12th of Never

Grand Central Publishing It's finally time! Detective Lindsay Boxer is in labor--while two killers are on the loose. Lindsay Boxer's beautiful baby daughter is born! While Lindsay and Joe are at home in bliss, San Francisco gets hit with multiple killings. An eccentric English professor has been having vivid nightmares about a murder that he claims is real. No one believes him-until a vicious shooting fits the man's description to the last detail. Then the girlfriend of a star player for the San Francisco 49ers is found dead in her car, making the athlete the prime suspect. This seems like an open-and-shut case-until the body inexplicably vanishes from the morgue. When the desperate chief of police calls for help, Lindsay is forced to return to work after only one week at home with her newborn. But all the crimes in the world will seem like nothing when she suddenly faces the most devastating loss of her life. With heart-pounding emotion and suspense, 12TH OF NEVER is James Patterson's most shocking and sensational Women's Murder Club novel yet.

The Masters

A Hole-by-Hole History of America's Golf Classic, Second Edition

Potomac Books, Inc. Revered as the most prestigious tournament in golf, the Masters commands international attention, even among nongolfers. The first edition of The Masters: A Hole-by-Hole History of America's Golf Classic took the unique approach of tackling Augusta National hole by hole. Each hole had its own chapter, with colorful stories on the greatest shots, biggest disasters, and amazing events that took place on each. David Sowell returns to Augusta now with the second edition of The Masters, adding more history and updating each hole with additional stories of greatness and tales of woe. He addresses Tiger's continued dominance as well as how Phil Mickelson finally got over his majors hump in a major way. Sowell also discusses the changes that have been made to the course in an effort to make it more difficult and shows how those changes have affected play. The legends of the Masters are in full force in this unique and lively look at America's golf classic. From Bobby Jones and Gene Sarazen to Arnold Palmer and Jack Nicklaus to Tiger Woods and Phil Mickelson, all the greatest Masters moments of the greatest golfers are here in one book. The Masters: A Hole-by-Hole History of America's Golf Classic, Second Edition provides a rich historical view of the course where success breeds legends and where failure can haunt even the most brilliant golfer's career.

Miners' Battalion

A History of the 12th (Pioneers) King's Own Yorkshire Light Infantry 1914-1918

Casemate Publishers The true nature and functions of a pioneer battalion were never fully understood during the war either by military or laymen. Pioneers pioneers, mused a red-hatted Staff Captain to me the other day. Sort of labor battalion, arent you? We sure are! I agreed. These words, written by Captain R. Ede England, who served with 12th King's Own Yorkshire Light Infantry during the whole of the Great War, are as true today as they were when he wrote the original history of the battalion in the early 1920s. Little is known, or understood, of the contribution made by the many thousands of men who served with the original Pioneer battalions. Building and repairing roads, bridges, railway lines, gun emplacements, and laying barbed wire to protect the Front Line, were just some of the tasks that they performed on a regular basis. Fortunately, the subject of the British Armys logistical support in the war zone during the new industrialized warfare that developed between 1914 and 1918 is now being examined in greater detail. Miners Battalion, A History of the 12th (Pioneers) Kings Own Yorkshire Light Infantry 1914-1918 follows the battalion throughout the war and shows how the men, mainly Yorkshire miners, applied their civilian skills to the purposes of war. It also reveals that in 1918, when forced to fight as infantrymen, the battalion performed with distinction, gaining the nickname, 'the Yorkshire Guards'.

The War in Burma

Routledge This book, first published in 1948, is an in-depth examination of the campaigns in Burma following the Japanese invasion in 1942 until after the surrender in 1945. The author, a military observer under Admiral Mountbatten, offers here impartial judgements and an objective narrative. He analyses the initial British failures, the straining of Anglo-American relations, the overcoming of military difficulties and the final victory of the combined British, Indian, American and Chinese forces. The book gives a clear and comprehensive look at the Burma war, puts it into perspective, and does not shy away from controversy over the management of the Allied campaign.
