THE DEVIL'S DICTIONARY (OR THE CYNIC'S WORDBOOK: UNABRIDGED WITH ALL THE DEFINITIONS)

e-artnow This carefully crafted ebook: "The Devil's Dictionary (or The Cynic's Wordbook: Unabridged with all the Definitions)" is formatted for your eReader with a functional and detailed table of contents. The book is a classic satire in the form of a dictionary on which Bierce worked for decades. It was originally published in 1906 as The Cynic's Word Book before being retitled in 1911. A number of the definitions are accompanied by satiric verses, many of which are signed with comic pseudonyms. It offers reinterpretations of terms in the English language which lampoon cant and political double-talk as well as other aspects of human foolishness and frailty. The definitions provide satirical, witty and often politically pointed representations of the words that it seeks to "define". The Devil's Dictionary has inspired many imitations both in its day and more recently. Ambrose Gwinnett Bierce (1842 - 1914?) was an American satirist, critic, poet, editor and journalist. Bierce became a prolific author of short stories often humorous and sometimes bitter or macabre. His dark, sardonic views and vehemence as a critic earned him the nickname, "Bitter Bierce".

A NEW COMPANION TO HERMAN MELVILLE

John Wiley & Sons Discover a fascinating new set of perspectives on the life and work of Herman Melville A New Companion to Herman Melville delivers an insightful examination of Melville for the twenty-first century. Building on the success of the first Blackwell Companion to Herman Melville, and offering a variety of tools for reading, writing, and teaching Melville and other authors, this New Companion offers critical, technological, and aesthetic practices that can be employed to read Melville in exciting and revelatory ways. Editors Wyn Kelley and Christopher Ohge create a framework that reflects a pluralistic model for humanities teaching and research. In doing so, the contributing authors highlight the ways in which Melville himself was concerned with the utility of tools within fluid circuits of meaning, and how those ideas are embodied, enacted, and mediated. In addition to considering critical theories of race, gender, sexuality, religion, transatlantic and hemispheric studies, digital humanities, book history, neurodiversity, and new biography and reception studies, this book offers: A thorough introduction to the life of Melville, as well as the twentieth- and twenty-first-century revivals of his work Comprehensive explorations of Melville's works, including Moby-Dick, Pierre, Piazza Tales, and Israel Potter, as well as his poems and poetic masterpiece Clarel Practical discussions of material books, print culture, and digital technologies as applied to Melville In-depth examinations of Melville's treatment of the natural world Two symposium sections with concise reflections on art and adaptation, and on teaching and public engagement A New Companion to Herman Melville provides essential reading for scholars and students ranging from undergraduate and graduate students to more advanced scholars and specialists in the field.

BODY DOUBLE

THE AUTHOR INCARNATE IN THE CINEMA

Rutgers University Press **Body Double** explores the myriad ways that film artists have represented the creative process. In this highly innovative work, Lucy Fischer draws on a neglected element of auteur studies to show that filmmakers frequently raise questions about the paradoxes of authorship by portraying the onscreen writer. Dealing with such varied topics as the icon of the typewriter, the case of the writer/director, the authoress, and the omnipresent infirm author, she probes the ways in which films can tell a plausible story while contemplating the conditions and theories of their making. By examining many forms of cinema, from Hollywood and the international art cinema to the avant-garde, Fischer considers the gender, age, and mental or physical health of fictionalized writers; the dramatized interaction between artists and their audiences and critics; and the formal play of written words and nonverbal images. By analyzing such movies as *Adaptation*, *Diary of a Country Priest*, *Naked Lunch*, *American Splendor*, and *Irezumi*, Fischer tracks the parallels between film author and character, looking not for the creative figure who stands outside the text, but for the one who stands within it as corporeal presence and alter-ego.
