY, SLAVERY, AND THE POLITICS OF IDENTITY IN THE UNITED STATES AND SIERRA LEONE

University of Georgia Press From journalism and lectures to drama, visual art, and the Spielberg film, this study ranges across the varied cultural reactions--in America and Sierra Leone--engendered by the 1839 Amistad slave ship revolt.

Iyunolu Folayan Osagie is a native of Sierra Leone, from where the Amistad's cargo of slaves originated. She digs deeply into the Amistad story to show the historical and contemporary relevance of the incident and its subsequent trials. At the same time, she shows how the incident has contributed to the construction of national and cultural identity both in Africa and the African diaspora in America--though in intriguingly different ways. This pioneering work of comparative African and American cultural criticism shows how creative arts have both confirmed and fostered the significance of the Amistad revolt in contemporary racial discourse and in the collective memories of both countries.
