FIRE IN THE MIND

DIALOGUES WITH J. KRISHNAMURTI

Published on the birth centenary of J. Krishnamurti, Fire in the Mind is a book of important discussions conducted with Krishnamurti. Held from the end of the 1960s to 28 December 1985, seven weeks before his death on 17 February 1986, these dialogues cover a vast ocean of human concerns—fear, sorrow, death, time, culture, ageing and the renewal of the brain. They also explore subjects that are central to scientific research today, such as the questions of biological survival, the nature of consciousness, artificial intelligence, computers and the mechanical mind. J. Krishnamurti needs no introduction. A sage, a seer, a religious revolutionary and a teacher of profound compassion, Krishnamurti negated all spiritual authority. He sought freedom from the Guru, the book, tradition and the authoritarian voice of another. "Truth is within you," he said, and to discover that truth in the luminous light of perception was to transform the very nature of thought and consciousness. It was to awaken intelligence, insight and an abundant compassion. The total responsibility lay with the individual. No one could free another from bondage. These dialogues reveal Krishnamurti's approach to self-knowing and his way of investigation into the brain, the mind and the consciousness. In a world brought to the edge of the abyss by growing violence, soaring religious fundamentalism, the desecration of nature and a massive assault on human integrity, they provide a new direction to those of us seeking an alternative way of life.

AN ENGLISH SETTLER IN PIONEER WISCONSIN

THE LETTERS OF EDWIN BOTTOMLEY, 1842-1850

This volume is a collection of important historical documents published by the State Historical Society of Wisconsin. It is entirely devoted to letters from an English immigrant, Edwin Bottomley (1809-1850), written between 1842 and 1850 to his father, Captain Thomas Bottomley. Edwin Bottomley was born in Mossley near Manchester, and moved to Huddersfield and South Crossland, where his father became manager of the Crossland mills. As a pattern designer and leader of the Methodist church choir, he became prominent in that community. In 1842, however, seeking better prospects than could be found "in a cuntry wher Labour the sorce of all Real wealth is troden under foot By Monopoly Taxation and Opprsson," he emigrated with his wife, Martha, their five children and his bass viol to what would soon be known as English Settlement in western Racine County, Wisconsin. Bottomley farmed seventy acres and within eighteen months moved his family from a temporary shanty to a substantial brick house. The years brought hard work and regular bouts of fever, but enough prosperity for Bottomley to add 300 contiguous acres to the original holding. (The mortgage on this purchase caused him considerable anxiety, and he later turned to his father and brother for financial help). From the beginning, Bottomley was active in civic affairs, helping to establish the local school house and Methodist Episcopal church. His letters contain many references to British political issues and reflect some of the religious tensions of the period. In 1850, Bottomley succumbed to typhoid fever, leaving a will and inventory included here. An index appears at the end of this volume.

DIARIES 1898-1902

Born in 1879 in Vienna, Alma Mahler-Werfel was the daughter of the popular landscape painter, Emil J. Schindler. Her stepfather, Carl Moll, was instrumental in forming the Secession movement and she became the pupil, friend and lover of many famous men, including Alexander Zemlinsky, Gustav Klimt and Max Burckhard. In 1902 she married Gustav Mahler. After his death she married Walter Gropius, had a liaison with Oskar Kokoschka, and later married Franz Werfel. As a young girl she began writing a diary. This selection from four years of that diary gives a breathtaking (and breathless) account of cultural life in Vienna at the turn of the twentieth century. With their mixture of beady-eyed observation and impassioned confession, the pages of Alma Mahler-Werfel's diary make for gripping reading.
