Town and Country Planning in the UK

Routledge **Town and Country Planning in the UK** has become the Bible of British planning. In this new edition detailed consideration is given to: * the nature of planning and its historical evolution * central and local government, the EU and other agencies * the framework of plans and other instruments * development control * land policy and planning gain * environmental and countryside planning * sustainable development, waste and pollution * heritage and transport planning * urban policies and regeneration This twelfth edition has been completely revised and expanded to cover the whole of the UK. The new edition explains more fully the planning policies and actions of the European Union and takes into account the implications of local government reorganization, the 'plan-led system' and the growing interest in promoting sustainable development.

Finding the Law

A Handbook for Scots Lawyers

Bloomsbury T & T Clark Recent years have seen a dramatic increase in the number and range of Scottish legal textbooks, journals and reports, adding to more than three centuries of materials. The arrival of electronic publishing, on the Internet and CD-ROM, has added a further dimension. Along with these developments has come a greater responsibility for everyone involved in the law - students, academics and practitioners - to obtain information which is authoritative, complete and up-to-date, as quickly and cost-effectively as possible. Finding the Law is a practical guide to the leading sources of Scots, English and European law and to the means of accessing them. Notable websites and useful telephone numbers are listed in appendices. Previously a T & T Clarke publication.

The Scots Law of Succession

Bloomsbury Professional Scots Law **Scots Law of Succession** offers a straightforward approach to this often confusing area of law. As well as providing a clear yet comprehensive exposition of the law, the text provides a commentary on the background and possible difficulties of interpretation of the rules of succession. Examples and illustrations are provided where appropriate and succession is placed in its broader context of property law, family law and trusts. This new edition takes into account the new Family Law (Scotland) Bill 2005 and Civil Partnership Act with the addition of new cases and updates to statutory entitlements.

A Legal History of Scotland: The seventeenth century

T. & T. Clark Publishers Professor Walker's **Legal History of Scotland** will be published in seven volumes. It is the only attempt yet made to write a chronological narrative account of the development of the Scottish legal system from early times on a substantial scale, with extensive reference to original sources. That development is wholly different from that of the English legal system. Attention is given at all stages to sources and legal literature, the influences of other legal systems, the courts and procedure, the lawyers, the roles of Parliament and the Privy Council, and to public, criminal and private law, both substantive and procedural. Volume IV deals with the years between 1603, when the Scots lost their resident king, and 1707, when they lost their separate parliament. The intervening years were violent and contentious, and witnessed resentment at attempts to enforce episcopacy on the Kirk, which gave rise to armed resistance to the king, and ultimately civil war, then Scotland's subjugation by Cromwell and enforced union with England, the Restoration, the resistance of the Covenanters and the reaction against James VII which culminated in the Revolution and finally the unpopular Union. Const

How to Find the Law

West Group This text provides encyclopedic yet concise coverage of research methods and resources using both free and commercial Web sites as well as printed publications. An introductory survey of research strategies is followed by chapters on the sources of U.S. law created by each branch of government, discussion of major secondary sources, and an overview of international and comparative law.

Constitutional Law of Scotland

Sweet & Maxwell A very different book from its predecessor in the SULI series, J D B Mitchell's *Constitutional Law*, which was first published almost fifty years ago. This title's aim is to provide an authoritative account of both the new Scottish constitution and the contemporary governance of Scotland. It also charts the long march towards 'accountable' government in Scotland. After exploring the new Scottish constitution as set out in the Scotland and the Human Rights Act, it examines the separate Scottish, United Kingdom and European dimensions of the contemporary governance of Scotland. Constitutional law.

Legal Research Skills for Scots Lawyers

Covering what is a core area of Scots law, this text brings together a collection of extracts from leading cases, statutes, subordinate legislation and commentaries
