Indian Silver Screen *K.K. Publications* Indian Silver Screen Television in India has been a medium of entertainment as well as social and economic awareness. It was started under government control as a medium of social awareness, but now this medium has become an industry. There was a time when Doordarshan was the only channel on television in India, but today, hundreds of channels broadcast programs day and night. In India today, there are many channels based on sports, news, film, documentary, and music. There was a time when television programs could be viewed only through television sets, but today, through devices such as computers, laptops, and mobiles, viewers can watch their favorite programs at their convenient location, and time. The main objective of this book written on Indian television is to make students aware of the history and status of Indian television. The book begins with the story of the introduction of television in various countries. It describes the development of television in Britain, America, Australia, China, Africa, and other countries of the continent of Asia. After this, the early experiments, projects, and history and current status of television in India are told. Many of the chapters in the book are about the major television business groups in India that have deep penetration into the Indian television industry. The book also introduces programs that have become famous in India, which have proved to be milestones in Indian television history and reached heights of popularity. Apart from this, the book describes the laws of India which have been implemented to control the television industry. A chapter in the book is written about various television broadcasting techniques practiced in the country. Apart from this, there is a chapter about Direct to Home, which tells the story of the development of DTH in India. Television rating points determine the popularity of television channels and programs. The book introduces various agencies and institutions that determine TRP in India. In addition to this, the history of television journalism in India has also been discussed. A chapter about television journalism in various languages of India such as Hindi, Punjabi, Gujarati, Marathi, Tamil, Telugu, Kannada, Malayalam, Bengali, and Assamese is described in detail. The last chapter of the book discusses various international television channels that are broadcasting in India. **India's Newspaper Revolution Capitalism, Politics and the Indian-language Press, 1977-99** *C. Mathew describes how their fortunes changed when their support to the nationalist State Congress brought upon them the wrath of the Travancore dewan, leading to the bank's collapse; and how through sheer persistence and diligence they could rebuild the paper and go on to establish huge companies. Mathew also shows that throughout the paper upheld the values of liberalism, credibility and democracy, which it continues to do until today. Willing's press guide Budhini *Hamish Hamilton* On 6 December 1959, Prime Minister Jawaharlal Nehru went to Dhanbad district in Jharkhand to inaugurate the Panchet Dam across the Damodar river. A fifteen-year-old girl, Budhini, chosen by the Damodar Valley Corporation welcomed him with a garland and placed a tikka on his forehead. When these ceremonial gestures were interpreted as an act of matrimony, the fifteen-year-old was ostracized by her village and let go from her job as a construction worker, citing violation of Santal traditions. Budhini was outlawed for 'marrying outside her community'. Budhini Mejhans is the tale of an uprooted life, told here through the contemporary lens of Rupi Murmu, a young journalist distantly related to her and determined to excavate her story. In this reimagined history, Sarah Joseph evokes Budhini with vigour, authority and panache, conjuring up a robust and endearing feminine character and reminding us of the lives and stories that should never be forgotten. Translated by her daughter, Sangeetha Sreenivasan, a fiercely individualistic novelist herself, Sarah Joseph's Budhini powerfully invokes the wider bio-politics of our relentless modernization and the dangers of being indifferent to ecological realities.

News Frames and National Security Covering Big Brother *Cambridge University Press* Did media coverage contribute to Americans' tendency to favor national security over civil liberties following the 9/11 attacks? How did news framing of terrorist threats support the expanding surveillance state revealed by Edward Snowden? Douglas M. McLeod and Dhavan V. Shah explore the power of news coverage to render targeted groups suspicious and to spur support for government surveillance. They argue that the tendency of journalists to frame stories around individual targets of surveillance - personifying the domestic threat - shapes citizens' judgments about tolerance and

participation, leading them to limit the civil liberties of a range of groups under scrutiny and to support 'Big Brother'. **Camels in the Sky Travels in Arabia** *Oxford University Press* Journeying from the green, rain-soaked Kerala into the amphitheatre of the Sun, our traveller-journalist finds that there is no better metaphor than the desert to instil the lessons of life and death, love and hatred, thirst and water. From a single shower of rain which brings the gaaf tree back to life after a decade to the ever-shifting dunes of gold and thousand-year-old sand palaces, the mysterious poetry of the desert is everywhere on display, if one but has the eye and heart to see it. As the deserts of Nafud, Dahna, and Rub' al Khali in Arabia both embrace and trap the travellers, the outpouring of the landscape's longing for rivers recalls a past filled with water. This narrative describes the history, prehistory, archaeology, legends, folklore, and travails of the émigré Asian work force that tames the harsh desert as never before. **Newspaper Marketing in India A Focus on Language Press** *Anmol Publications PVT. Is There A Lofty Moral Hidden In Its Verses? Age Group Of Target Audience (Puffin): 10+ **Moving with the Times Gender, Status and Migration of Nurses in India** *Taylor & Francis* This book is an attempt to penetrate the silence that surrounds the lives of nurses as migrant women. It offers a perceptive understanding of the trials faced specifically by women from the state of Kerala, in their personal and professional spheres, in the challenges posed to single women migrants as such, and the lower status ascribed to the job. In highlighting aspects of their lived experiences, it reveals how the identities of gender, class and ethnicity unmask the realities behind claims of egalitarianism and equal citizenship. Nurses from Kerala form one of the largest groups of migrant women workers in the international service sector along with Filipinos and Sri Lankans. Comparatively better salaries, work opportunities and financial independence, along with a desire to travel across the world, are often the reasons behind these migrations. For many of these women, the professional choice of nursing is usually the first step towards migration, while finding employment in Delhi, the urban capital of India, is intended as a transition point before they migrate abroad, a trajectory which may remain unrealised. In focusing on nurses who choose to work in Delhi, the author recounts how the patriarchy of the original place is recreated and relived in destination cities. In as much as traditional stigmatisation of nursing (as a 'dirty' profession), deeply entrenched gender prejudices, and status and role anxieties act as deterrents, these women remain undaunted in the face of adversities and treat their exposure to, and experience of, technology and nursing care in the bigger hospitals in Delhi as part of the training that is required to apply abroad. Through extensive empirical research, case studies and personal interviews, *Moving with the Times* illustrates nurses' lives in Delhi, providing an account of the dynamics — between traditional patriarchy, norms and associated identities, low professional status and marginality coupled at once with the sense of personal freedom, a new career and space — that migration compels these women to negotiate. This book will appeal to scholars of sociology, gender and women's studies, nursing and healthcare, and those interested in migration and identities. **Japan 2001 Marketing & Advertising Yearbook** *Press in India Annual Report of the Registrar of Newspapers for India Business World INFA Press and Advertisers Year Book Regional Language Television in India Profiles and Perspectives* *Taylor & Francis* This book examines the evolution and journey of regional language television channels in India.
