### KEY=I - HOUSTON SAGE

**The Craft of Scientific Presentations Handheld and Ubiquitous Computing First International Symposium, HUC'99, Karlsruhe, Germany, September 27-29, 1999, Proceedings Elsevier** This book constitutes the refereed proceedings of the First International Symposium on Handheld and Ubiquitous Computing, HUC'99, held in Karlsruhe, Germany in September 1999. The 23 revised full papers presented together with four invited keynote contributions, 26 reviewed posters, and two panel statements were carefully reviewed and selected from a large number of paper submissions. The papers are organized in topical sections on handheld and wearable appliances, location-based services, smart devices and smart environments, handhelds in distributed systems, handheld and wearable CSCW, context-aware mobile applications, interacting with environment, and interacting with handhelds. **Handheld and Ubiquitous Computing Aircraft Certification Systems Evaluation Program Violence and the police A sociological study of law, custom, and morality En Route Air Traffic Control Cognitive Ergonomics and Human-Computer Interaction Cambridge University Press** This 1989 book is a distinctive work in the field of human-computer interaction (HCI). Cognitive ergonomics and HCI encompass a wide range of research and development activities in both academic and industrial environments, and this book satisfies a clear need for the dissemination of the knowledge generated by work in progress or completed. **The Police and the Public Yale University Press** Ways we can make our society more civil, our police more humane, our population more responsible. Sociology. Cuts closer to the bone of truth about the police in America than any book I have read.--NY Times Book Review **Police Streetcorner Politicians University of Chicago Press** "This book . . . examines the problem of police corruption . . . in such a way that the stereotype of the crude, greedy cop who is basically a grown-up delinquent, if not an out-and-out robber, yields to portraits of particular men, often of earnest good will and even more than ordinary compassion, contending with an enormously demanding and challenging job."—Robert Coles, New Yorker "Other social scientists have observed policemen on patrol, or have interviewed them systematically. Professor Muir has brought the two together, and, because of the philosophical depth he brings to his commentaries, he has lifted the sociology of the police on to a new level. He has both observed the men and talked with them at length about their personal lives, their conceptions of society and of the place of criminals within it. His ambition is to define the good policeman and to explain his development, but his achievement is to illuminate the philosophical and occupational maturation of patrol officers in 'Laconia' (a pseudonym) . . . His discussions of [the policemen's] moral development are threaded through with analytically suggestive formulations that bespeak a wisdom very rarely encountered in reports of sociological research."—Michael Banton, Times Literary Supplement **The Trouble with Computers Usefulness, Usability, and Productivity MIT Press** Beginning with an explanation of why considerable outlays for computing since 1973 have not resulted in comparable payoffs, the author proposes that emerging techniques for user-centred development can turn the situation around - through task analysis, **ite The People and the Police Praeger The Democratic Policeman Beacon Press (MA)** An examination of American and European police forces to show how they deal with problems of rebellion as well as crime. **Doll Bones Simon and Schuster** Playing an endless make-believe game about pirates, mermaids and warriors under the rule of a formidable Great Queen china doll, best friends Zach, Poppy and Alice find their bond tested when Zach is compelled to give up their shared adventures and Poppy begins having dreams about the doll. By the co-author of the best-selling Spiderwick Chronicles. **Task Force Report--corrections Yearbook of Science and the Future Police Power Police Abuses in New York City New York : Pantheon Books Why Things Bite Back Technology and the Revenge Effect** This work contends that with every great advance in science and technology, there is a corresponding revenge effect. Yesterday's asbestos curtain, for example, which used to be used for protection, now implies a long-term chronic hazard. The book combines common themes from widely differing disciplines such as traffic engineering, epidemiology, ecology, social psychology, and organizational behaviour. The resulting overview offers a template for problem solving across the board - be it in business management, household matters, or how to cope with the general stress of living in the technological world. **Inevitable Illusions How Mistakes of Reason Rule Our Minds Wiley** "Fascinating and insightful. . . . I cannot recall a book that has made me think more about the nature of thinking." -- Richard C. Lewontin Harvard University Everyone knows that optical illusions trick us because of the way we see. Now scientists have discovered that cognitive illusions, a set of biases deeply embedded in the human mind, can actually distort the way we think. In *Inevitable Illusions*, distinguished cognitive researcher Massimo Piattelli-Palmarini takes us on a provocative, challenging, and thoroughly entertaining exploration of the games our minds play. He opens the doors onto the newly charted realm of the cognitive unconscious to reveal the full range of illusions, showing how they inhibit our ability to reason--no matter what our educational background or IQ. *Inevitable Illusions* is stimulating, eye-opening food for thought. **Police Administration Global Responsibility In Search of a New World Ethic Wipf and Stock Publishers** In this timely and urgent work, Hans Kung reminds us: - Every minute, the nations of the world spend 1.8 million dollars on military armaments; - Every hour, 1500 children die of hunger-related causes; - Every week during the 1980s, more people were detained, tortured, assassinated, made refugee, or in other ways violated by acts of repressive regimes than at any other time in history; - Every month, the world's economic system adds over 7.5 billion dollars to the catastrophically unbearable debt burden of more than 1.5 trillion dollars now resting on the shoulders of Third World peoples; - Every year, an area of tropical forest three-quarters the size of Korea is destroyed and lost; - Every decade, if present global warming trends continue, the temperature of the earth's atmosphere could rise dramatically with a resultant rise in sea levels that would have disastrous consequences, particularly for coastal areas of all the earth's land masses. In 'Global Responsibility', the author offers important new approaches and concludes that: - There can be no peace among the nations without peace among the religions. - There can be no peace among the religions without dialogue between the religions. - There can be no ongoing human society without a global ethic. **The Development of Constitutional Guarantees of Liberty Law, Society, and Industrial Justice Quid Pro Books** LAW, SOCIETY, AND INDUSTRIAL JUSTICE is a foundational study of workplace justice, still engaging and referenced a half-century after its original publication. The 50th Anniversary Edition adds an extensive, substantive Foreword by Berkeley's Lauren Edelman. She writes that the book "remains important for how it conceptualizes law, for how it conceptualizes organizations, and for the theory Selznick offers regarding the moral evolution of organizations as they become 'institutions,' or living entities infused with values." It is "a profound book for many reasons," as she critically examines. Norms and values still matter in organizational governance — even in what amounts to "private government" — as this classic work reminds us. "Selznick's classic text invites the reader to understand the interplay of formal and informal structures that produce new organizational norms, which, at their best, would replace workplace arbitrariness with due process protections like those embodied in the Rule of Law. It is not just an extraordinary contribution to the fields of sociology and jurisprudence, it is the theoretically foundational precursor to entire subfields in sociology and law." — Laura Beth Nielsen, Chair, Department of Sociology, Northwestern University; Research Professor, ABF "Philip Selznick laid the foundation for one of law and society's most vibrant areas of inquiry: law and organizations. Although this book has often been underappreciated, its 50th anniversary is a good opportunity to reassess its significance. Indeed, the current #MeToo movement lends more urgency to Selznick's highly relevant ideas about conceptualizing organizations as legal orders, the importance of changing norms and values, the role of law within organizations, and organizations' influence on the law." — Ashley T. Rubin, Sociology, University of Hawai'i at Manoa "Selznick's study is undoubtedly the most erudite and imaginative example of the natural-law approach to appear. . . . It is a very fine, even extraordinary piece of legal scholarship. It displays much craftsmanship, depth of learning, and creativity. It is elegant in style and graceful in presentation. Every legal sociologist should read it." — Donald J. Black, American Journal of Sociology "A contribution, brilliant and substantial, to the literature on private government." — Winston M. Fisk, American Political Science Review "Very enlightening and reminiscent of a good lecturer able to pull all the strings together chapter by chapter. . . . The volume can be recommended to all students of law, industrial organization, and industrial relations." — Industrial and Labor Relations Review **Reliable Knowledge An Exploration of the Grounds for Belief in Science** Reliable Knowledge offers a valuably clear account and a radically challenging investigation of the credibility of scientific knowledge. **The Negro in Chicago A Study of Race Relations and a Race Riot e-artnow** "The Negro in Chicago" is a sociological study published in 1922 by the University of Chicago Press. The study included a substantial review of the background of the Chicago riots of July and August 1919, the riots themselves, and their aftermath, together with original work and investigation into the relations between and perceptions of the black and white communities in Chicago. At this time, the city experienced a substantial increase of Black migration from the South. World War I had brought industrial jobs to cities in the North but many of these jobs were subject to a color bar and only available to whites. The arrival of black people in northern cities led to an increase in rent in underdeveloped neighborhoods and white flight. Expansion of the ghetto caused friction among white residents, which eventually led to riots. **The Concerto Greenwood** This book deals with all the well-know piano, violin, and cello concertos and is illustrated with a wealth of musical examples. **The Crime of Punishment AuthorHouse** One can not understand the Sixties without understanding the Fifties. The Fifties were the first time the American youth had excess freedom. Before the 50's they worked on the family farm; dusk till dawn, slaved in the sweat shops, 12 ours a day, six days a week; starved in the depression; and fought not knowing it they would be alive the next day in World War II and the Korean War. Then, suddenly, came the fifties. First there were the beatniks lead by their spiritual leader Williams Burrough, than the "bad boys of rock and roll Elvis, Johnny Cochran, and Jerry Lee Lewis prevailed. This excess freedom, led to freedom to think, freedom to question, freedom to challenge. In the sixties, the peaceful non-violent Civil Rights Movement, progressed to the Black Power and the Black Panthers. The Civil Rights Movement was followed by the creeping involvement in Vietnam, first with military advisors, than massive troop deployments to Vietnam resulting in death, violence, destruction, and then disillusion. And complementing the war, initially, the educational teach-ins led to massive antiwar demonstrations, to the Weathermen busting windows on Michigan Ave and planting bombs in the Capital. This all digressed to the " second civil war" which recently resurfaced with the Iraq War, I afraid now is progressing to the "third civil war". Throughout the book we follow the characters lives from romantic innocence to reality to Expressionism. Some fighting in Vietnam, some protesting the war, some marching for civil rights, friendships destroyed and than repaired. Some lives lost, some destroyed, some survived, but all caught up in the hubris characterized by a gross failure of governmental leadership. Those betrayed the most have their names on a black granite wall in Washington DC. **Comparative Legal Cultures On Traditions Classified, Their Rapprochement & Transfer, and the Anarchy of Hyper-rationalism with Appendix on Legal Ethnography Minorities and the Police Confrontation in America New York : Free Press ; London : Collier-MacMillan Visual Explanations Images and Quantities, Evidence and Narrative** Display of information for paper and computer screens; principles of information design, design of presentations. Depicting evidence relevant to cause and effect, decision making. Scientific visualization. **The Judicial Process An Introductory Analysis of the Courts of the United States, England, and France New York : Oxford University Press** **The Police: a Sociological Study of Law, Custom and Morality Teaching Abby Becca Jameson Publishing** It's a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret "play" room in the basement. Never mind that she's never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can't stay... **Ombudsmen and Others Citizens's Protectors in Nine Countries Death Waits in the Dark Blackstone Publishing** It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. **The Aussie Next Door Entangled: Amara** "A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to

anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he's as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she'll be gone in a few months... Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? Each book in the Patterson's Bluff series is STANDALONE: \* The Aussie Next Door \* Her Aussie Holiday **The Bad Boy Series Collection Books 1 - 4 Acadian Publishing Limited** The Bad Boy Series Collection I've been in love with Hunter Saint my entire life. He was my first love and the one I could never forget. Then Fate intervened and we became enemies. Now, I must go to Hunter on my hands and knees to beg him to save my brother's life. I'll pay any price to save him. I'll do anything Hunter wants. Anything... The Bad Boy Series by S. E. Lund's is a sexy new novella series, featuring a bad boy with a heart of gold and a heroine who can't get him out of her life or her heart. When Fate forces them back together again, can they deny what has long simmered between them? **One Hot Holiday Hocus Pocus Publishing, Inc.** She's running for her life. He's the safe haven she never expected to find. The holiday season is about to get HOT. Hiding out for the holiday season in the heart of the South? Not something that Haley Quick ever expected to have on her to-do list but then...she never expected her ex to want her dead, either. Turns out, life is full of surprises. Time to deal. Haley has ditched New York for a crazy little dot on the map known as Point Hope, Alabama. It's a town gone extra crazy for the holidays, and Haley is sticking out like a sore thumb with her very much Grinch-self. But enter sexy sheriff Spencer Lane...Tall, muscled, and made with an extra dose of sex appeal, he is exactly the kind of man that Haley should be avoiding. He's charming, he looks way too good in a Santa hat, and, oh, yes, he's her new landlord. The hits just keep coming. She can't afford to let Spencer learn all of her secrets, a tough job since she is living with the man. No sex, though. It's purely a business relationship. Except...the holidays in the South sure do get HOT. Or maybe that's just sexy Spencer. Usually, Haley falls for the bad guy. It's the whole reason she's running for her life. She can't help but wonder...What would it be like to fall for a man like Spencer? He just got his Christmas wish. Sheriff Spencer Lane can't believe his luck. The most beautiful, fascinating woman he's ever seen has just dropped into his life like a gift from, well, the big guy in red. Only the problem is that Haley seems to think Spencer is some by-the-book, nice guy. Probably because of the badge. And if she wants him to be the hero, that's a role that he's happy to play for her. But the truth is, Spencer has plenty of darkness inside, too. An ex Navy SEAL, he knows how to get sh—um, stuff done. He also knows how to be very, very naughty. When danger threatens his Haley, all bets are off. No one is going to hurt her. No one is going to threaten her. Not in his town. Not on his watch. The nice guy will show Haley just how bad he can be. Fake snow, a parade of wild elves, and a stalker ex don't make for the merriest of times, but in Point Hope, anything can happen—and it usually does. Ready for a steamy story that will get you in the ho-ho-ho spirit? Settle back, curl up with Spencer, and have yourself a jolly old time. **The Descendants Complete Series (Books 1, 1.5, 2, 3) L.D. Hall** A Discovery of Witches meets Twilight in this mesmerizing paranormal romance... Naomi Feldman has never understood the strange energy that hums beneath her senses. But when she comes across an ancient artifact that seems to beckon to her, she may finally find the answers she's been seeking. Alaric, a centuries-old vampire, lives a solitary life by choice. When he's assigned to protect Naomi, long dormant emotions stir to life. Pursued by a dangerous enemy and battling their growing attraction, Naomi and Alaric follow the mystery of the artifact from the museums of Athens, the streets of London, toward a confrontation that will decide the fate of two worlds... Fans of Charlaine Harris, Deborah Harkness, and Karen Marie Moning will love the Descendants series, where urban fantasy and paranormal romance collide. For a limited time, grab your copy of this series bundle deal at a discount compared to purchasing the individual books. **Then He Happened Claudia Burgoa** Jason is a cynical rich playboy. He doesn't take life seriously, He doesn't believe in settling down. Eileen's thirtieth birthday is almost here. But as always she's her parent's afterthought. Her family is too busy planning a shotgun wedding for her older sister—and she has to help. It's just another year where she's overlooked. But the best man is smoking hot and actually notices her and makes her feel special. Jason doesn't believe in commitment, but Eileen intrigues him. She's not the kind of girl he usually hooks up with. She doesn't even fall for his charm. He's made it his task to convince her that he's not the shallow man she thinks he is. But can Jason give up his playboy lifestyle to become what Eileen needs? **The Ubiquitous Internet User and Industry Perspectives Routledge** This book presents state of the art theoretical and empirical research on the ubiquitous internet: its everyday users and its economic stakeholders. The book offers a 360-degree media analysis of the contemporary terrain of the internet by examining both user and industry perspectives and their relation to one another. Contributors consider user practices in terms of internet at your fingertips—the abundance, free flow, and interconnectivity of data. They then consider industry's use of user data and standards in commodification and value-creation.
