One of those alternatives—community-based corrections—had been conceived in the 1950s as a system that might prove more progressive, humane, and effective, particularly with people who had committed less serious criminal offenses and for whom incarceration, with constant exposure to serious offenders and career criminals, might prove more damaging than rehabilitative. The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system, spurred in recent years not so much by a progressive, humane philosophy as by dramatically increasing prison populations, court orders to “fix” overextended prison settings, and an economic search for cost savings. Although community correction programs have been in place for some 40 years now, to date no comprehensive reference resource has tackled this topic. Accessible and jargon-free and available in both print and electronic formats, the one-volume Encyclopedia of Community Corrections will explore all aspects of community corrections, from its philosophical foundation to its current inception. **Features & Benefits:** 150 signed entries (each with Cross References and Further Readings) are organized in A-to-Z fashion to give students easy access to the full range of topics in community corrections. A thematic Reader's Guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance. In the electronic version, the Reader's Guide combines with a detailed Index and the Cross References to provide users with convenient search-and-browse capacities. A Chronology in the back matter helps students put individual events into broader historical context. A Glossary provides students with concise definitions to key terms in the field. A Resource Guide to classic books, journals, and web sites (along with the Further Readings accompanying each entry) guides students to further resources in their research journeys. That number has increased since then, and the U.S. holds the highest incarceration rate in the world - one out of every 100 Americans are in prison. The rate of imprisoned females is rising at a faster rate than imprisoned males, and many individuals are imprisoned for non-violent crimes. Individuals with otherwise respectable lives are incarcerated with little or no idea of what to expect and how it will affect them and their families. This book was written to help anyone who is preparing to go to prison with the possibilities, expectations, and realities of their situation from the strain it will put on a marriage, to the conversations you will need to have with your children. You will learn everything you need to know about prison that the system is unwilling to tell you. Learn how visitation works and how often you will be able to see your family. Learn how to discuss prison with your children and how to maintain a healthy relationship with your spouse regardless of the duration of your incarceration. Learn about the unique issues women go through in prison. Learn how to write a loving letter and how to effectively bide your time in prison without succumbing to the temptations and bad influences. Learn how to maintain your dignity and the respect of your children despite everything that has happened, by consistently keeping in touch. After interviewing more than 100 past and present inmates along with their families, this book provides a complete perspective into how people respond to the prospect and reality of incarceration, and what you can do to prepare for those realities. Learn what prison life is really like depending on your crime and where you will be sent. Learn how you can reduce your prison time through good behavior and how you can: prepare your family for your departure, prepare your finances, ensure friends or family members will help your spouse, and set aside the necessary resources to maintain your family's lifestyle and comfort. For anyone preparing to go to prison and leaving behind a family, this book will provide the necessary information that no one else is willing to tell you before you go in. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned with determinate sentence prisoners, lifers and recalled prisoners. A wide range of significant issues, and case law, has arisen as a result of these changes, which the contributors to this book, leading authorities in the field, aim to explore.
