OUT OF THE DARKNESS

BOOK SIX OF THE DARKNESS SERIES

Hachette UK As the Derlavaian War rages into its last and greatest battles, allied nations manoeuvre for positions against each other in a postwar world. But before that time can come, the forces of Algarve, Unkerlant and their allies must clash a final time, countering army with army and battle magic with ever-more-powerful battle magic. In the midst of it all, the people the war has battered and reshaped must struggle to face their greatest individual challenges, as loves are shattered and found, terrible crimes avenged...and some journeys end forever. And the end of the war may not bring peace...

ALTHUSSER AND LAW

Routledge Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Apprentice Series, which along with three other titles forms 'a curriculum for Christlikeness'. **THE GOOD AND BEAUTIFUL LIFE** introduces the reader to the kingdom of God and focuses on our inward character, dealing specifically with some of the most problematic vices: anger, lust, lying, worry, judging others and so on. Following the Sermon on the Mount, this book looks at the narratives behind these character flaws and replaces them with Jesus' narratives about life in the kingdom of God. Each chapter includes a 'soul-training' exercise to help embed Jesus' narratives into our minds, bodies and souls, along with questions that can be used for individual reflection or group discussion.

CELESTIAL CELESTE

Join captain Celeste and her crew in an epic multi-dimensional struggle to stop the looming calamity of their own creation. This cosmic drama, spanning multiple universes, tries to convey the importance of knowledge, responsibility, and sacrifice for the betterment of society. In a setting where consciousness is vital to the utopian equilibrium, where celestial objects share a unique bond with all living creatures, the most advanced utopian race of one thriving galaxy reaches another evolutionary level which brings them in contact with a new energy source. This multi-dimensional particulate substance, provided by the stars themselves, proves to be fraught with danger, and still shrouded in mystery. The arrogant beliefs of the thriving Zygnian society along with their self-perception of omniscience will lead them to the brink of extinction; their flawed knowledge of cosmic laws which govern their own universe will cause a potential destruction of multiple universes. Their fight to prevent their own demise will confront them, once again, with a realization that there is still much to learn, that the great unknown will never be fully understood, not even by the utopian society such as their own. The mysteries of cosmos never cease to amaze us, as the sheer abundance of never-ending beauty pushes us forward in our incessant quest for

elucidations of life.

Yet hope may be dawning at last. The terrible onslaught of the conquering forces of Algarve-who power their battle magics with the life energy of their murdered victims-begins to founder as it runs into Habbakuk: a sorcerous ship of ice used by embattled nations of Lagoas and Kuusamo to ferry their deadly dragons across the seas to strike at the very heart of Algarvian power. But though the tide has begun to turn, the conflict is far from over. The widely disdained Kaunians still**

struggle desperately to escape as the Algarvians kill them by the thousands-for life energy, but also simply for the crime of being Kaunian. And as the deaths of innocent civilians on both sides continue to feed the flames of war, those who have struggled to survive and preserve their freedom have only their passions to see them through. . . .

BLOWOUT!

SAL CASTRO AND THE CHICANO STRUGGLE FOR EDUCATIONAL JUSTICE

Univ of North Carolina Press In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. *Blowout!* fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.
