CHILDREN'S RIGHTS IN AFRICA

A LEGAL PERSPECTIVE

Routledge This collection is anchored in an African conception of children's rights and the law, and reflects contemporary discourses taking place in the region of the children's rights sphere. The majority of contributors are African and adopt an individual approach to their topic which reflects their first-hand experience. The book focuses on child rights issues which have particular resonance on the continent and the chapters span themes which are both broad and narrow, containing subject matter which is both theoretical and illuminated by practice. The book profiles recent developments and experiences in furthering children's legal rights in the African context, and distils from these future trends the specific role that the law can play in the African children's rights environment.

THE LEGAL EAGLES OF CHILDREN'S ADVOCACY CENTERS:

A LAWYER'S GUIDE TO SOARING IN THE COURTROOM

Xlibris Corporation Childrens Advocacy Center professionals face extraordinary challenges as they dedicate their working lives to helping children who have made allegations of sexual and physical abuse. Effective CACs employ a multi-disciplinary team approach to the investigation, treatment, and prevention of child sexual abuse. But we know that child abuse allegations are often settled in the courtroom, and the road toward the courtroom can be confusing and complicated for CAC professionals and their centers, which often lack qualified and competent legal counsel to pave their wave. This book is a collection of Legal Letters written by Attorney Andrew Agatston to CACs, child advocates and detectives that establishes a path toward becoming Legal Eagles for the children they serve. "In practical understandable prose, Andrew Agatston addresses many of the legal challenges facing Childrens Advocacy Centers. Executive directors, forensic interviewers and others who work in or with a CAC will find this book to be of great assistance." -- Victor Vieth, Director, National Child Protection Training Center "The Childrens Advocacy Center model has revolutionized the United States resposne system to child sexual abuse,

and this shift has dramatically impacted the legal systems response to these children, the programs which serve them, and the records associated with this service. This book provides an outstanding overview of numerous challenging legal situations which CACs may face in this environment. While focused on the perspective of current practice in the State of Georgia, these challenges are universal, and this comprehensive compilation, written in an easy to understand format, is a must have for every CAC and its legal counsel." -- Chris Newlin, MS LPC, Executive Director, National Childrens Advocacy Center

HEALTH CARE DIRECTIVES

Oxford University Press, USA Patients increasingly demand a voice in making their wishes known at critical points in their medical treatment, and today these wishes are often spelled out in great detail. Do not resuscitate orders, advance medical directives, pain management options are some of the medical choices patients can express through legal instruments such as a living will, or by designating a health care proxy, so that these choices are clear in the event that the patient cannot express them himself. Legal issues concerning a medical providers failure to carry out a patients wishes, religious objections to executing the living will, capacity issues such as age and mental competence, informed consent, right-to-die legislation, and prohibitions against assisted suicide are also covered here. Important topics discussed include living wills and a durable power of attorney. The patient's right to refuse medical treatment is examined, including advance medical directives, health care proxies, do not resuscitate orders, and the patient's right to pain management. The

Appendix provides applicable statutes, resource directories, and other pertinent information and data. The Legal Almanac series consists of over 70 handy guides for the lay person on all aspects of the law. Each volume includes an overview of the topic followed by chapters on the major issues in that subject. ETHICS, CONFLICT AND MEDICAL TREATMENT FOR CHILDREN E-BOOK

FROM DISAGREEMENT TO DISSENSUS

Elsevier Health Sciences What should happen when doctors and parents disagree about what would be best for a child? When should courts become involved? Should life support be stopped against parents' wishes? The case of Charlie Gard, reached global attention in 2017. It led to widespread debate about the ethics of disagreements between doctors and parents, about the place of the law in such disputes, and about the variation in approach between different parts of the world. In this book, medical ethicists Dominic Wilkinson and Julian Savulescu critically examine the ethical questions at the heart of disputes about medical treatment for children. They use the Gard case as a springboard to a wider discussion about the rights of parents, the harms of treatment, and the vital issue of limited resources. They discuss other prominent UK and international cases of disagreement and conflict. From opposite sides of the debate Wilkinson and Savulescu provocatively outline the strongest arguments in favour of and against treatment. They analyse some of the distinctive and challenging features of treatment disputes in the 21st century and argue that disagreement about controversial ethical questions is both inevitable and desirable. They outline a series of lessons from the Gard case and propose a radical new 'dissensus' framework for future cases of disagreement. This new book critically examines the core ethical questions at the heart of disputes about medical treatment for children. The contents review prominent cases of disagreement from the UK and internationally

and analyse some of the distinctive and challenging features around treatment disputes in the 21st century. The book proposes a radical new framework for future cases of disagreement around the care of gravely ill people.

CHILDHOOD BRAIN & SPINAL CORD TUMORS

A GUIDE FOR FAMILIES, FRIENDS & CAREGIVERS

Childhood Cancer Guides **Childhood Brain & Spinal Cord Tumors** includes detailed and medically reviewed information about both benign and malignant brain and spinal cord tumors that strike children and adolescents. In addition, it offers day-to-day practical advice on how to cope with procedures, hospitalization, family and friends, school, social and financial issues, and communication. Woven among the medical details and the practical advice are the voices of parents and children who have lived with cancer and its treatments. As many parents have already found, advice from "veteran" parents can be a lifeline. Woven among the medical details and the practical advice are the voices of parents and children who have lived with cancer and its treatments. As many parents know, advice from "veteran" parents can be a lifeline. Obtaining a basic understanding of topics such as medical terminology, how drugs work, common side effects of chemotherapy, and how to work more effectively with medical personnel improves the quality of life for the whole family. Having parents describe their own emotional ups and downs, how they coped, and how they molded their family life around hospitalizations can be a tremendous comfort. Just knowing that there are other kids on chemotherapy who refuse to eat anything but tacos or who have frequent rages can make one feel less alone. Parents who read this book will find understandable medical information, obtain advice that eases their daily life, and feel empowered to be strong advocates for their child. It also contains a personal treatment summary and long-term follow-up guide for your child to keep as a permanent record.

REPORTING TO COURT UNDER THE CHILDREN ACT

A HANDBOOK FOR SOCIAL SERVICES

The Stationery Office This publication sets out advice, examples and checklists designed to help those preparing local authority statements and reports under the Children Act 1989. THE LEGAL EAGLES GUIDE FOR CHILDREN'S ADVOCACY CENTERS PART III

SOARING FOR ADVOCACY AND JUSTICE

Xlibris Corporation It is inevitable that a Childrens Advocacy Centers involvement with children who are suspected victims of child abuse will involve legal matters. A thorough understanding of the legal issues that routinely arise and that affect CACs and their ability to provide services cannot be fully understood and appreciated without legal counsel. There are legal issues triggered by the simple act of a CAC opening a file. As the case progresses, the legal issues often expand exponentially. Ultimately, decisions made that affect the health, welfare and future of a child will be decided in a courtroom or other legal processes leading up to the courtroom. This is the third edition of Legal Letters written by Andrew Agatston to CACs as part of his national Legal Eagle List Serv. It follows his 2010 book, The Legal Eagles Guide for Childrens Advocacy Centers: Soaring Confidently in the Courtroom, and his 2009 book, The Legal Eagles Guide for Childrens Advocacy Center: A Lawyers Guide to Soaring in the Courtroom. The Legal Eagles List Serv is now in its 7th year, and has more than 900 subscribers in 48 states and two Indian Territories.

CHILDHOOD UNDER THREAT

United Nations The 2005 edition of UNICEF's State of the World's Children focuses on how poverty, conflict and HIV/AIDS threaten the idea of childhood as a period of time for children to grow and develop to their full potential. In several regions and countries, some of the gains made since the adoption of the Convention on the rights of the child in 1989 are in danger of reversal. The rights of over 1 billion children are violated by being severely underserved of one or more of the basic services required to survive, grow and develop.

CEREBRAL PALSY

A COMPLETE GUIDE FOR CAREGIVING

JHU Press When their child has cerebral palsy, parents need answers. They seek up-to-date advice they can count on to make sure their child has the best possible health and well-being. For three editions now, a team of experts associated with the Cerebral Palsy Program at the Alfred I. duPont Hospital for Children have shared vital information through this authoritative resource for parents, who will turn to it time and time again as their child grows. The new edition is thoroughly revised to incorporate the latest medical thinking, including advances in diagnosis, treatment, and terminology. Every chapter includes new content on topics ranging from genetics to pain, temperature control, palliative care, why growth suppression is sometimes recommended, the Affordable Care Act, and how to make it easier for siblings to cope. Chapter 8 has been entirely rewritten to better help adolescents prepare for the transition to adulthood. New classification systems, such as the gross motor function classification system and the Functional Mobility System, are described and explained. And a number of emerging therapies—including marijuana oil, cord blood transfusion, deep brain stimulation, epilepsy surgery, and growing spinal rods—are explored. Intended for parents, grandparents, teachers, therapists, and others who care for and about people with cerebral palsy and cerebral palsy-like conditions, this is an essential and compassionate guide. Key Features: • Detailed descriptions of specific patterns of involvement (hemiplegia, diplegia, quadriplegia) • Explanations of the medical and psychosocial implications of CP • Photographs and drawings that complement the text • Practical advice about caregiving, from nutrition to mobility • An illustrated encyclopedia that defines and describes terms, diagnoses, medical and surgical procedures, and orthopedic and other assistive devices • Lists of resources and recommended reading, which include a number of online sources
