THE BOOK OF THE GREEN MAN

FAT MAN TO GREEN MAN

FROM UNFIT TO ULTRAMARATHON

Tangent Books Despite believing he was bionic as a child, Ira Rainey was far from an elite athlete with superhuman running abilities like the ones he read about in books. He was in fact an overweight and unfit slacker who felt a bit sorry for himself because he had sore feet. Sure he ran a bit, but he also sat around a lot and ate and drank too much. Why? Because he could, and because he was a delusional optimist who thought everything would always be just fine. That was until a friend was diagnosed with terminal cancer and given months to live. It was an event that would push Ira to tackle his apathy towards life and take on the challenge of becoming an ultramarathon runner, pushing himself to go further than he had ever gone before. Award winning, Fat Man to Green Man: From Unfit to Ultramarathon is a warm and humorous account of one man's quest to uncover his true super powers as he journeys from fat to fit, and taking in everything that came between the two. It is a story of fields and friendships; mud and maps; but more importantly learning how to push yourself to achieve what you would never believe you could - and how to deal with the consequences. Fat Man to Green Man won the silver award for running books in The 2014 Running Awards, an award voted for by runners. Ira Rainey, with Fat Man to Green Man, was also a shortlisted finalist for New Writer of the Year in The British Sports Book Awards 2014. "Ira Rainey's lifestyle transformation is an extraordinary example of what can be accomplished with passion and conviction. Fat Man to Green Man is an inspirational story of how the seemingly impossible can come true. A must-read for anyone looking to make a positive change." - Dean Karnazes - World-renowned endurance athlete and NY Times bestselling author "Rainey is proof that ultradistance races can be completed by middle-aged mortals and not just extreme endurance athletes with a penchant for pain." - Men's Fitness Magazine "The ending? It's not what you will expect, but it will see you re-appraise everything in life you thought was certain. We think you will be inspired and, like us, are certain you may lose a few tears before you reach it." - Running Fitness Magazine "It's an inspirational tale of Ira's battle with inner demons and ill health...I felt as if I was right beside him..." - Trail Running Magazine "So many things are covered here, the back to back training runs, the speed work (I was actually a bit intimidated by how fast he can knock out a 5K), the nutrition and weight loss and dealing with injury and recovery. He discovered that he was not bionic but overall he was very capable of running long distances and recalling the tales very vividly." - James Adams - Ultramarathon runner and author of Running and Stuff "At times laugh out loud funny, at others quite poignant (the parts

where Ira faces the impending loss of a dear friend are especially touching) this book is a fun take on one man's journey to becoming an ultra runner, and finding himself in the process." - UltrarunnerPodcast "Dean Karnazes taught us about what it takes to be at the very top of ultra running, wowing us in the process while Ira, inspired by Dean, gives us an insight of ultra running that the rest of us could aspire to." - The Running Stories

REVEALING THE GREEN MAN

John Hunt Publishing Revealing the Green Man is designed to impart a practical revelation of a deep and ancient mystery through actual archaeological and historic case studies which point to personal intellectual and spiritual enlightenment affecting everyone alive today. The book is not just a lazy stroll through entertaining stories of some lost mystery cult, but a resurrection of a long and ancient religion as old as time itself which is now challenging us to care for our environment here in the modern world. The Green Man proves himself to be a great deal more than a cute chubby face peering at us through a veil of leaves, rather he could be said to be a true representation of the very essence of life itself.

MEN IN GREEN FACES

A NOVEL OF U.S. NAVY SEALS

St. Martin's Paperbacks "Full of ambushes and firefights...From page one I knew I wanted to be a SEAL. The more I read, the more I wanted to see if I could measure up." —Mark Owen, #1 New York Times bestselling author of *No Easy Day* Because it's a novel, the truth can be told. Because it's the truth, you'll never forget it... Gene Wentz's *Men in Green Faces* is the classic novel of Vietnam that inspired a generation of SEALs. Here is the story of a good soldier trained to be part of an elite team of warriors—and of the killing grounds where he was forever changed. WITH A NEW FOREWORD BY THE AUTHOR Gene Michaels carries an M-60, eight hundred rounds, and a Bible. The ultimate SEAL, he also carries a murderous grudge against a bloodthirsty colonel who was once one of their own. To bring him in, Michaels and his men will go behind the lines, where they'll take on 5,000 NVA in the fight of their lives. In this stunning novel, former SEAL Gene Wentz brings to life what it was like to be a SEAL in Vietnam, running an endless tour of top-secret, death-defying operations deep in enemy territory. From the camaraderie to the harrowing recons, from brutal interrogations to incredible, toe-to-toe firefights, here are America's most feared warriors as you've never seen them before.

THE MYTHIC FOREST, THE GREEN MAN AND THE SPIRIT OF NATURE

THE RE-EMERGENCE OF THE SPIRIT OF NATURE FROM ANCIENT TIMES INTO MODERN SOCIETY

Algora Publishing A delightful world tour of traditions and beliefs related to trees and forests, *The Mythic Forest* highlights modern-day revivals of ancient customs and identifies the Green Man motif in American architecture, his face peering out from behind his leaves on California banks and New York brownstone houses. The book will appeal to readers interested in folklore and legends, mythology, urban archeology, and, of course, trees and their lore. Trees and forests are rich in symbolism and have been feared or revered since man began to walk the earth. In Part I, the author discusses the gods of nature and the folklore of trees, tracing a variety of legends, practices and beliefs; in Part II he presents the history of the image of the Green Man and its use in pre-Christian and early Christian times up to today. Mankind has given a recognizable face to the awesome and impalpable forces of nature in the image of the Green Man and the nature spirits that this book explores. The ways in which different societies and different craftsmen have depicted these spirits display the wide creative range of the human imagination, but the persistence of the theme suggests that in all their many facets these "spirits" represent a deep, primordial sense that humans have shared since civilization began; for the message of these images has remained the same, even if somewhat altered over time. Folk traditions from around the world, from the rites that celebrate spring and egg on the forces of fertility to folk health remedies and the use of talismans to ward off illness and other evils, show some surprising similarities and hint at the shared origins of human culture. Even though the original significance of many customs has been lost or diluted, they still hold an appeal and many American towns even today are re-introducing seasonal fairs to recreate and revel in the link between man and nature. * Gary R. Varner is author of: *Essays in Contemporary Paganism*; *Sacred Wells: A Study in the History, Meaning, and Mythology of Holy Wells & Waters*; *Water of Life-Water of Death: The Folklore and Mythology of Sacred Water*; and *Menhirs, Dolmen and Circles of Stone: The Folklore and Magic of Sacred Stone*.

CALAMITY

BEING AN ACCOUNT OF CALAMITY JANE AND HER GUNSLINGING GREEN MAN

Ignition Books® "Jordan's weird western snatches the best adventure and suspense elements from both genres and distills them to their essences, creating a violence-laced but enjoyable romp."--Publishers Weekly "This first novel adds a fresh sf twist to a . . . Wild West legend. This gritty story blends the right amount of hard trials and humor, giving readers a revitalized perspective on a familiar folklore heroine."--Library Journal "Calamity is a lesson on how to do it right. Highly recommended."--Peter David, New York Times Best-selling Author "J. D. Jordan's *Calamity* is a satisfyingly gritty, intense and entertaining novel that deserves the attention of speculative fiction readers . . . It's something different, because it offers a fascinating glimpse into the early life of Calamity Jane. It's quite an extraordinary sci-fi Western romp."--Risingshadow.net I'm sure you've heard of Calamity Jane, but this is not a novel about Calamity Jane. At least not the Jane you may have read about. Calamity Jane is part of the legends of the Wild West, but long before she scouted with Custer or "Wild Bill" Hickok, she was a fifteen-year-old girl with a fiery temper. Violence and tragedy turn young Jane's world upside down and soon she finds herself riding with an alien gunslinger--the Green Man--through a landscape of revenge and betrayal. Along the way, she learns how to shoot a six-gun and how to stand on her own, even

when surrounded by Lakota warriors, and be respected. From space ships to guns that can shoot the wings off a butterfly a mile away, young Jane realizes that the universe is far bigger than the Wild West and that she can trust no one in it to save her but herself. When the villainous Grays meddling in the wars between the Indians and the government stand in the way of the Green Man making his way home, Jane finds her desire for revenge may be less than her loyalty for the longrider. And in that realization, she becomes the hero the Wild West has long remembered. So, forget what you know of how the West was won. Forget the Indian Wars and Custer's Last Stand. Instead, learn the truth of what happened when a young girl met a longrider she called the Green Man . . .

UPROOTED

ON THE TRAIL OF THE GREEN MAN

Faber & Faber **Who, or what, is the Green Man, and why is this medieval image so present in our precarious modern times? An encounter with the Green Man at an ancient Herefordshire church in the wake of catastrophic weather leads Nina Lyon into an exploration of how the foliate heads of Norman stonemasons have evolved into today's cult symbols. The Green Man's association with the pantheistic beliefs of Celtic Christianity and with contemporary neo-paganism, with the shamanic traditions of the Anglo-Saxons and as a figurehead for ecological movements, sees various paths crossing into a picture that reveals the hidden meanings of twenty-first-century Britain. Against a shifting backdrop of mountains, forests, rivers and stone circles, a cult of the Green Man emerges, manifesting itself in unexpected ways. Priests and philosophers, artists and shamans, morris dancers, folklorists and musicians offer stories about what the Green Man might mean and how he came into being. Meanwhile, in the woods, strange things are happening, from an overgrown Welsh railway line to leafy London suburbia. Uprooted is a timely, beautifully written and joyfully provocative account of this most enduring and recognisable of Britain's folk images.**

HOW THE MAN IN GREEN SAVED PAHANG, AND POSSIBLY THE WORLD

Epigram Books **Winner of the 2020 Epigram Books Fiction Prize** When a renegade prophet vanishes in a cloud of pigeons in Kuala Lumpur, chorister and first witness Gabriel finds himself press-ganged into a wild road trip down the Malaysian coast. Meanwhile, in a sleepy town by the sea, Lydia traces the links between her late grandaunt's eccentric lover and her involvement in the Communist Emergency. As Lydia and Gabriel enter a shadowy mythology of serpents, Sufi saints and plainclothes gods, they must grapple with the theologies and histories they once trusted, in a country more perilously punk than they'd ever conceived of. Reader Reviews: "A dizzying tale of saints, heists, maybe-queens." —The Straits Times "Quite the debut, accomplished, deft, unabashed and exuberant." —Asian Review of Books "Author Joshua Kam's debut book brings Asian mythology to the forefront." —The Sun Daily Malaysian author blurs myths and truths as you escape on a wild road trip ... This whimsical, rollercoaster ride of a book also carries a tale of old and new Malaysia colliding, with various figures from local history, politics and folklore coming together in an epic quest for the soul of the nation. —newsday24.com "In essence, (the novel) acts as a love letter to Malaysian folklore and history, showcasing an impressive degree of representation and imagination that never feels shoehorned into the narrative." —Bakchormeeboy "What a trip! This 21st-century adventure quest with an Islamic saint also brings us on a madcap tour through a multitude of Malaysian mythologies— Malay epics, Taoist pantheons, WW2/Emergency/Merdeka heroics, and more. Even more vitally, it gives us hope amidst the dire news of our era— political corruption, environmental devastation and

bigotry—reassuring us that the human/divine spirit still flourishes in the late-capitalist tropics, and is ultimately destined to triumph over evil. An absolute delight, and truly, deliciously Malaysian.” —Ng Yi-Sheng, award-winning author of *Lion City* “Borgesian, even Manichean in spirit, with almost reverent borrowings from Nusantara mythologies to Abrahamic religiosity, this novel is a wild ride from start to finish, riffing on Malayan history, politics and folklore in a surprisingly redemptive arc, while remaining deeply interrogative about what it means to keep true to goodness in the ever-changing face of evil.” —Cyril Wong, two-time Singapore Literature Prize-winning author of *This Side of Heaven*

WALKING WITH THE GREEN MAN

FATHER OF THE FOREST, SPIRIT OF NATURE

Career Press The image of the Green Man—the mysterious carved head surrounded by foliage—has both intrigued and mystified viewers and folklorists alike. Appearing in churches, taverns, and even on stately buildings, the carving seems shrouded in supernatural obscurity. In this absorbing new book, Dr. Bob Curran traces the many strands that make up this enigmatic image. He explores its significance in the medieval world and its development in the modern world. He also investigates the image's psychological appeal, and, drawing on a variety of sources, its impact on cultures throughout the world. From heroic archetypes such as Robin Hood to Demigods such as Herne the Hunter, from the King of the Woods to the Jack in the Green, *Walking With the Green Man* examines the interconnection of Man and Nature throughout history. It is a fascinating study that not only examines the history of the icon, but also its development within human perception. Book jacket.

LITTLE GREEN MEN

Hachette UK In 1994, Christopher Buckley published one of the most acclaimed and successful comic novels of the decade, *Thank You for Smoking*. Now Buckley returns to the strange land of Washington, D.C., in *Little Green Men*, a millennial comedy of manners about aliens and pundits . . . and how much they have in common. The reluctant hero of this hilarious novel is John Oliver Banion, a stuffy Washington talk-show host, whose privileged life is thrown into upheaval when aliens abduct him from his exclusive country-club golf course. But were his gray-skinned captors aliens . . . or something far more sinister? After Banion is abducted again—this time in Palm Springs—he believes he has been chosen by the extraterrestrials to champion the most important cause of the millennium, and he embarks on a crusade, appearing before a convention of UFO believers and demanding that Congress and the White House seriously investigate UFOs. His friends and family suspect that Banion is having some kind of manic-depressive midlife crisis and urge him to seek therapy before his credibility as a pillar of the punditocracy is ruined. So John Oliver Banion must choose: keep his establishment status or become the leader of millions of impassioned and somewhat scruffy new friends who want to expose the government's secret alien agenda. *Little Green Men* proves once and for all that the truth is out there. Way out there. And it reaffirms Christopher Buckley's status as the funniest humanoid writer in the universe.

THE GREEN MAN UNMASKED

A NEW INTERPRETATION OF AN ANCIENT RIDDLE

Author House A relic from our pagan past; a fertility symbol; the spirit of vegetation; Jack-in-the-Green, Herne the Hunter or Robin Hood all of these descriptions and many more have been advanced to explain the identity of the strange and often outlandish image which glares so balefully from rood screen and roof boss in so many places of Christian worship throughout Western Europe. Invariably depicting a male human head, it is by any reckoning a most unusual image and while exhibiting countless variations, the predominant feature common to all is the vegetation issuing in luxuriant profusion from the mouth and coiling around the head in fantastic shapes and patterns; a feature which has no known counterpart in nature. It is the Green Man so-called by generations of environmentalists and folklore enthusiasts. But such interpretations beg the question why does the image occur predominantly within a Christian context with a frequency second only to that of Christ Himself. . Who is the Green Man and what does his widespread presence signify? The author believes that the answer to this age-old riddle may be found in a number of medieval works such as the apocryphal gospels, the Bestiary and the Legend of the Rood all of which would have been familiar to scholars and teachers of the period. Although never part of the official canon, these nevertheless had a considerable influence on the teaching of the medieval Church and the imagery which it employed to illustrate it for the benefit of illiterate or semi-literate congregations. The present study represents a radical departure from the previously received wisdom on the subject and advances the hypothesis that far from being a pagan fertility symbol, the Green Man is a lead player in the great scriptural drama of the Creation, the Fall of Man and his ultimate redemption.

THE GREEN MAN IN BRITAIN

The History Press The Green Man has many facets, many dimensions. He peers through his leaf mask in hundreds of church misericords and stone carvings. His innate link with the changing seasons and fertility is revealed in the medieval poem Sir Gawain and the Green Knight and in summer folk customs such as Jack in the Green, the Castleton Garland and the Burry Man. Perhaps he even lurks in the legendary hero of the Greenwood, Robin Hood. The Authors have been running summer schools and courses on the Green Man for many years, and in this fascinating study they discuss his significance in medieval times and explore the modern development of the concept of the Green Man. The book also contains a detailed gazetteer of over 200 sites, featuring almost 1000 carvings (many photographed by Felicity Howlett).

THE LAND OF THE GREEN MAN

A JOURNEY THROUGH THE SUPERNATURAL LANDSCAPES OF THE BRITISH ISLES

Bloomsbury Academic **Beyond its housing estates and identikit high streets there is another Britain. This is the Britain of mist-drenched forests and unpredictable sea-frets: of wraith-like fog banks, druidic mistletoe and peculiar creatures that lurk, half-unseen, in the undergrowth, tantalising and teasing just at the periphery of human vision. How have the remarkably persistent folkloric traditions of the British Isles formed and been formed by the identities and psyches of those who inhabit them? In her sparkling new history, Carolyne Larrington explores the diverse ways in which a myriad of imaginary and fantastical beings has moulded the cultural history of the nation. Fairies, elves and goblins here tread purposefully, sometimes malignly, over an eerie, preternatural landscape that also conceals brownies, selkies, trows, knockers, boggarts, land-wights, Jack o'Lanterns, Barguests, the sinister Nuckleavee, or water-horse, and even Black Shuck: terrifying hell-hound of the Norfolk coast with eyes of burning coal. Focusing on liminal points where the boundaries between this world and that of the supernatural grow thin those marginal tide-banks, saltmarshes, floodplains, moors and rock-pools wherein mystery lies the author shows how mythologies of Mermen, Green men and Wild-men have helped and continue to help human beings deal with such ubiquitous concerns as love and lust, loss and death and continuity and change. Evoking the Wild Hunt, the ghostly bells of Lyonesse and the dread fenlands haunted by Grendel, and ranging the while from Shetland to Jersey and from Ireland to East Anglia, this is a book that will captivate all those who long for the wild places: the mountains and chasms where Gog, Magog and their fellow giants lie in wait."**
