MESSAGES, SIGNS, AND MEANINGS

A BASIC TEXTBOOK IN SEMIOTICS AND COMMUNICATION

Canadian Scholars' Press **Messages, Signs, and Meanings can be used directly in introductory courses in semiotics, communications, media, or culture studies. Additionally, it can be used as a complementary or supplementary text in courses dealing with cognate areas of investigation (psychology, mythology, education, literary studies, anthropology, linguistics). The text builds upon what readers already know intuitively about signs, and then leads them to think critically about the world in which they live - a world saturated with images of all kinds that a basic knowledge of semiotics can help filter and deconstruct. The text also provides opportunities for readers to do "hands-on" semiotics through the exercises and questions for discussion that accompany each chapter. Biographical sketches of the major figures in the field are also included, as is a convenient glossary of technical terms. The overall plan of the book is to illustrate how message-making and meaning-making can be studied from the specific vantage point of the discipline of semiotics. This third edition also includes updated discussions of information technology throughout, focusing especially on how meanings are now negotiated through such channels as websites, chat rooms, and instant messages.**

A FEW THOUSAND BUCKS

In Ezra's first book, he learned about baseball, girls, cars, drinking, and a lot of hard physical labor, not necessarily in that order. America had not yet been pulled into the war in Europe, and we didn't yet know much about that strange little country across the Pacific, known as Japan. As we pick up the story in book two, Ezra is now in his early 20's, working hard for meager pay, and a long way from his family in Illinois and Indiana. He has been to a handful of states, now he thinks he would like to see the world. He enlists in the military and asks to go to the Philippines. He talks about baseball, girls, cars, and drinking, not necessarily in that order. He gets married on Independence Day, and soon after, his country also goes to war. He was on a troopship heading for the Philippines when news came over the radio about Pearl Harbor. It said, "This is not one of those Orson Wells stories like we had on Halloween a couple years before." It said, "This is the real thing." The ship was ordered back to San Francisco. He eventually does get his wish, to go to the Philippines. Come with Ezra as he becomes the wanderer, the man with Government Issue Gypsy blood. With more than 165 pictures, some in color.
