THE THRIVING PROFESSOR

A GUIDE TO A CAREER IN UNIVERSITIES AND COLLEGES

World Scientific In this book, Martin Krieger provides a detailed and practical guide for readers who wish to become more effective scholars, teachers, and administrators. The *Thriving Professor* dispenses usable insights that smooth the passages through promotion and tenure, and enable the scholar to write and publish more effectively as well as to avoid traps along the way. This work is helpful to those manoeuvring through academic difficulties. It offers essential advice to professors at every stage in their careers to move forward, and takes much of the myth out of the academic life. The *Thriving Professor* is the friendly mentor everyone wishes for. Krieger says out loud what others hint at, and is non-judgmental.

THE COACH'S GUIDE FOR WOMEN PROFESSORS

WHO WANT A SUCCESSFUL CAREER AND A WELL-BALANCED LIFE

Stylus Publishing (VA) This is a practical guide for women in academe - whether adjuncts, professors or administrators - who often encounter barriers and hostility, especially if women of color, and generally carry a heavier load of service, as well as household and care responsibilities, than their male colleagues. Rena Seltzer, a respected life coach and trainer who has worked with women professors and academic leaders for many years, offers succinct advice on how you can prioritize the multiplicity of demands on your life, negotiate better, create support networks, and move your career forward. Using telling but disguised vignettes of the experiences of women she has mentored, Rena Seltzer offers insights and strategies for managing the situations that all women face - such as challenges to their authority - while also paying attention to how they often play out differently for Latinas, Black and Asian women. She covers issues that arise from early career to

senior administrator positions. This is a book you can read cover to cover or dip into as you encounter concerns about time management; your authority and influence; work/life balance; problems with teaching; leadership; negotiating better; finding time to write; developing your networks and social support; or navigating tenure and promotion and your career beyond.

THE PROFESSOR IS IN

THE ESSENTIAL GUIDE TO TURNING YOUR PH.D. INTO A JOB

Crown The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish - Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right *The Professor Is In* addresses all of these issues, and many more.

THE ESSENTIAL COLLEGE PROFESSOR

A PRACTICAL GUIDE TO AN ACADEMIC CAREER

John Wiley & Sons *The Essential College Professor* is about the "how" and "why" of being a faculty member today. Based on the author's series of highly successful faculty development workshops, each chapter deals concisely with the most important information college professors need at their fingertips when confronted by a particular challenge or faced with an exciting opportunity. Written both as a comprehensive guide to an academic career and as a ready reference to be consulted whenever needed, *The Essential College Professor* emphasizes proven solutions over untested theories and stresses what faculty members have to know now in order to be successful in their careers. Each chapter is concluded by a short exercise that faculty members can perform to help them, for instance, completely revise a course by restructuring the syllabus and course materials, bring new life to a research project by reframing it as a book proposal or grant application, and so on.

COMMEMORATIVE ISSUE TO CELEBRATE THE LIFE AND WORK OF PROF. ROGER W.H. SARGENT

MDPI This book celebrates the life, work and influence of Professor Roger W.H. Sargent of Imperial College London. It does so through a range of original contributions that span the wide academic and industry interests of Professor Sargent. Roger Sargent passed away in late 2018, but his legacy lives on through his enormous academic tree, which traces to the early 1960s. That huge body of work has also had significant impacts on industrial practices. Roger was regarded as "the father of Process Systems Engineering (PSE)". This area of Chemical Engineering continues to influence the modelling, design, control, optimization and integrated performance of industrial and related processes. This book highlights some of those impacts and the ongoing importance of PSE in helping to solve some of the grand challenges of our time.
