OSSEC HOST-BASED INTRUSION DETECTION GUIDE

Syngress This book is the definitive guide on the OSSEC Host-based Intrusion Detection system and frankly, to really use OSSEC you are going to need a definitive guide. Documentation has been available since the start of the OSSEC project but, due to time constraints, no formal book has been created to outline the various features and functions of the OSSEC product. This has left very important and powerful features of the product undocumented...until now! The book you are holding will show you how to install and configure OSSEC on the operating system of your choice and provide detailed examples to help prevent and mitigate attacks on your systems. -- Stephen Northcutt OSSEC determines if a host has been compromised in this manner by taking the equivalent of a picture of the host machine in its original, unaltered state. This "picture" captures the most relevant information about that machine's configuration. OSSEC saves this "picture" and then constantly compares it to the current state of that machine to identify anything that may have changed from the original configuration. Now, many of these changes are necessary, harmless, and authorized, such as a system administrator installing a new software upgrade, patch, or application. But, then there are the not-so-harmless changes, like the installation of a rootkit, trojan horse, or virus. Differentiating between the harmless and the not-so-harmless changes determines whether the system administrator or security professional is managing a secure, efficient network or a compromised network which might be funneling credit card numbers out to phishing gangs or storing massive amounts of pornography creating significant liability for that organization. Separating the wheat from the chaff is by no means an easy task. Hence the need for this book. The book is co-authored by Daniel Cid, who

is the founder and lead developer of the freely available OSSEC host-based IDS. As such, readers can be certain they are reading the most accurate, timely, and insightful information on OSSEC. * Nominee for Best Book Bejtlich read in 2008! * <http://taosecurity.blogspot.com/2008/12/best-book-bejtlich-read-in-2008.html> • [Get Started with OSSEC](#) Get an overview of the features of OSSEC including commonly used terminology, pre-install preparation, and deployment considerations. • [Follow Steb-by-Step Installation Instructions](#) Walk through the installation process for the "local , "agent , and "server" install types on some of the most popular operating systems available. • [Master Configuration](#) Learn the basic configuration options for your install type and learn how to monitor log files, receive remote messages, configure email notification, and configure alert levels. • [Work With Rules](#) Extract key information from logs using decoders and how you can leverage rules to alert you of strange occurrences on your network. • [Understand System Integrity Check and Rootkit Detection](#) Monitor binary executable files, system configuration files, and the Microsoft Windows registry. • [Configure Active Response](#) Configure the active response actions you want and bind the actions to specific rules and sequence of events. • [Use the OSSEC Web User Interface](#) Install, configure, and use the community-developed, open source web interface available for OSSEC. • [Play in the OSSEC VMware Environment Sandbox](#) • [Dig Deep into Data Log Mining](#) Take the "high art of log analysis to the next level by breaking the dependence on the lists of strings or patterns to look for in the logs.

STAR TREK

AN ANNOTATED GUIDE TO RESOURCES ON THE DEVELOPMENT, THE PHENOMENON, THE PEOPLE, THE TELEVISION SERIES, THE FILMS, THE NOVELS, AND THE RECORDINGS

McFarland Publishing [Star Trek](#) was first beamed into peoples homes in 1966 and when it went off the air three years later it was on its way to being the most successful failure in television history. Along the way it spawned nine feature films, three new television series, novels, books, video and audio tapes, records, computer games, merchandising tie-ins, fan clubs and conventions. Gibberman has summarized 25 years of just about everything written about Star Trek including details about the stars and guest-stars and information about the making of the television series and feature films. This work lists over 1,300 English-language articles about every aspect of the phenomenon; fully indexed.

TV GUIDE

FORTHCOMING BOOKS

SCIENCE FICTION TELEVISION SERIES, 1990Ð2004

HISTORIES, CASTS AND CREDITS FOR 58 SHOWS

McFarland This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular The X-Files to the many worlds of Star Trek (The Next Generation onward), as well as Andromeda, Babylon 5, Firefly, Quantum Leap, Stargate Atlantis and SG-1, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

DEEP SPACE NINE COMPANION

Simon and Schuster Chronicles the seven-year history of the television series with in-depth synopses, interviews with cast and crew, and photographs and illustrations that span all 176 episodes.

WHAT CHILD IS THIS

Dorrance Publishing What Child Is This By: Conrad Tanner Trek Brandis has been haunted for a number of years by a young boy who appears to him in a recurring dream. He has no idea who the child is or what the dreams mean. When he goes on his honeymoon, he by chance sees a photo of a child and recognizes that it is the same child from his dreams—making him now realize that the boy is real. Trek will stop at nothing to find out who the child is and why he has been coming to him through his dreams.

seasons of "Star Trek, the Next Generation," and includes trivia questions, odd facts, and memorable lines

READING PROGRAMS FOR YOUNG ADULTS

COMPLETE PLANS FOR 50 THEME-RELATED UNITS FOR PUBLIC, MIDDLE SCHOOL AND HIGH SCHOOL LIBRARIES

McFarland School and public libraries often provide programs and activities for children in preschool through the sixth grade, but there is little available to young adults. For them, libraries become a place for work—the place to research an assignment or find a book for a report—but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units (such as *Cartoon Cavalcade*, *Log On at the Library*, *Go in Style*, *Cruising the Mall*, *Space Shots*, *Teens on TV*, and 44 others) that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme-related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs.

VIDEO SOURCEBOOK

A GUIDE TO PROGRAMS CURRENTLY AVAILABLE ON VIDEO IN THE AREAS OF: MOVIES/ENTERTAINMENT, GENERAL INTEREST/EDUCATION, SPORTS/RECREATION, FINE ARTS, HEAL

Gale Cengage From classroom aids to corporate training programs, technical resources to self-help guides, children's features to documentaries, theatrical releases to straight-to-video movies, *The Video Source Book* continues its comprehensive coverage of the wide universe of video offerings with more than 130,000 complete program listings, encompassing more than 160,000 videos. All listings are arranged alphabetically by title. Each entry provides a description of the program and information on obtaining the title. Six indexes -- alternate title, subject, credits, awards, special formats and program distributors -- help speed research.

NEW YORK MAGAZINE

New York magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

THE OASIS GUIDE TO ASPERGER SYNDROME

ADVICE, SUPPORT, INSIGHT, AND INSPIRATION

Crown Offers advice and support to parents of children suffering from the socially debilitating disease of Asperger Syndrome.

THE PARTNER'S GUIDE TO ASPERGER SYNDROME

Jessica Kingsley Publishers Adults with Asperger Syndrome (AS) often have difficulties acquiring relationship skills due to the defining characteristics of the syndrome, experiences with peers during childhood and adolescence, and the expectations of their partners. However, an increasing number do go on to achieve happy and successful long-term relationships with non-spectrum (NS) partners. This supportive book will give NS partners a better understanding of NS/AS relationships, and of what other NS partners have found to be helpful in terms of better understanding themselves and their partners, and enriching their relationships. Drawing on interviews with over 100 people in NS/AS relationships, as well as on their own experiences of having family members on the autism spectrum, the authors explore the key differences which may impact upon AS/NS relationships, such as communication, social skills, and sensory issues, and offer tried-and-tested advice on how to surmount difficulties and make things work. The book includes chapters on coping with stress and meltdowns, parenting, positive AS qualities and how to use them to their full advantage in a relationship, as well as advice on how the NS partner can ensure that their own needs are met. This book will provide support and encouragement to those in a relationship with someone who has been diagnosed with AS, or who is suspected of having AS, and will also be a useful resource for counsellors and other professionals who wish to deepen their understanding of AS/NS relationships.

MICROSOFT BOOKSHELF INTERNET DIRECTORY

THE PUBLISHERS WEEKLY

THE MEDIUM OF THE VIDEO GAME

University of Texas Press Over a mere three decades, the video game has become the entertainment medium of choice for millions of people, who now spend more time in the interactive virtual world of games than they do in watching movies or even television. The release of new games or game-playing equipment, such as the PlayStation 2, generates great excitement and even buying frenzies. Yet, until now, this giant on the popular culture landscape has received little in-depth study or analysis. In this book, Mark J. P. Wolf and four other scholars conduct the first thorough investigation of the video game as an artistic medium. The book begins with an attempt to define what is meant by the term "video game" and the variety of modes of production within the medium. It moves on to a brief history of the video game, then applies the tools of film studies to look at the medium in terms of the formal aspects of space, time, narrative, and genre. The book also considers the

video game as a cultural entity, object of museum curation, and repository of psychological archetypes. It closes with a list of video game research resources for further study.

PC WORLD

CHILDREN AND THE MEDIA

Transaction Publishers various members of the entertainment, scholarly, and political communities, including Senator Paul Simon, Harvard professor Gerald Lesser, television personality Fred Rogers, and Representative Patricia Schroeder. *Children and the Media* goes beyond predictable debates over children and media. It considers various interest groups, from consumer to producer, with the intention of stimulating more disciplined intelligence on the topic, thus leading to continuing creative.

NEW YORK MAGAZINE

STAR TREK'S PHILOSOPHY OF PEACE AND JUSTICE

A GLOBAL, ANTI-RACIST APPROACH

Bloomsbury Publishing Countering the dystopic and the apocalyptic, Star Trek's Philosophy of Peace and Justice introduces political philosophical reflections on peace, justice, and non-violence through dramatic plots in the utopian Star Trek Universe. Using key insights from a global array of philosophers, thinkers, and activists, including Martin Luther King Jr., Cesar Chavez, Angela Davis, Martha Nussbaum, Johan Galtung, and Desmond Tutu, José-Antonio Orosco guides readers through different Star Trek episodes, applying key concepts from peace and justice studies. In the Star Trek Universe, seemingly impossible realities, based on peace and justice exist indefinitely in a post-scarcity society marked by economic cooperation. Orosco continues its bold utopian mission and brings new challenges to the field of peace and justice studies that center anti-racism and intersectional theory to encourage the exploration, over conquest, of our own galaxy.

PARENTAL DEATH

THE ULTIMATE TEEN GUIDE

Rowman & Littlefield According to a recent U.S. census, approximately 2.5 million children under the age of eighteen have experienced the death of a parent. Losing a parent at such a young age can have devastating consequences. Beyond the grief children and young adults experience, they can be at risk for many negative outcomes, including depression, anxiety, and post-traumatic stress symptoms, as well as diminished self-esteem. Their academic success and relationships with others can also be adversely affected. For these young adults, help is not always easy to find. In Parental Death: The Ultimate Teen Guide, Michelle Shreeve offers a variety of ways in which young people can cope with this tough experience. In addition to outlining the universal difficulties of losing a parent, the author also points out the unique dynamics of specific losses--sons who lose fathers, daughters who lose mothers, sons who lose mothers, and daughters who lose fathers—and what those losses can mean for their future development. This book also identifies how the challenges of life without a parent can affect a young adult at different stages. Featuring real stories and quotes from teens about their experiences, this book shows young adults a variety of views about the death of a parent, and provides coping strategies that young people can call upon to help them through this difficulty. Parental Death: The Ultimate Teen Guide serves as a valuable resource for all teens, whether they are dealing with tragedy personally or are looking for ways to

console friends or siblings.
