Costa Rica Footprint Focus Guide

Includes Península de Osa, Tortuguero, Volcán Arenal, Monteverde

Footprint Travel Guides *If you are looking for evidence for the belief that size is not everything then Costa Rica should be your first port of call. What Costa Rica lacks in size, it more than makes up for in wildlife, scenery and adventure. Visit Costa Rica and you'll experience a tropical paradise of jungles and lagoons, thermal pools and Caribbean beaches; a land where hummingbirds congregate to drink nectar and sacred quetzal birds hide in treetops. Footprintfocus Costa Rica is brimming with information on adventure activities from diving to trekking, eco-friendly options for accommodation and comprehensive listings of where to eat, sleep and drink. • Essentials section with tips on getting there and around. • Includes fascinating insights into the history and culture of the country. • Comprehensive listings of where to eat & sleep, plus information on festivals and activities. • Detailed street maps for San José and other important towns and cities. • Slim enough to fit in your pocket. Loaded with advice and information, this concise Footprintfocus guide will help you get the most out of Costa Rica without weighing you down.*

Guide to the Euphonium Repertoire

The Euphonium Source Book

Indiana University Press *Guide to the Euphonium Repertoire is the most definitive publication on the status of the euphonium in the history of this often misunderstood and frequently under-appreciated instrument. This volume documents the rich history, the wealth of repertoire, and the incredible discography of the euphonium. Music educators, composers/arrangers, instrument historians, performers on other instruments, and students of the euphonium (baritone horn, tenor tuba, etc.) will find the exhaustive research evident in this volume's pages to be compelling and comprehensive. Contributors are Lloyd Bone, Brian L. Bowman, Neal Corwell, Adam Frey, Marc Dickman, Bryce Edwards, Seth D. Fletcher, Carroll Gotcher, Atticus Hensley, Lisa M. Hocking, Sharon Huff, Kenneth R. Kroesche, R. Winston Morris, John Mueller, Michael B. O'Connor, Eric Paull, Joseph Skillen, Kelly Thomas, Demondrae Thurman, Matthew J. Tropman, and Mark J. Walker.*

Insiders' Guide® to California's Wine Country

A Guide to Napa and Sonoma Counties

Rowman & Littlefield *The essential source for in-depth travel and relocation information to Napa and Sonoma Counties. Written by a local (and true insider), Insiders' Guide to California's Wine Country offers personal guidance to two major wine regions and their environs. Fully revised and updated, this guide contains five maps of the wine country.*

Religion and Place in Leeds

Historic England *Religious and cultural diversity has been a key feature of the city of Leeds for almost 200 years and has resulted in the building of many fine churches, chapels and synagogues; these are now joined by mosques, gurdwaras and a mandir. Tracing the architectural response to the changing conditions of the inner city and suburbs, this book examines the buildings associated with the groups of newcomers to Leeds, thus charting a great change in the city's religious life. It is suggested that both the brand-new purpose-built places of worship and the way in which existing buildings have been adapted also reveal significant continuities with how Christian groups expanded in the 19th century. The alterations made to Leeds' churches to adapt them to changing liturgical requirements and to the pastoral and social requirements of the present day are discussed. The context of the architectural expression of faith in Leeds in the 20th and early 21st centuries will also assist those concerned with the conservation of places of worship.*

Thomas Brothers Maps

Guide to Social Science and Religion in Periodical Literature

The Promise of Assistive Technology to Enhance Activity and Work Participation

National Academies Press *The U.S. Census Bureau has reported that 56.7 million Americans had some type of disability in 2010, which represents 18.7 percent of the civilian noninstitutionalized population included in the 2010 Survey of Income and Program Participation. The U.S. Social Security Administration (SSA) provides disability benefits through the Social Security Disability Insurance (SSDI) program and the Supplemental Security Income (SSI) program. As of December 2015, approximately 11 million individuals were SSDI beneficiaries, and about 8 million were SSI beneficiaries. SSA currently considers assistive devices in the nonmedical and medical areas of its program guidelines. During determinations of substantial gainful activity and income eligibility for SSI benefits, the reasonable cost of items, devices, or services applicants need to enable them to work with their impairment is subtracted from eligible earnings, even if those items or services are used for activities of daily living in addition to work. In addition, SSA considers assistive devices in its medical disability determination process and assessment of work capacity. The Promise of Assistive Technology to Enhance Activity and Work Participation provides an analysis of selected assistive products and technologies, including wheeled and seated mobility devices, upper-extremity prostheses, and products and technologies selected by the committee that pertain to hearing and to communication and speech in adults.*

Fodor's Colorado

South India, the Rough Guide

Schwann-1, Record & Tape Guide

Paper Towns

A&C Black *Special edition slipcase edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.*

Footprint Central America & Mexico Handbook

Amazing Asheville

Guide to Asheville and the Beautiful North Carolina Mountains

Equator *Amazing Asheville by Lan Sluder is the new guidebook to Asheville and the beautiful North Carolina Mountains. It candidly covers all the best places to stay, eat and explore in Asheville's exciting Downtown and surrounding neighborhoods, and elsewhere in the North Carolina mountains. In more than 150,000 words, it also covers the Great Smoky Mountains National Park, the Blue Ridge Parkway, Biltmore House and Biltmore Estate and the hundreds of thousands of acres of national and state forests in Western North Carolina. This is THE guide that gives you the ins and outs of enjoying the mountains and saving money on your Asheville and North Carolina mountains vacation. Written by an Asheville native and award-winning author of more than a dozen books on travel and retirement, Amazing Asheville provides readable, easy-to-use information on Asheville's many B&Bs, mountain lodges, resorts and vacation cabins. It tells you where to find great food and drink -- from bistros where locals go to five-star splurge places. It explains where to go for the most amazing experiences for your vacation. Amazing Asheville doesn't just stick to the city of Asheville. It covers many interesting small towns and villages in the mountains around Asheville. It details where to go for the best outdoor activities in the Blue Ridge Mountains -- hiking, scenic drives, camping, wildlife spotting, birding, river rafting, boating, gem mining, fishing, rock climbing, exploring waterfalls and the backcountry, and more. Whether your interest is outdoor adventures, art and crafts, clubbing and nightlife, music and culture, architecture, outdoor adventures or just having fun in the highest, coolest mountains and most-visited national parks in the East, Amazing Asheville is the guide for you.*

The Art of Better Retail Banking

Supportable Predictions on the Future of Retail Banking

John Wiley & Sons *"This new book on retail banking is both readable and innovative. Its analysis is unusually accessible in its style, and the book's conclusions and predictions will be rightly thought provoking. The customer is gaining real power and this new book's insights on the importance of leadership, the need to unleash creativity and to make a bank's IT and people resource work together more effectively for customer satisfaction are important pointers to the shape of future competitive differentiation." --Sir Mervyn Pedelty, Recently retired Chief Executive, The Co-operative Bank plc, smile, CIS and Co-operative Financial Services "A stimulating read. A readable and lively book that is always informative, sometimes controversial and invariably challenging. The authors don't expect readers to agree with it all, but the readers will undoubtedly gain some fresh insights and perspectives on the multiple issues facing management in a rapidly changing industry." --Chris Lendrum CBE, Recently retired Vice Chairman, Barclays Bank "This book is clear enough for the layman and thorough enough for any banker to obtain an excellent sense of the options for successful strategies for their retail businesses. The challenges of technology introduction, cost of production and scope of service are driving banks into responses increasingly similar to other industry sectors. These forces have been apparent for some years but are so evident now they can no longer be ignored. This book provides an excellent guide to mapping that future." --Joseph DeFeo, CEO, CLS Bank. "This is a useful guide to retail banking that provides a thought-provoking view on the state of The Art (of Better Retail Banking). Clearly retail banking can get better, and must! To steal an analogy from the conclusion, there is a sea change going on - consumers are looking more and more for greater simplicity and value, and so many banks are still making such heavy weather of it. This book does a good job of charting the current developments." -- Lindsay Sinclair, CEO, ING Direct UK. "A whistle-stop tour of all aspects of retail banking. This is a very readable and insightful real world mix of theory, strategy, tactics and practice. They have even managed to make banking sound exciting. But mostly they have been able to cut through the complexity to remind us all that success in retail banking is not just about finance and efficiency - it is about customers and staff, who are all too often forgotten about." --Craig Shannon, Executive Director - Marketing, Co-operative Financial Services. "The authors live up to their promise of providing managers and students with a clear exposition of the retail banking sector and how banks can confront the challenging future they face. This book is a practical manual with lots of useful advice. I was looking for new insights in this book - and I found them!" --Professor Adrian Payne, Professor of Services Marketing, Director, Centre for Services Management, Cranfield School of Management. "A key determinant of any organisation's success will be an enhanced understanding of 'value' as defined by customers, employees, shareholders and other stakeholders. Value can mean different things to these different groups, and this book has set itself the objective of identifying the approaches that will improve the value proposition for all of these interested parties. It achieves this objective." --Professor Steve Worthington, Faculty of Business and Economics, Monash University. "An enjoyable and useful read. It provides a good perspective on the role of IT and how IT suppliers and professionals need to contribute to future developments in retail banking strategy and implementation. It helps provide guidance for the significant challenges ahead for both suppl*
